**Rifqa** Mohammed El-Kurd,2021-10-12 Rifqa is Mohammed El-Kurd's debut collection of poetry, written in the tradition of Ghassan Kanafani's Palestinian Resistance Literature. The book narrates the author's own experience of dispossession in Sheikh Jarrah--an infamous neighborhood in Jerusalem, Palestine, whose population of refugees continues to live on the brink of homelessness at the hands of the Israeli government and US-based settler organizations. The book, named after the author's late grandmother who was forced to flee from Haifa upon the genocidal establishment of Israel, makes the observation that home takeovers and demolitions across historical Palestine are not reminiscent of 1948 Nakba, but are in fact a continuation of it: a legalized, ideologically-driven practice of ethnic cleansing.

*Unlike us Reader : social media monopolies and their alternative* Geert Lovink,2013 The Unlike Us Reader offers a critical examination of social media, bringing together theoretical essays, personal discussions, and artistic manifestos. How can we understand the social media we use every day, or consciously choose not to use? We know very well that monopolies control social media, but what are the alternatives? While Facebook continues to increase its user population and combines loose privacy restrictions with control over data, many researchers, programmers, and activists turn towards designing a decentralized future. Through understanding the big networks from within, be it by philosophy or art, new perspectives emerge. Unlike Us is a research network of artists, designers, scholars, activists, and programmers, with the aim to combine a critique of the dominant social media platforms with work on 'alternatives in social media', through workshops, conferences, online dialogues, and publications. Everyone is invited to be a part of the public discussion on how we want to shape the network architectures and the future of social networks we are using so intensely.

Not One Inch M. E. Sarotte,2021-11-30 Thirty years after the Soviet Union's collapse, this book reveals how tensions between America, NATO, and Russia transformed geopolitics in the decade after the fall of the Berlin Wall "The most engaging and carefully documented account of this period in East-West diplomacy currently available."--Andrew Moravcsik, Foreign Affairs Not one inch. With these words, Secretary of State James Baker proposed a hypothetical bargain to Soviet leader Mikhail Gorbachev after the fall of the Berlin Wall: if you let your part of Germany go, we will move NATO not one inch eastward. Controversy erupted almost immediately over this 1990 exchange--but more important was the decade to come, when the words took on new meaning. Gorbachev let his Germany go, but Washington rethought the bargain, not least after the Soviet Union's own collapse in December 1991. Washington realized it could not just win big but win bigger. Not one inch of territory needed to be off limits to NATO. On the thirtieth anniversary of the Soviet collapse, this book uses new evidence and interviews to show how, in the decade that culminated in Vladimir Putin's rise to power, the United States and Russia undermined a potentially lasting partnership. Prize-winning historian M. E. Sarotte shows what went wrong.

Together they nurse him back to health. Bartas is intrigued by the young woman who is very different than any woman he has ever known. He goes with her and her servant on an inland trek to explore the old capitol city of Mu and they have to defend themselves in an encounter with a vicious beast. Facing danger with Liestra makes him realize without her his life would be empty. He takes her to Atlantis with him. They are beset with many problems, her disapproving parents, Bartas's former jealous lover, and a scheming high priest, and trying to survive earth changes.
