Carl Barks and the Art of the Comic Book J. Michael Barrier, 1981 Thank you for the copy of Carl Barks and the Art of the Comic Book by Michael Barrier, which we are thrilled to see finally in published form. It was worth the years of waiting, and we hope will supply the answers to the myriad of questions which Carl must answer thousands of times over. Now he can just say buy the Barrier book published by M.M. Lilien... --Gare Barks (Mrs. Carl Barks)) Carl Barks and the Art of the Comic Book is the very long-awaited biography/bibliography/critique of the Good Artist's work by Michael Barrier. It is published in a handsome, sturdy, well-designed hardcover edition by M. Lilien of New York, with a lovely dust jacket featuring a self-caricature of Barks on the front and a color photo of the Duck Man on the back side. Inside you will find a detailed account of Barks' life and career, with each story discussed and highlighted. There are many photos of Barks as a young man, sketches and cartoons he did for the Calgary Eye Opener and as inter-office gags at the Disney Studios ... If you are a fan of Carl Barks, you simply, absolutely, positively and unquestionably must have this book and right now. If you are a comic-book student, you must have this book to see how thoroughly and well comics can and should be studied --Don and Maggie Thompson The Buyer's Guide For Comic Fandom. ... Barrier covers not only the life of Barks but his particular thematic preoccupations (the rescue theme) in what parent/child roles are reversed is documented with considerable wisdom, for instance). The photos of Barks, his house, and other people he worked with are precious glimpses on an important period in comic book history, and the many drawings by Barks and others constitute a real treasure trove for both fans and scholars... --Catherine Yronwode. The Buyer's Guide For Comic Fandom This beautifully illustrated book captures the essence of Carl Barks, the man who brought Donald Duck into the hearts of a generation of Americans. Only Michael Barrier, who is uniquely familiar with both Barks' life and works, could assemble this definitive introduction to Barks' creations. Barrier traces Barks' life as a young cartoonist who eventually joined the Walt Disney Studios during the depression. Upon joining the Western Publishing Company in 1942, Barks produced vivid tales which captured comic book readers' imaginations for the following two decades. Barks brought to life such unforgettable characters as Uncle Scrooge, the Beagle Boys, and the other zany inhabitants of Duckburg. Although Barks' art was readily accessible to children, his stories contained satire aimed at the foibles of a nation immersed in the Cold War and new-found material success. In addition to chronicling Barks' life, this book provides a definitive bibliography of Barks' works. The bibliography is enhanced by quotations from Barks on specific works as well as comments from Kim Weston. Cost \$90.00 plus shipping and handling.

Carl Barks Carl Barks, 2003 Interviews with the Disney artist who created Scrooge McDuck and many well-loved comic books Disney artist Carl Barks (1901-2000) created one of Walt Disney's most famous characters, Scrooge McDuck. Barks also produced more than 500 comic book stories. His work is ranked among the most widely circulated, best-loved, and most influential of all comic book art. Although the images he created are known virtually everywhere, Barks was an isolated storyteller, living in the desert of California and preferring to labor without public fanfare during most of his career. He created work of such exceptional quality that he was accorded the greatest autonomy of any Disney artist. He is the only comic book artist ever to receive a Disney Legends award. The influence of Barks's work on such filmmakers as George Lucas and Steven Spielberg and on such artists as Gottfried Helnwein has extended Barks's significance far beyond the boundaries of comics. After Barks's death at the age of ninety-nine, Roy Disney praised him for his brilliant artistic vision. Carl Barks: Conversations is the only comprehensive collection of Barks's interviews. It ranges chronologically from the very first one (with Malcolm Willits, the fan who uncovered Barks's identity) to the artist's final conversations with Donald Ault in the summer of 2000. In between are interviews conducted by J. Michael Barrier, Edward Summer, Bruce Hamilton, and others. Several of these interviews are published here for the first time. Ault's friendship with Barks, ranging over a period of thirty years, provides an unusually intimate resource not only for standard q&a interviews but also for casual conversations in informal settings. Carl Barks: Conversations reveals previously unknown information about the life, times, and opinions of one of the master storytellers of the twentieth century. Donald Ault, a professor of English at the University of Florida, is the author of Narrative Unbound: Re-Visioning William Blake's The Four Zoas and Visionary Physics: Blake's Response to Newton. His work has been published in Studies in Romanticism, The Wordsworth Circle, Modern Philology, and The Comics Journal.

Bark Lorrie Moore, 2014-02-25 A new collection of stories by one of America's most beloved and admired short-story writers, her first in fifteen years, since *Birds of America* ("Fluid, cracked, mordant, colloquial . . . Will stand by itself as one of our funniest, most telling anatomies of human love and vulnerability." –The New York Times Book Review, cover). These eight masterly stories reveal Lorrie Moore at her most mature and in a perfect configuration of craft, mind, and bewitched spirit, as she explores the passage of time and summons up its inevitable sorrows and hilarious pitfalls to reveal her own exquisite, singular wisdom. In "Debarking," a newly divorced man tries to keep his wits about him as the United States prepares to invade Iraq, and against this ominous moment, we see—in all its irresistible wit and darkness—the perils of divorce and what can follow in its wake . . . In "Foes," a political argument goes grotesquely awry as the events of 9/11 unexpectedly manifest themselves at a fund-raising dinner in Georgetown . . . In "The Juniper Tree," a teacher visited by the ghost of her recently deceased friend is forced to sing "The Star-Spangled Banner" in a kind of nightmare reunion . . . And in "Wings," we watch the inevitable unraveling of two once-hopeful musicians, neither of whom held fast to their dreams nor struck out along other paths, as Moore deftly depicts the intricacies of dead-ends-ville and the workings of regret . . . Here are people beset, burdened, buoyed; protected by raising teenage children; dating after divorce; facing the serious illness of a longtime friend; setting forth on a romantic assignation abroad, having it interrupted mid-trip, and coming to understand the larger ramifications and the impossibility of the connection . . . stories that show people coping with large dislocation in their lives, with risking a new path to answer the desire to be in relation—to someone . . . Gimlet-eyed social observation, the public and private absurdities of American life, dramatic irony, and enduring half-cracked love wend their way through each of these narratives in a heartrending mash-up of the tragic and the laugh-out-loud—the hallmark of life in Lorrie-Moore-land. This eBook edition includes a Reading Group Guide.

Foresters, Borders, and Bark Beetles Eunice Blavascunas, 2020 In Europe's last primeval forest, at Poland's easternmost border with Belarus, the deep past of ancient oaks, woodland bison, and thousands of species of insects and fungi collides with authoritarian and communist histories. Foresters, biologists, environmentalists, and locals project the ancient Białowieża Forest as a series of competing icons in struggles over memory, land, and economy, which are also struggles about whether to log or preserve the woodland; whether and how to celebrate the mixed ethnic Polish/Belarusian peasant past; and whether to align this eastern outpost with ultraright Polish political parties, neighboring Belarus, or the European Union. Eunice Blavascunas provides an intimate ethnographic account, gathered in more than 20 years of research, to untangle complex forest conflicts between protection and use. She looks at which pasts are celebrated, which fester, and which are altered in the tumultuous decades following the collapse of communism. *Foresters, Borders, and Bark Beetles* is a timely and fascinating work of cultural analysis and storytelling that textures its ethnographic reading of people with the agency of the forest itself and its bark beetle outbreaks, which threaten to alter the very composition of the forest in the age of the Anthropocene--
