Reflecting Truth Nicole Coolidge Rousmaniere, Mikiko Hirayama, 2004 This publication shows how scholarly investigation of Japanese photography in recent years has entered an important transitional stage -- moving beyond its focus on new discoveries and descriptions of collections, to a more sophisticated investigation of photography in its historical and cultural contexts. At one time marginalized as either a practical technique or amateur art form, Japanese photography has now earned full recognition as a legitimate subject of scholarly inquiry. It is now being examined in terms of its aesthetics, technological development, and its role in the development of a national identity in Japanese art during the country's transition to modernity as well as in contemporary society. Contributors include: Himeno Junichi (on the early development of photography in Japan), Sebastian Dobson (focussing on the colourful figure of Felice Beato), Luke Gartlan (on Baron Raimond von Stillfried-Ratenicz), Allen Hockley (on photographic albums produced by commercial studios in the 1880s and 1890s), Kinoshita Naoyuki (exploring the tradition of war portraiture in Japan) Mikiko Hirayama (describing the transition from the pioneering stages of photography in Japan to the modern era).

Japan 1900 Sebastian Dobson, Sabine Arqué, 2021-05-15 1868 saw Japan open its doors to the outside world, putting an end to more than 200 years of national seclusion and heralding a new era that brought the country firmly into the modern age. Curating some of the first photographic images of the country, Sabine Arqué and Sebastian Dobson unveil an epic panorama of 1900s Japan, guiding us from...

Wabi-Sabi - Photo School Jana Mänz, 2015-06-02 Wabi-Sabi Photo School The Beauty of Photography (Deutsch-English) Wabi-Sabi is a Japanese philosophic and aesthetic concept which has touched us in a deep way. With the help of our co-author, Japanese artist Natsuko Horinouchi-Podzimek, we created an ebook on how we can avail ourselves of the aesthetics of Wabi-Sabi for our photography. We see Wabi-Sabi as a way for us European photographers to free ourselves from the honey trap technology and perfection-mania set up for us. In Wabi-Sabi, there is room for "mistakes". The most important in Wabi-Sabi is not the perfect photograph but the expression and depth of the image. On the contrary! It is especially the absence of perfection - e.g. the light flares, the blurs, the haziness, the deep shadows - that transforms a prosaic photography into poetry. At the same time the philosophy of Wabi-Sabi is characterized by reduction, modesty, and a symbiotic relationship to nature. There is a truth behind Wabi-Sabi we always yearned to find in photography. In our e-Book "Wabi-Sabi - The beauty of photography" we show you how this concept can help you finding your very own way of photography which is characterized by more depth, substance, and emotions. Photography is more than just technology and fancy gadgets. We are convinced, that photography is pure passion, inspiration, and a wonderful way to express our emotions. So let yourself be inspired by the philosophy of an ancient culture. Find your very own photographic style with the help of our photographic exercises. Free yourself and be the artist you always wanted to be! Eren Sarigul , 2021-06 It takes a particular blend of curiosity and courage to dive into a culture foreign to your own. In Across Japan, photographer Eren Sarigul takes us on a wide-eyed journey through the beautiful country that has fascinated him since he was a boy in south London. Born into a family with deep roots in Istanbul, Eren grew up bilingual and frequently visited relatives in Turkey. But it was the Japanese exchange students his family hosted that planted a dream of one day travelling much farther east. Across Japan documents this young photographer's travels from the streets of Tokyo, to the enchanted forests of Yakushima, to the mountains of Nagano and back again.
