Shoot Like the Pros Adam Filippi, 2011-02-01 Shooting is the most important fundamental skill in basketball, but despite being the skill players are the most willing to practice, shooting technique is perhaps the least-taught fundamental of the game. In addition, there are very few instructional basketball books dedicated exclusively to shooting. *Shoot Like the Pros* is perhaps the most detailed analysis of shooting mechanics, covering every aspect of shooting, ever published. Divided into seven sections, it covers shooting mechanics, the mental aspects of shooting, free throws, game situations, strength and conditioning, teaching methods, and finally workout drills for advanced levels. Including tips from some of the NBA's biggest stars, this is a book that will give both players and coaches at all levels proper direction on how to improve shooting technique.

*The Origins of the Jump Shot* John Christgau, 1999-01-01 Looks at basketball's evolution and the supposed inventors of the jump shot

**Basketball Shot Charts - Full Court - 200 Pages** Tout Journals, 2019-10-23 Track every shot that your basketball team takes with this blank shot chart scorebook. This book is filled with 200 pages of scoring sheets that allow you to keep track of the shooting for two teams. Each page represents a different game. strength for each player and team. Easily figure out which shots your team and players should be working for. Shot charting also helps coaches show their players the shots that they should be taking more often with data to back it up. If using a shot charting app is too complicated, you can use this book and have someone else put the shots in an app later on. Shot selection has been identified as a key component of today's game of basketball. Taking the best shots every game and limiting turnovers is a key to victory for many teams. Use this important tool in practice or on game day.

**Rise and Fire** Shawn Fury, 2016-02-23 It's hard to believe that there was a time when the jump shot didn't exist in basketball. When the sport was invented in 1891, players would take set shots with both feet firmly planted on the ground. Defenders controlled the sport, the pace was slower, and games would frequently end with scores fit for a football field. It took almost forty years before players began shooting jump shots of any kind and sixty-five years before it became a common sight. When the first jump shooting pioneers left the ground, they rose not only above their defenders, but also above the sport's conventions. The jump shot created a soaring offense, infectious excitement, loyal fans, and legends. Basketball would never be the same. *Rise and Fire* celebrates this crucial shot while tracing the history of how it revolutionized the game, shedding light on all corners of the basketball world, from NBA arenas to the playgrounds of New York City and the barns of Indiana. Award-winning journalist Shawn Fury obsesses over the jump shot, explores its fundamentals, puzzles over its complexities, marvels at its simplicity, and honors those who created some of basketball's greatest moments. Part history, part travelogue, and part memoir, *Rise and Fire* bounces from the dirt courts of the 1930s to today's NBA courts and state-of-the-art shooting labs, examining everything from how nets and rims affect a shooter to rivalries between shooting coaches to how the three-pointer came to rule the game. Impeccably researched and engaging, the book features interviews and profiles of legendary figures like Jerry West, Bob McAdoo, Ray Allen, and Denise Long---the first woman ever drafted by the NBA, plus dozens more, revealing the evolution of the shot over time. Analyzing the techniques and reliving some of the most unforgettable plays from the greats, Fury creates a technical, personal, historical, and even spiritual examination of the shot. This is not a dry how-to textbook of basketball mechanics; it is a lively tour of basketball history and a love letter to the sport and the shot that changed it forever.

*The Last Shot* Darcy Frey, 2004 It ought to be just a game, but basketball on the playgrounds of Coney Island is much more than that -- for many young men it represents their only hope of escape from a life of crime, poverty, and despair. In *The Last Shot*, Darcy Frey chronicles the aspirations of four of the neighborhood's most promising players. What they have going for them is athletic talent, grace, and years of dedication. But working against them are woefully inadequate schooling, family circumstances that are often desperate, and the slick, brutal world of college athletic recruitment. Incisively and compassionately written, *The Last Shot* introduces us to unforgettable characters and takes us into their world with an intimacy seldom seen in contemporary journalism. The result is a startling and poignant expose of inner-city life and the big business of college basketball.

**Outside Shot** Fred Bowen, 2018-05-29 An eighth-grade basketball player has amazing shooting talent but could use a little team spirit in this novel "bound to engage and entertain young readers" (School Library Journal). Richie Mallon is known as "the shooter"--the one on the team who scores most of the baskets. Every day he practices at his driveway hoop, perfecting his technique. Richie never plays any other roles on the court, leaving it to his teammates to do the assisting and rebounding. Under a new coach, Richie makes the team, but isn't given a starting position. Then, when his shooting skills fall into a slump, he must find a way to become a more well-rounded player. With over 440,000 copies sold, Fred Bowen's Sports Story Series continues to

deliver play-by-play action that's sure to keep readers on the edge of their seats.

**Dream Shot** Josh Birnbaum, 2017-10-06 In 2008, the men's wheelchair basketball team at the University of Illinois set out to achieve their sport's pinnacle: a college national championship. That lofty goal represented another stage of a journey begun in 1948 when Tim Nugent established the Gizz Kids wheelchair squad. Embedded with the team, Josh Birnbaum took photos that captured the life experiences of people in the Illinois wheelchair basketball program from 2005 through the 2008 championship season. Dream Shot follows the unique lives of the players and coaches on the court and the road, and in quiet moments at home and the classroom. Along the way, Birnbaum provides the definitive story of the 2008 team and the challenges it overcame to capture one of Illinois's record fifteen men's titles. Featuring more than 100 color photographs, Dream Shot memorializes a legendary team alongside the story of the university's dedication to the progress of disability rights.

From Set Shot to Slam Dunk Charles Salzberg, 1998-03-01 Basketball in its early years was rough and rowdy, on the courts and off. Players had names like Feets Broudy, Sweetwater Clifton, and Easy Ed Macauley. There was no twenty-four-second clock, no jump shot, and only one referee, and fouls were called only for real injury. But from the very start the game won fans. From Set Shot to Slam Dunk brings back the glory days of basketball as lived by fifteen old-time players and officials.
