Johnson, Johnson and Roy Fiona Gruber,2003 Steeped in a strong Midwestern tradition of naturalism, JJR embraces the tenets of respecting and working with the inherent natural features of a landscape. JJR's projects address the complex relationship between humans and their environment. It believes that good design goes hand-in-hand with good planning, a process that encompasses everything from civil engineering and landscape architecture to environmental science, urban planning and much more. The work of JJR responds to the local and regional context, blending the natural with the built, and the site with the community. More than forty projects are examined in detail in this superb monograph; projects include university campuses, sustainable environments, vital cities, building communities, and waterfront projects; all are presented with colour photography, maps, plans and drawings.

Great Yachts of Long Island's North Shore Robert B. MacKay,2014-06-09 At the turn of the 20th century, Long Island's North Shore, the so-called Gold Coast, was becoming the most desirable residential area in the United States. Estates belonging to American captains of finance and industry lined the bluffs and bays from the city line to Eaton's Neck. Some of the nation's most renowned families—including the Astors, Bakers, Huttons, Morgans, Pratts, Sloans, Roosevelts, Whitneys, and Vanderbilts—used their yachts for racing, cruising, commuting, or epic voyages. These vessels regularly plied the waters of the North Shore and bolstered the development of yacht clubs like the New York and Seawanhaka Corinthian—city institutions that established stations at Glen Cove and Centre Island, respectively. These clubs served to provide many outlets for the social gatherings that accompanied this pastime. Although the Great Depression and then World War II would bring the era of the great yachts to an end, a wealth of images remain that can be marveled at a century later.

The Beverly Yacht Club Judith Westlund Rosbe,2006 The Beverly Yacht Club, one of the oldest yacht clubs in America, was founded in 1872 by young men who summered in Beverly. They were upset that the newly formed Eastern Yacht Club in Marblehead refused to recognize yachts under 30 feet in length on the waterline for the races that they held. Thus, Edward and Walter Burgess (the famous yacht designer), at a supper party at their home in Boston on February 24, 1872, formally launched the Beverly Yacht Club. The first regatta was held by the club on June 22, 1872, in which 11 boats, 10 catboats, and a sloop started in three classes. For the first 23 years, the Beverly Yacht Club had no fixed abode; they held races and regattas at ports most convenient to the members. By the mid-1880s, regattas were held in Monument Beach and Marblehead, but as the Buzzards Bay membership increased, the Beverly Yacht Club leased its first clubhouse on Wings Neck in 1895. In 1913, the club moved to Marion,

where it has been located ever since. The Beverly Yacht Club, one of the oldest yacht clubs in America, was founded in 1872 by young men who summered in Beverly.
