- 📖 **INSTRUMENTAL MUSIC FOR DYSLEXICS** Sheila Oglethorpe,2008-04-15 Instrumental Music for Dyslexics is written mainly for music teachers. It describes dyslexia in layman’s terms and explains how the various problems which a dyslexic may have can affect all aspects of learning to play a musical instrument. It alerts the music teacher with a problem pupil to the possibilities of that pupil’s having some form of dyslexia. Although Sheila Oglethorpe is primarily a piano teacher the general principle behind most, if not all, the suggestions is such that they can be adapted for use by other instrumentalists. The book presents ways in which the music teacher can contribute to the self esteem and thereby the general welfare of the dyslexic pupil who is often musically gifted and has much to offer. The book will also be of interest to dyslexia specialists who have hitherto directed their concentration towards the language-based problems of the dyslexic.

Chris falls in love with old school hip hop and the beats that accompany the rhymes, and soon he begins making his own beats. - 📖 **THE BEAT GAME** Darrell Digga Branch,Adiyemi Prowell,2014-05-30 In The Beat Game, Grammy nominated music producer Darrell “Digga” Branch shows hip hop beat makers and producers how to play in the high-paced game called the music business: Branch draws on his own personal experiences, successes and failures, as well as interviews with his well-known professional peers in the music industry, to provide a comprehensive guide to the legal, financial and creative aspects of the hip hop music game. Branch examines the roles of each member of a beat maker and producers winning team such as attorneys, managers, accountants, and friends. This book teaches winning strategies to build character, develop inspiration and motivation to help bring out the best when it matters the most. If you’re a beat maker, producer or anyone who wants to make a living from hip hop music, The Beat Game is a must read!
- 📖 **BEDROOM BEATS & B-SIDES** Laurent Fintoni,2020 The first decades of the 21st century saw dramatic changes in the music industry as new technology transformed creation, communication, and consumption. Amid this turmoil one change occurred relatively quietly, almost naturally: so-called bedroom producers, music makers raised on hip-hop and electronic music, went from anonymous, often unseen creators to artists in their own right. In Bedroom Beats & B-Sides: Instrumental Hip Hop & Electronic Music at the Turn of the Century, Laurent Fintoni details the rise of a new generation of bedroom producers at the turn of the century through the stories of various instrumental hip-hop and electronic music scenes. From trip-hop, jungle, illbient, and IDM in the 1990s to just beats in the late 2000s, the book explores how these scenes acted as incubators for new ideas about composition and performance that are now taken for granted. Combining social, cultural, and musical history with extensive research, the book tells the B-side stories of hip-hop and electronic music from the 1990s to the 2010s and explores the evolution of a modern beat culture from local scenes to a global community via the diverse groups of fringe idealists who made it happen and the external forces that shaped their efforts. Includes quotes and stories drawn from more than 100 interviews with producers, DJs, label owners, and more including James Lavelle, Charlie Dark, Luke Vibert, Mark Pritchard, Flying Lotus, Georgia Anne Muldrow, El-P, Hudson Mohawke, Kode9, Prefuse 73, Anti Pop Consortium, Dabrye, Waajeed, Tekilatex, Ghislain Poirier, Kutmah, LuckyMe, Benji B, The Bug, and many more. Bedroom Beats & B-Sides is the first comprehensive history of the instrumental hip-hop and electronic scenes and a truly global look at a thirty-year period of modern music culture based on a decade of research and travel across Europe, North America, and Japan.
- 📖 **BEHIND THE BEAT** Raph,Raph Rashid,2012-11-30 Looks at the studios of a variety of hip hop musicians and disc jockeys.
- 📖 **DROP THE BEAT!** David Lewman,2017 Make music with Biggie, Branch, Poppy, and all the Trolls.
- 📖 **BEATS BY DESIGN** Stefano J O D Marinelli,2021-10-04 With Beats by Design I wish to pay homage to the figure of the producer, artist, and visionary genius who often opts to stay behind the big spotlights while creating new musical trends and influencing entire generations. There are 60 illustrations of producers in this first volume that contains the greatest exponents of hip hop culture, from its dawn to the early 2000s. The selection of producers was made based on the impact and influence they had and still have on rap music and other genres, record sales, and hits well positioned in the charts. Each producer is represented by an illustration, as well as a short biography, their most famous productions, my personal list of their favorite songs, and an inventory of instruments used to make the music. There are anecdotes, teachings, and thoughts about the art of beatmaking, insights both into the music industry and the rap game, and so much more, everything told by the producers themselves through interviews released during their careers. I hope this book can be a source of inspiration and study for all enthusiasts of beats and rap music. Enjoy the reading and good listening.
- 📖 **BEAT HAPPENING** Bryan C. Parker,2015 This is the album that sent a shockwave of empowerment through the nation’s cultural underground. In 1985, Olympia, Washington band Beat Happening released their eponymous debut of lo-fi pop songs on K Records and challenged every conception held about music. At the center of the group was the enigmatic Calvin Johnson and his revolutionary vision of artistic creation. His foresight and industriousness allowed him to recruit to the K Records roster other free-spirited artists like Beck, Modest Mouse, and Built to Spill long before they gained widespread acclaim. This book, structured in abeced.
- 📖 **BEATS** Bruno Baba,2017-11-25 Noah is a young dreamer who lives in a small town, surrounded by small-minded people. After being persuaded many times to come back to reality, he looks willing to settle for a normal life like everyone else, until . . . a big responsibility forces him to start dreaming again. What is more painful: walking all your life, or trying to fly? Flying can get you hurt, but maybe, it’s not as hard as they told you anyway . . .
- 📖 **POWE“RR”ED-UP! GRRAPH**,2017-05-22 Phoenix Ruff Ryders Powered-Up Origins along with GRRAPH’s depiction of the Chapters 13th Annual in comic book form as he introduces a style called Photo-Comics. It’s a process that adds manipulated photos and graphic designs together to create scenes. Those images/scenes are then transformed to comics through a series of filters, edits and adjustments.
- 📖 **WHEN THE BEAT WAS BORN** Laban Carrick Hill,2013 From his childhood in Jamaica to his youth in the Bronx, chronicles how Clive Campbell became Kool Herc, a DJ credited with contributing to the development of hip hop music in the Bronx, defining a culture and causing gangs to stop fighting in order to breakdance.
- 📖 **HARLEM BEAT** Yuriko Nishiyama,1999
- 📖 **THE LITTLE BIG BEAT BOOK** Rory Hoy,2018-09-10 Big Beat was once one of the biggest, but ironically, perhaps most misunderstood musical movements of the mid-late 1990’s, lead by some of the biggest artists the electronic dance music scene has ever seen, such as Fatboy Slim (AKA Norman Cook), The Chemical Brothers and The Prodigy. It’s loud, eclectic sound with it’s syncopated beats was a smash around the world, leading to nights of boozy (but good natured) hedonism, and it was the soundtrack to the advertising world of the late 1990’s and early 2000’s. But, somewhere along the way, the genre got a massive backlash from critics, leading to a very quick and painful death, and became the very victim of it’s own success. Where did it go wrong and is there a chance for the scene to experience a revival? With new and exclusive interviews by Rory Hoy from 120 of those who were in the thick of it as well as exclusive top 5’s and top 10’s from the artists themselves - this is a celebratory (and sometimes humorous) look at a music scene that was short lived . . but had a very big impact. The best thing about Big Beat was the idea that we broke all sorts of musical rules . . -.Fatboy Slim
