Coaching Basketball For Dummies The National Alliance For Youth Sports,2011-02-09 So you're thinking about volunteering to coach youth basketball? Great! You're in for a fun, rewarding experience. Whether you're new to the sport and looking for some guidance or you're a seasoned coach hunting for some fresh tips, *Coaching Basketball For Dummies* will help you command the court with confidence. Each friendly chapter is packed with expert advice on teaching the basics of basketball—from dribbling and shooting to rebounding and defending—and guiding your kids to a fun-filled, stress-free season. You get a crash course in the rules and regulations of the game, as well as clear explanations of what all those lines, circles, and half-circle markings mean on the court. You'll assign team positions, run great practices, and work with both beginning and intermediate players of different age groups. You'll also see how to ramp up your players' skills and lead your team effectively during a game. This book will also help you discover how to: Develop your coaching philosophy Understand your league's rules Conduct a preseason parents' meeting—crucial for opening the lines of communication Teach offensive and defensive strategies Keep your kids healthy and injury-free Encourage good sportsmanship Make critical half-time adjustments during a game Help struggling players Address discipline problems and handle difficult parents Coach an All-Star or Travel team Complete with numerous offensive and defensive drills and tips for helping your kids relax before a game, *Coaching Basketball For Dummies* is the fun and easy way to get the score on this worthwhile endeavor!

52-week Basketball Training Chip Sigmon,2003 Designed for both male and female players, this title presents daily workouts for optimal training throughout the year so that players can withstand the rigors of the sport. Explanations and detailed illustrations provide clear instruction on how to perform each of the 192 drills and exercises.

Complete Idiot's Guide to Coaching Youth Basketball Bill Gutman,Tom Finnegan,2003 No Marketing Blurb

Historical Dictionary of Basketball John Grasso,2010-11-15 The Historical Dictionary of Basketball is a comprehensive account of all forms of basketball_amateur, professional, men's, women's, Olympic, domestic, and international_from its invention in 1891 by Dr. James Naismith through the present day. This is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on the people, places, teams, and terminology of the game.

Basketball James Naismith, 1996-01-01 James Naismith was teaching physical education at the Young Men's Christian Association Training College in Springfield, Massachusetts, and felt discouraged because calisthenics and gymnastics didn't engage his students. What was needed was an indoor wintertime game that combined recreation and competition. One evening he worked out the fundamentals of a game that would quickly catch on. Two peach half-bushel baskets gave the name to the brand new sport in late 1891. *Basketball: Its Origin and Development* was written by the inventor himself, who was inspired purely by the joy of play. Naismith, born in northern Ontario in 1861, gave up the ministry to preach clean living through sport. He describes Duck on the Rock, a game from his Canadian childhood, the creative reasoning behind his basket game, the eventual refinement of rules and development of equipment, the spread of amateur and professional teams throughout the world, and the growth of women's basketball (at first banned to male spectators because the players wore bloomers). Naismith lived long enough to see basketball included in the Olympics in 1936. Three years later he died, after nearly forty years as head of the physical education department at the University of Kansas. This book, originally published in 1941, carries a new introduction by William J. Baker, a professor of history at the University of Maine, Orono. He is the author of *Jesse Owens: An American Life and Sports in the Western World*.

Providence College Basketball Richard Coren, 2002 Over the past forty-five years, Friar basketball has captured the attention of sports fans in Rhode Island and throughout New England. From humble beginnings, the small Dominican school on Smith Hill in Providence has produced a story reminiscent of David and Goliath. The legend persists: tiny Providence College taking on and beating the big boys of college basketball. Run on a shoestring budget in the 1950s and 1960s, the program rose up out of nowhere to pull upset after upset. The school went on to dominate college basketball in New England, recording more postseason tournament games and victories, more twenty-win seasons, more All-Americans, and more players in the pros than any school in the region. *Providence College Basketball: The Friar Legacy* examines the seventy-five-year history of Friar hoops and celebrates the great players, coaches, games, and moments that have made Providence College basketball so unforgettable. Relive the annual trips to the National Invitation Tournament, the two Final Fours, and discover how Rhode Island became hooked on the Friars.

The Golden Age of Indiana High School Basketball Greg Guffey, 2005-11-24 “Captures what basketball meant to Hoosier players and fans in the ‘40s and ‘50s . . . [a] nostalgic journey through a simpler time when basketball was king.” —Steve Alford The years 1945–1959 marked the time when

basketball truly became the sport of Indiana. High school basketball bound together communities across the state, and interest in the sport rose to a new level. The period saw the Milan/Muncie Central game, given new fame through the movie *Hoosiers*. It also saw the first televised game, the start of the career of Oscar Robertson (who played for Crispus Attucks), and friendly town rivalries to build the state's biggest gymnasium. It was a time before the massive consolidations of the 1960s and '70s, with more than seven hundred teams involved in basketball tournaments. (There are some three hundred now.) In this book, Greg Guffey captures the flavor of the period—and showcases many of the best teams, players, and coaches. Includes photos

Girls Play Basketball Amy B. Rogers, 2016-07-15 How can a girl go from playing basketball in gym class to becoming a WNBA superstar? The journey starts by learning as much as possible about the sport of basketball. Through manageable text, a detailed graphic organizer, and fun fact boxes, readers explore basketball basics. They also discover stories of some of the most famous women to ever play the game. Full-color photographs show girls and women hard at work and having fun on the basketball court. With each turn of the page, readers will feel inspired to pick up a basketball and put all they've learned into action.

Optimizing player health, recovery, and performance in basketball Davide Ferioli, Daniele Conte, Aaron T. Scanlan, 2023-01-05

Percentage Basketball Robert Henry Hager, 1926

ACC Basketball J. Samuel Walker, 2011 Since the inception of the Atlantic Coast Conference, intense rivalries, legendary coaches, gifted players, and fervent fans have come to define the league's basketball history. In *ACC Basketball*, J. Samuel Walker traces the traditions and the dram

History of Basketball IntroBooks, 2018-02-19 In the history of mankind, sports occupy a very centre place in defining the era and cultures of a concerned time period. In ancient times, several sports sprouted up that have still existed, and some still keep themselves active. The Olympics has been with us for the last 3 millennia ever since Greeks ran the plain farms to engage the invading Persians, what we call as the battle of Marathon from which 'marathon' itself got invented. In fact, nearly every sport we see today has had some kind of old connection with it. Soccer is a medieval era sport, cricket got invented during Victorian times, baseball after the civil war in America ended and not to forget, golf that has possible Roman origins. Considering the importance of all sorts of sports that have existed since antiquity, one such game that deserves our attention is none other than

basketball. Basketball can very much be easily compared with its contemporary sport of soccer in regards to its following in the international arena and the nature of the game that is very similar to football. And yet, basketball remains one of the most overlooked sports in our modern times, in spite of its huge following. Official data suggests not less than 250 million people playing basketball every day spread across five continents. If that wasn't enough then the official data by NBA and its partners nearly doubles that figure if thousands of schools, colleges and institutes that hold their own championships the world over are included in the aggregate.

Chicago Professional Sports Limited Partnership V. National Basketball Association ,1991

Basketball: The Ultimate Guide to Basketball Skills, Strategies, and Performance Marcus B. Cole,2023-01-01 Unlock your full potential on the court with Basketball: The Ultimate Guide to Basketball Skills, Strategies, and Performance that will elevate your game and inspire greatness. Basketball: The Ultimate Guide to Basketball Skills, Strategies, and Performance is the ultimate resource for basketball players at all levels, from beginners to seasoned pros. This comprehensive guide covers everything a player needs to know in order to master the game of basketball, from the basics of the game to advanced skills, mental preparation, and fitness. The book begins with an explanation of basketball, including its history and how it is played. It then dives into the importance of understanding the game, covering the basic skills of dribbling, passing, shooting, and rebounding. The rules and regulations of basketball are also discussed in detail, along with the court layout and dimensions, and equipment needed to play. The offensive and defensive sections of the book are packed with valuable information, including offensive techniques, strategies, and drills, as well as individual defensive techniques, team defensive techniques, and defensive strategies. Tips for effective defense, defensive metrics and analytics, scouting and game planning, and building a defensive culture are also covered. The individual skills chapter covers ball-handling techniques, footwork, and shooting form tips, along with drills for improving these skills. Additional tips for improving individual skills are also provided. Teamwork and communication are crucial for successful basketball teams, and the book covers the importance of these skills, along with strategies for developing and improving them. Team-building exercises, as well as the different positions in basketball and famous players in each position, are also discussed. The advanced skills chapter covers game strategy, mental preparation, coaching techniques, developing a practice plan, and playing at different levels, from youth leagues to professional basketball. The book also covers the importance of nutrition and fitness for basketball players, with detailed information on macronutrients,

hydration, vitamins and minerals, pre- and post-game nutrition, and strength and conditioning exercises. Injury prevention and treatment are also discussed to help players stay healthy and active on the court. Discover the secrets to basketball success with this comprehensive and engaging guide, designed to help players, coaches, and fans alike elevate their game to new heights. This basketball guide covers every aspect of basketball, from fundamental skills to advanced techniques and strategies. Whether you're a beginner just starting your basketball journey or an experienced player looking to refine your skills, this guide is your roadmap to basketball excellence.

Lucy Tries Basketball Read-Along Lisa Bowes,2019-09-03 Lucy and friends are out on the playground when they spot Ava playing basketball with her cousin Jermaine, a professional player. Jermaine calls the kids over for a lesson on the fundamentals of the game and how to play three-on-three. When the kids finish, Jermaine invites them to watch him play in a pro game. Lucy, Ava and friends cheer on Jermaine and his teammates, keeping an eye out on the real court for the skills they learned at the playground. Lucy Tries Basketball is the fifth title in the Lucy Tries Sports series, following books about hockey, soccer, short track and luge. The series encourages children to get active and participate in sports and recreation. Also available in French as Lucy joue au basketball.

The Comic Book Story of Basketball Fred Van Lente,Joe Cooper,2020-09-22 A fast-break history of basketball--from its humble beginnings to its all-time great players--featuring engaging true tales from the court and vivid, dynamic illustrations. Whether it's millionaire pros facing off in an indoor arena full of screaming fans or a lone kid shooting hoops on an outdoor court, basketball is one of the most popular and widely played sports in the world. The Comic Book Story of Basketball gives you courtside seats to the history of hoops. It chronicles the sport from its beginnings in a YMCA in Massachusetts to its current status as a beloved international game for men and women of all ages. Learn the true stories behind the college game, the street game, the women's game, and the international game, with legendary players and coaches like Dr. J, Michael Jordan, LeBron James, and Steph Curry profiled throughout.

Basketball in America Frank Hoffmann,Robert P Batchelor,Martin J Manning,2016-05-23 Examine the social and cultural impact of basketball on America at the amateur and professional levels! Basketball in America: From the Playgrounds to Jordan's Game and Beyond is a pioneering analysis of the history of basketball and its effect on popular culture from the 1970s to today. The popularity of basketball is undeniable, and the subject allows for such a broad range of interpretations in popular culture. It cuts across economic, racial, and social boundaries, and its major stars cross over into other forms of popular entertainment more than any other professional sport. This book examines the entire scope of modern basketball history, from the playgrounds, where people first learn the fundamentals, to the college and professional levels. Basketball in America is a collection of essays that

explores the intersection of basketball and popular culture in America. The contributors are an eclectic mix of writers, scholars, journalists, former players, coaches, and sports enthusiasts who all share an undying love for the game of basketball. The authors analyze the sport from a cross-cultural and historical perspective—digging deep into the profound popular cultural influences of basketball and exploring the scope and depth of its influence. This is the first book that examines the social and cultural impact of basketball on American society to reveal how tightly it is woven into America's cultural fabric. Also included are photographs and tables to enhance your understanding of the material. Topics covered in *Basketball in America* include: Elgin Baylor—the first “modern” basketball player *Chocolate Thunder* and *Short Shorts: The NBA in the 1970s* Dr. J, Bird, Magic, Jordan, and the Bad Boys: *The NBA in the 1980s* The Jordan Era: *The NBA in the 1990s* LeBron James and the future of the NBA the Nike brand and popular culture lessons learned from legendary UNC coach Dean Smith professional women's basketball and much more! *Basketball in America* is a comprehensive analysis that will appeal to anyone interested in understanding how the sport has become an integral part of our national culture. It is an insightful read for sports fans as well as for sports historians. In addition, this book can be used as a textbook in sports history or sociology of sports classes. It will entertain and inform those who treasure basketball and the role it plays in the American consciousness. Make it part of your collection today!
