Saving Energy and Reducing CO2 Emissions with Electricity Clark Gellings,2020-12-17 Through different applications, electricity provides the energy required for light, heat, comfort, and mechanical work. In order to sustain society's expectation for comfort, convenience and productivity, it will remain necessary to continue to seek and find reasonable quantities of energy in forms which are accessible, affordable and have modest or zero environmental impacts. This in turn will call for an international imperative to make existing uses of electricity both efficient and practical. This book will guide the reader toward a clearer vision of that goal, with explanations of the concept of electrification, along with CO2 reductions through expanded end-use applications of electricity. Topics will include electric cars; airport, seaport, railroad and mining electrification; industrial uses of electricity in a variety of processes; residential building use of electricity; and enhancing energy efficiency and demand response.

Green Lantern: Rebirth Deluxe Edition Geoff Johns, 2019-12-17 GREEN LANTERN:REBIRTH DELUXE Hal Jordan was once regarded as the greatest Green Lantern of them all--high praise, considering that the intergalactic Green Lantern Corps traced its history back billions of years. But his vast power eventually corrupted him, and in a failed effort to remake the universe using the nearly unlimited energy of the Lanterns' Central Power Battery, he slaughtered his comrades-in-arms and destroyed the entire Corps. After his downfall, Hal vanished--only to reappear when the Earth was threatened by a stellar apocalypse. To save his home world, he made the ultimate sacrifice--an act that did not go unnoticed in the celestial sphere. Jordan's soul was picked to inhabit the Spectre, the supernatural embodiment of the wrath of God. In his new form he turned the astral avenger into a spirit of redemption while seeking a peaceful end to his existence. But fate was not done with Hal Jordan yet. Legendary comics author Geoff Johns and acclaimed artists Ethan Van Sciver and Prentis Rollins weave an epic tale of redemption and heroism in Green Lantern: Rebirth, the first part of the galaxy-spanning trilogy that includes The Sinestro Corps War and Blackest Night. This special deluxe edition collects all six issues of the bestselling miniseries together with Johns's original series proposal, his full script for issue #1, and sketches and promotional art from Van Sciver, as well as the breathtaking story Flight illustrated by Darwyn Cooke.
