Suitable for

independent learners and students on taught courses, Intermediate Dutch, together with its sister volume Basic Dutch, forms a structured course in the essentials of Dutch grammar.

Fluent Forever Gabriel Wyner, 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Dutch William Z. Shetter, Inge Van der Cruysse-Van Antwerpen, 2002 This new edition presents an accessible description of Dutch, supported throughout by diagrams and examples. An improved pronunciation guide now been introduced and the vocabulary brought up to date.

4000 Simple Dutch Language Lessons to Cement Your Vocabulary Skills Rosetta Wilkinson, 2021-08-10 It can take a long time to get really good at a new language as an adult. Of course, this long time can be significantly shortened if you adopt clever language learning methods; most experts estimate that you can cut many weeks from your language learning journey if you are completely engaged and mentally aware throughout. Every European language is fascinating. Dutch is one of the most interesting of these languages, and so this book is dedicated to the language which is spoken in multiple countries in Europe, and in a few in other continents. Whether you are from Suriname or from the Netherlands or from a completely different country, the language is definitely one of interest. Dutch is quickly growing in prominence, and has turned into one of Europe's fastest growing languages over the past half decade. The factors for this are many, but the logical language structure and linguistic closeness to English are definitely the most probable. As a Germanic language, it is close to multiple other languages of Europe, but it is still difficult to master for a new learner or even for an intermediate student of the language. This book will help you to get from the beginner to the advanced level of Dutch skills. One of the world's most fascinating and interesting languages, Dutch is spoken by substantially large populations in four different continents. The history of the language is long and glorious, and hundreds of thousands of people study Dutch every day, either at intermediate or advanced levels. This book provides the ultimate vocabulary and intelligence challenge for all learners of Dutch and Dutch enthusiasts worldwide. There are many apps and games that help us learn languages in a fun and exciting way. From the gamification inherent in apps like Duolingo and Rosetta Stone, to more traditional approaches in brick and mortar language classes, language learning has always seen a variety of pedagogical approaches. This book offers an interesting - and successful - new take on the age-old problem of building up one's vocabulary in a new language

quickly and at minimal cost. Learning Dutch has many aspects: it is important to learn basic grammar and sentence structure. It is also very important to have a large bank of words to draw from, so that you can understand all the important parts of a conversation, and also so that you can read a book or watch a movie and follow most of what's going on without needing to use a dictionary or rely too heavily on the subtitles. Within this book, you will learn hundreds of new Dutch words through the medium of multiple fun and engaging word game formats. The book can be read in two ways: it can either be approached as a serious puzzle book by people who are 3-12 months into a Dutch course, and are looking to take their vocabulary size to the next level, in a way that is more interesting and entertaining than the tried and tested method of going through a dictionary and memorizing word after word. It can also be used by people who are just starting off on their Dutch journey. I have provided the meanings, in English, of every Dutch word featured in this book; this will help any reader go through the answers and learn the words, before going back to the questions after a while, and trying to guess those words in a different order. All the very best!

Basic Dutch Jenneke A. Oosterhoff,2024-02-02 Basic Dutch: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. This second edition contains new chapters on spelling, pronunciation, and indirect speech, as well as revised and additional exercises with lists of new vocabulary. This comprehensive book presents 31 individual grammar points in realistic contexts, taking a grammatical approach that allows students not already familiar with these structures to become accustomed to their use. Grammar points are followed by examples and exercises, allowing students to reinforce and consolidate their learning. Key features include: a full answer key grammar tables for easy reference frequent comparative references to English grammar appendices of pronunciation, pronouns, and strong verbs a list of new vocabulary at the end of each chapter Suitable for class use or self-study, Basic Dutch is the ideal companion for students in their first year of study, providing the basic tools needed to communicate in a variety of situations and an introduction to Dutch culture.

Dutch Grammar for Beginners: With exercises Alain de Raymond,2022-08-18 Are you a beginner learning Dutch? Looking for basic help with your grammar? Can you use a book covering your questions? Do you like a practical approach and want to do exercises? A book about Dutch grammar In Dutch Grammar for Beginners, all the basics of the Dutch grammar are covered. In over 60 chapters of selected topics, students learn how to conjugate verbs, use the negative, understand the usage of er and much more. Specific attention is given to the differences between English and Dutch, so readers will better grasp how the grammar of the Dutch language is different from English. Many translated examples illustrate the consequences of the grammar rules. The book also contains exercises to practice those topics, and links to videos are included for further studying.

Dutch: An Essential Grammar William Z. Shetter,Esther Ham,2007-08-07 Developed with the beginner in mind, this Grammar uses abundant examples and extensive cross-referencing to present the language in an engaging and accessible manner. Features include: core vocabulary for each unit a Dutch-English glossary three short stories further reading and resources. This is an ideal companion to a classroom-based course, helping to further explain and reinforce the grammar content of any chosen textbook. It is also an invaluable tool for independent learners.

Dutch for Beginners Getaway Guides,2015-04-03 Dutch for Beginners: The Best Handbook for Learning to Speak Dutch!LEARN DUTCH TODAY!!!! Some people are intimidated by the Dutch language because they think that it is a hard to learn. Although it is harder than other languages such as Spanish or English, Dutch is still easier to learn than many languages especially those that have their own unique characters such as Arabic, Chinese, Japanese and Russian. It is still considered one of the easiest languages to learn by native and non-native English speakers. It is important for you to know some practical tips and information that will make it easier for you to learn the Dutch language. This book will provide you with some useful tips and information about learning the Dutch language that will be useful for beginners like you. Dutch Language Topics... The Benefits of Learning How to Speak Dutch Understanding the Dutch Language Basic Lessons in Dutch Language Tips and Techniques to Gain Fluency Common Mistakes to Avoid Much, much more! Purchase your copy today!

Dutch Short Stories for Beginners Lingo Mastery,2020-07-09 Do you know what the hardest thing for a Dutch learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students. Books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book, we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the beautiful Dutch tongue. How Dutch Short Stories for Beginners works: - Each story is exciting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Dutch and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Dutch, providing you with

the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Dutch Short Stories for Beginners and start learning Dutch right now!

Mike & Mina Speak Dutch Ronald H. Buskens, Learn Dutch through conversations between the fictional characters Mike and Mina. You learn whatever they talk about. And with the help of (literal) translations and detailed information you will be able to understand how the Dutch language works. This book consists of 12 lessons (chapters) covering all kinds of grammar such as verb tenses, nouns, adjectives, adverbs, word orders, and much more. This book basically covers everything you need to know in order to level up. This book contains 45 exercises in total, 12 of which are listening exercises. And these listening exercises can be found on a separate website where you can directly listen to them or download them. This book can also be used as a reference book. It has a reference page that can quickly take you to important grammar points. And it also contains useful wordlists with question words, possessives, numbers, prepositions and so on. This book is specifically designed for beginners in Dutch, but it may also be useful to intermediate learners.

A Grammar of Berbice Dutch Creole Silvia Kouwenberg,2011-07-22 The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality. To discuss your book idea or submit a proposal, please contact Birgit Sievert.

Dutch in 3 Months Jane Fenoulhet,2022 Classic Dutch language course, now revised and updated with a new audio appLearn to speak Dutch in just three months with this practical and comprehensive self-study language course.
