Baby's Daily Log Book - 0 to 6 Months Lucy Creative, 2020-09-27 Gender Neutral Daily Baby Schedule Book / Nursing Journal / Feeding Scheduling for Baby / Baby Log / Newborn Journal.. Baby Daily Logbook designed to meet the needs of parents in order to facilitate the support of their newborn from birth to 6 months This logbook is a great way to keep track of a new baby during all hours of the day. It helps keep track of when the baby is sleeping and eating and when their schedule changes. Helpful if the pediatrician asks if the baby has been eating/sleeping/having enough dirty diapers, etc. especially the first few days after birth. Also helpful for others helping the new mom i.e: dad, grandparent, nanny, friends to know when the last time the baby was fed or changed. The books are divided into 6 months (207 pages). There are general information pages at the beginning including Emergency Contacts, Birth Information, Doctors Appointments for wellness/sick visits!! and more... Features:

keeping track of different things that happened each day to note all the valuable information of the day (mood, care and treatment, changes, breastfeeding / bottles, sleep, activity (s), notes ...) mini photo album to have them always with you! Pages of notes to never forget anything (contacts, appointments, diaper bag checklist ...) Bonus lined pages so that this logbook adapts to everyone's desires! To be personalized with the child's first name (the finish of the matte cover facilitates writing with an indelible marker) And more... Would make a great gift for any new parent, and a special gift for a baby shower.

What to Expect the First Year Heidi

Murkoff, 2008-10-08 Some things about babies, happily, will never change. They still arrive warm, cuddly, soft, and smelling impossibly sweet. But how moms and dads care for their brand-new bundles of baby joy has changed—and now, so has the new-baby bible. Announcing the completely revised third edition of What to Expect the First Year. With over 10.5 million copies in print, First Year is the world's best-selling, best-loved guide to the instructions that babies don't come with, but should. And now, it's better than ever. Every parent's must-have/go-to is completely updated. Keeping the trademark month-by-month format that allows parents to take the potentially

overwhelming first year one step at a time, First Year is easier-to-read, faster-to-flip-through, and new-family-friendlier than ever—packed with even more practical tips, realistic advice, and relatable, accessible information than before. Illustrations are new, too. Among the changes: Baby care fundamentals—crib and sleep safety, feeding, vitamin supplements—are revised to reflect the most recent guidelines. Breastfeeding gets more coverage, too, from getting started to keeping it going. Hot-button topics and trends are tackled: attachment parenting, sleep training, early potty learning (elimination communication), baby-led weaning, and green parenting (from cloth diapers to non-toxic furniture). An all-new chapter on buying for baby helps parents navigate through today's dizzying gamut of baby products, nursery items, and gear. Also new: tips on preparing homemade baby food, the latest recommendations on starting solids, research on the impact of screen time (TVs, tablets, apps, computers), and "For Parents" boxes that focus on mom's and dad's needs. Throughout, topics are organized more intuitively than ever, for the best user experience possible.
