Live Bait Fabio Genovesi, 2014-07-01 The story of a small Italian town where fishing, biking, and rock 'n' roll make the news, until tragedy turns everything upside down. Muglione. Nothing grows in this Tuscan backwater except the wild imagination of Fiorenzo, a nineteen-year-old metalhead. He lives for his garage band, horror movies, and fishing in the murky irrigation ditches outside of town. But when his path crosses with Mirko, the teenage cycling phenomenon, and Tiziana, the smart but frustrated head of the local youth center turned refuge for the town's hard-drinking seniors, his world will never be the same. From the brink of despair they fight their way back through honesty, resilience, and laughter, their fates interweaving in a story that is at once achingly funny, bitter, and full of poetic fervor. Told with the tenderness of a Fellini film, this contemporary novel continues the great tradition of Italian literature and cinema.

Human Sexual Inadequacy William H. Masters, Virginia E. Johnson, 2010-02 The innovative program described in this book revolutionizes the treatment of sexual dysfunction. During eleven years of daily clinical work, more than five hundred couples have been treated at Masters and Johnson's Reproductive Biology Research Foundation in St. Louis. Here the relationship itself is the patient. The authors stress that there is no uninvolved partner when sex is a problem. Therefore they treat the partners even if only one appears to be sexually dysfunctional. And their therapy techniques have proven successful in 80 percent of all cases treated. The key to this unprecedented record is the role of the dual therapy team. Masters and Johnson have found that it takes both a man and a woman therapist to treat a couple effectively. The dual therapy team acts as a catalyst, encouraging communication between partners when none has existed before. They use psychological and psychological methods of treating impotence, ejaculatory incompetence, premature ejaculation, orgasmic dysfunction in women, vaginismus, and painful intercourse. Basic to all treatment techniques is the premise that attitudes and ignorance rather than any mental or physical illness are responsible for most sexual problems. The two-week rapid therapy program developed by Masters and Johnson includes both counseling and specific instructions for patients to follow in privacy. All results of success or failure reported in Human Sexual Inadequacy Are substantiated by a unique five-year patient follow up program. The concept and format of the therapy program are examined in detail in the first two chapters of the book. Included are discussions of the qualifications for co-therapists and accounts of history-taking techniques and round table talks held by the co-therapists and the couple. A full description follows of the instructions given by the therapists to effect psychosexual reorientation of the marital problems. Analysis of each type of dysfunction, its progression and manifestations, accompanies the important step-by-step explanation of practical treatment methods. Chapters on sexual function and dysfunction of the geriatric population explain how the aging male and female can function sexually even in their eighties if they learn to adjust their sexual activities to the natural changes of aging. Program statistics and a critical review of treatment failures conclude this landmark book. Masters and Johnson estimate that one-half of the marriages in the United States are threatened by sexual dysfunction. The therapy program described in HUMAN SEXUAL INADEQUACY introduces a new era in

the effective treatment of these sexual difficulties that prevent the enjoyment of a full sex life and a happy marriage. The exceptionally clear account of their major breakthrough in therapy is a long-needed and invaluable guide to clinical counseling and treatment. In addition, it provides an excellent basis for training programs for professional therapists. HUMAN SEXUAL INADEQUACY is essential reading for all health professionals and introduces a new era in the effective treatment of sexual dysfunction.

Constructing the Sexual Crucible David M Schnarch, 1991-03-05 This book challenges the fundamental paradigms in sexual-marital therapies, and provides a fresh look at the nature of intimacy and the diverse barriers to eroticism in many marriages. By integrating individual, sexual and marital therapies, this study attempts to provide a fresh look at the nature of intimacy and the diverse barriers to eroticism in marriage. The author refutes the common focus on sexual technique, calling instead for an emphasis on sexual potential.

Lectio Divina Enzo Bianchi, 2015-04-01 The Bible is ancient, enigmatic, and from a culture vastly different from our own. That's why most of us find it hard to read. So how can we understand its importance in the church, and how can it enrich our lives? Central to lectio divina is the conviction that to read the Bible faithfully and prayerfully is to learn an ancient art—by entering into dialogue with the God who speaks to each of us through the biblical page. Enzo Bianchi touches on the essentials of the history of lectio, from the brilliant thinker Origen in the third century to the development of historical criticism in the modern era. He explains how to do lectio and how to understand and implement its four moments—lectio, meditatio, oratio, and contemplatio. This is not simply a book about how to approach the Bible, because Scripture ultimately wants to lead us beyond itself, to the truth and mystery of Christ that can never be captured fully in the written word. With his deep biblical wisdom, Bianchi is able to explore the whole Christian tradition of prayerful reading. St. Benedict mandates at least two hours of lectio divina a day for his monks, which is a considerable challenge for the modern person. But with Enzo as our guide, we can do it!" —Terrence G. Kardong, osb, editor of American Benedictine Review Enzo Bianchi was born in Castel Boglione, Piedmont, Italy, in 1943. In 1965, after graduating from the University of Turin, he founded an ecumenical monastic community—the Bose Community—of which he is still the prior. Friar Bianchi is a well-known author of books on lectio divina and the spiritual life, which have been translated into many languages. He has dedicated himself to the search for spirituality capable of giving life to Christians today and furthering communion among all people. The Bose Community now numbers over eighty brothers and sisters of various Christian traditions, and receives thousands of visitors annually. Enzo Bianchi is one of the most significant Christian voices in Europe. He shows what can be achieved by an immersion in Scripture that involves both intellect and imagination alike, and—in common with all the most serious Christian voices of our day—he cannot be labeled as a partisan liberal" or traditionalist." He offers exactly what the monastic voice at its truest has always offered: a way into the heart of our ecclesial and social questions that is honest, patient, and sensitive. His is a perspective that the English-speaking Christian world should welcome enthusiastically. —Rowan Williams, Magdalene College, Cambridge I hope that these pages may be heard as a simple yet faithful echo of my personal

experience, my community's path and my journey with the church. For years, I have broken the bread of the Word for the brothers and sisters in my community. Much of what I say here comes from that experience. It also comes from many years of preaching the Word to listeners from all walks of life. I would like to see this book ultimately as no more than a small gesture of gratitude to those witnesses of the Word whom the Lord has allowed me to meet, those martyrs" of faith who have found ways to express all the richness of the Gospel in their lives. Only those people who put God's Word into practice have really heard it. They are the ones who truly understand the biblical text, because they obey without delay the word Christ never tires of speaking to us. The sequential sancti evangelii for today—today's Gospel—is not the product of brilliant scholarly research. It is the life and witness of God's holy people, those who are faithful disciples of the Word made flesh, their Lord. —Enzo Bianchi

The Silent Duchess Dacia Maraini, 2000-01-01 The stunning English translation of the International Man Booker Prize Finalist novel hailed as "a story of grace and endurance, not mere survival" (The New York Times Book Review). Winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award, and published to critical acclaim in fourteen languages, this "spellbinding" historical novel by one of Italy's premier authors is now available in this luminous new translation (Booklist). In early 18th century Sicily, noblewoman Marianna Ucria is trapped in a world of silence after a terrible childhood trauma left her deaf and mute. Married off to a lecherous uncle, she struggles to educate and elevate herself against all convention—and find her true place in a world that sees her as little more than property. In language that conveys the keen vision and deep human insight possessed by her protagonist, Dacia Maraini captures the splendor and the corruption of Marianna's world, as well as the strength of her unbreakable spirit, in "one of those rare, rich, deep, strange novels that create a world so fantastic and so real you want to start reading it again as soon as you come to the last page" (Newsday).

Gender Matters Mara R. Wade, 2013-12-05 Gender Matters opens the debate concerning violence in literature and the arts beyond a single national tradition and engages with multivalent aspects of both female and male gender constructs, mapping them onto depictions of violence. By defining a tight thematic focus and yet offering a broad disciplinary scope for inquiry, the present volume brings together a wide range of scholarly papers investigating a cohesive topic—gendered violence—from the perspectives of French, German, Italian, Spanish, English, and Japanese literature, history, musicology, art history, and cultural studies. It interrogates the intersection of gender and violence in the early modern period, cutting across national traditions, genres, media, and disciplines. By engaging several levels of discourse, the volume advances a holistic approach to understanding gendered violence in the early modern world. The convergence of discourses concerning literature, the arts, emerging print technologies, social and legal norms, and textual and visual practices leverages a more complex understanding of gender in this period. Through the unifying lens of gender and violence the contributions to this volume comprehensively address a wide scope of diverse issues, approaches, and geographies from late medieval Japan to the European Enlightenment. While the majority of essays focus on early modern Europe, they are broadly contextualized and informed by integrated critical approaches pertaining to issues of violence and gender.

Social Media in Industrial China Xinyuan Wang, 2016-09-13 Life outside the mobile phone is unbearable.' Lily, 19, factory worker. Described as the biggest migration in human history, an estimated 250 million Chinese people have left their villages in recent decades to live and work in urban areas. Xinyuan Wang spent 15 months living among a community of these migrants in a small factory town in southeast China to track their use of social media. It was here she witnessed a second migration taking place: a movement from offline to online. As Wang argues, this is not simply a convenient analogy but represents the convergence of two phenomena as profound and consequential as each other, where the online world now provides a home for the migrant workers who feel otherwise 'homeless'. Wang's fascinating study explores the full range of preconceptions commonly held about Chinese people – their relationship with education, with family, with politics, with 'home' – and argues why, for this vast population, it is time to reassess what we think we know about contemporary China and the evolving role of social media.

Unpacking IKEA Pauline Garvey, 2017-11-23 This book represents the first anthropological ethnography of Ikea consumption and goes to the heart of understanding the unique and at times frantic popularity of this one iconic transnational store. Based on a year of participant observation in Stockholm's Kungens Kurva store – the largest in the world - this book places the retailer squarely within the realm of the home-building efforts of individuals in Stockholm and to a lesser degree in Dublin. Ikea, the world's largest retailer and one of its most interesting, is the focus of intense popular fascination internationally, yet is rarely subject to in-depth anthropological inquiry. In *Unpacking Ikea*, Garvey explores why Ikea is never 'just a store' for its customers, and questions why it is described in terms of a cultural package, as everyday and classless. Using in-depth interviews with householders over several years, this ethnographic study follows the furniture from the Ikea store outwards to probe what people actually take home with them.

Compasito Nancy Flowers, Maria Emília Brederode Santos, Zsuzsanna Szelényi, 2007-01-01 Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Tales from Facebook Daniel Miller, 2013-04-25 Facebook is now used by nearly 500 million people throughout the

world, many of whom spend several hours a day on this site. Once the preserve of youth, the largest increase in usage today is amongst the older sections of the population. Yet until now there has been no major study of the impact of these social networking sites upon the lives of their users. This book demonstrates that it can be profound. The tales in this book reveal how Facebook can become the means by which people find and cultivate relationships, but can also be instrumental in breaking up marriage. They reveal how Facebook can bring back the lives of people isolated in their homes by illness or age, by shyness or failure, but equally Facebook can devastate privacy and create scandal. We discover why some people believe that the truth of another person lies more in what you see online than face-to-face. We also see how Facebook has become a vehicle for business, the church, sex and memorialisation. After a century in which we have assumed social networking and community to be in decline, Facebook has suddenly hugely expanded our social relationships, challenging the central assumptions of social science. It demonstrates one of the main tenets of anthropology - that individuals have always been social networking sites. This book examines in detail how Facebook transforms the lives of particular individuals, but it also presents a general theory of Facebook as culture and considers the likely consequences of social networking in the future.

Eros Alberto Bevilacqua,1996 Not since Stendhal's *On Love* has a book celebrated the love of women with the unfettered honesty of Alberto Bevilacqua's *Eros*. Half Memoir and half novel, without apology or embarrassment, *Eros* explores the forms and meaning of physical passion in a man's life.

Social Media in an English Village Daniel Miller,2016-02-29 Daniel Miller spent 18 months undertaking an ethnographic study with the residents of an English village, tracking their use of the different social media platforms. Following his study, he argues that a focus on platforms such as Facebook, Twitter and Instagram does little to explain what we post on social media. Instead, the key to understanding how people in an English village use social media is to appreciate just how 'English' their usage has become. He introduces the 'Goldilocks Strategy': how villagers use social media to calibrate precise levels of interaction ensuring that each relationship is neither too cold nor too hot, but 'just right'.

In the Facebook Aquarium Ippolita,2015-11-12 In their new work research collective Ippolita provides a critical investigation of the inner workings of Facebook as a model for all commercial social networks. Facebook is an extraordinary platform that can generate large profit from the daily activities of its users. Facebook may appear to be a form of free entertainment and self-promotion but in reality its users are working for the development of a new type of market where they trade relationships. As users of social media we have willingly submitted to a vast social, economic and cultural experiment. By critically examining the theories of Californian right-libertarians, Ippolita show the thread connecting Facebook to the European Pirate Parties, WikiLeaks and beyond. An important task today is to reverse the logic of radical transparency and apply it to the technologies we use on a daily basis.

Sociolinguistics of Writing Theresa Lillis,2013-03-11 Brings the study of writing to the heart of

sociolinguistic inquiry This book puts writing at the centre of sociolinguistic inquiry drawing on a range of academic fields including New Literacy Studies, semiotics, genre studies, stylistics and new rhetoric. The key question the book explores is- what do we mean by 'writing' in the 21 century? Using examples from across a range of contexts the book argues that writing, involving both old and new technologies, is a pervasive and complex communicative feature of contemporary life. The book is organised around the following areas: The multimodal nature of writing The verbal dimension to writing. Writing as everyday practice. Writing as a differentiated semiotic and social resource. Writing as the inscription of identity A range of analytic tools for analysing writing as text and practice are illustrated including genre, register, discourse and metaphor, as well as notions which emphasise the mobile potential of writing such as genre chains, networks, literacy brokers and text trajectories. This book seeks to redress the neglect of writing in the field of sociolinguistics by introducing readers to the nature and consequences of what it means to do writing in a globalised world.

Hellenistic and Roman Ideal Sculpture Rachel Meredith Kousser, 2014-09-08 In this book, Rachel Kousser draws on contemporary reception theory to present a new approach to Hellenistic and Roman ideal sculpture. She analyzes the Romans' preference for retrospective, classicizing statuary based on Greek models as opposed to the innovative creations prized by modern scholars. Using a case study of a particular sculptural type, a forceful yet erotic image of Venus, Kousser argues that the Romans self-consciously employed such sculptures to represent their ties to the past in a rapidly evolving world. Kousser presents Hellenistic and Roman ideal sculpture as an example of a highly effective artistic tradition that was, by modern standards, extraordinarily conservative. At the same time, the Romans' flexible and opportunistic use of past forms also had important implications for the future: it constituted the origins of classicism in Western art.

Protocolli Dei Savi Di Sion Cesare G. De Michelis, 2004-01-01 Published and distributed for the Vidal Sassoon International Center for the Study of Antisemitism The origins of the infamous forgery the Protocols of the Sages of Zion are the subject of much vigorous debate. In this meticulously researched and cogently argued study, Cesare G. De Michelis illuminates its authors and the circumstances of production by focusing on the text itself. De Michelis examines in detail the earliest texts of the Protocols, looking in particular at the historical and structural relationships among them. His research unveils the differing texts of the Protocols and the presumed date of the first forgery. It also yields a greater understanding of the milieu in which the forgery was produced and the identity and motivations of its authors. This volume is a revised and expanded edition of the original, which appeared in Italian. Featured is an arguably archetypal Russian text of the Protocols, which De Michelis pieced together from several publications, based on careful textual analysis.

Bagheria Dacia Maraini, 1994 In Bagheria, Dacia Maraini revisits the landscape of early memory. She describes Sicily in sensuous detail, the town of Bagheria, and the ancestral villa to which she returned as a child after two horrific years of imprisonment with her family in a Japanese concentration camp. The Villa Valguarnera and Maraini recalls the spiritual struggles and her rebellion against the elitism of her class. She also discusses her

experience of child abuse. Bagheria is also a tale of corruption: centuries of the town's past unfold alongside Maraini's family history as she details the involvement of the Mafia in the architectural decimation of Bagheria in the 1970s.
