*View, Kyoto* Jacqueline Hassink, 2014 Elaborate, abstract images of nature from the temple gardens of Kyoto -- Views from within the Imperial City, in part being shown for the first time -- Hassink (\*1966 in Enschede) commenced working on a multipart, enticingly beautiful series in which she examines how

the interior and exterior spaces of individual structures permeate or face one another. She took photographs of the surrounding traditional Japanese gardens from within the buildings, placing equal weight on both areas. In two of the temples she was allowed to move sliding rice-paper screens for the purpose of creating new, enormous spatial entities. The moss gardens of Saiho-ji and the cherry blossoms in Haradani-in constitute a further focus of the series. These scenes, which change with the seasons -- Hassink calls them living sculptures -- reflect Japanese aesthetics, which see both an artificial likeness of nature as well as representations of paradise in arranged gardens.--Provided by publisher.

**In Kyoto** ,2021-07 Japan's capital city for over 1000 years, Kyoto is the country's cultural and spiritual heart. Picturesque temples and prewar machiya -- traditional townhouses - populate its historic districts, and are what most visitors expect to see. But one of Kyoto's many gifts is for finding new ways to use and preserve its ancient appearance while continuing to evolve. In Kyoto introduces photographer Taro Moberly, who guides readers through the many faces of his adopted hometown. His images capture the mystery of the city's traditional architecture, bamboo gardens, and luscious sakura. He then turns his distinctive eye to Kyoto's more modern areas and street photography, layering them with the same atmospheric allure. Sprinkled throughout In Kyoto are traditional poems and modern quotes about the city,

in both English and Japanese, to add another dimension of time to the images.

**Kyoto: Architecture** Marco Carestia, 2018-09-02 This work contains photos taken in various places in Kyoto, a place deeply influenced by the nature and the preponderance of gardens within the temple precincts, many of most famous gardens in Japan. *The Spirit of Kyoto* Katsuhiko Mizuno, 1997-01-01 In this collection, Mizuno Katsuhiko offers a unique vision of Kyoto, the result of decades of living and working in the place he was born, of deep professional and personal experiences of the city, the landscape and the seasons. In each of these photos he attempt to communicate the mysterious texture of experience - a momentary, infinitely complex interweaving of rain and snow, mist and wind, shadows and light.

**Kyoto & Nara The Soul of Japan** Philip Sandoz, Toshitaka Morita, 2030-12-31 This book captures the beauty of Japan's cultural heartland in over 100 full-color photos by one of the area's best photographers.

Autumn Colors of Kyoto Hidehiko Mizuno, Kayu Mizuno, Yasutaka Ogawa, 2008-10-30 Why are the autumn colors of Kyoto described as the most beautiful in Japan? The delicate, almost translucent autumn tints of Kyoto, product of the city's particular plant life and climate, are undoubtedly lovely, but obviously that is not the only reason. The secret of Kyoto's

autumn beauty lies in a perfect harmony between natural and manmade: product of centuries of history. This book introduces 49 superlative Kyoto locations—predominantly temples and shrines—for viewing autumn tints, captured by three photographers. Turning the pages, readers will soon note that far from being consigned to history, the ancient places of worship within are assiduously maintained as centers for present-day religious devotions, coexisting seamlessly with their surroundings in a model of beauty nurtured over 1200 years in this, the cultural capital of Japan. Viewing the autumn colors of Kyoto is not simply observing nature. It offers a glimpse into a small but sublime universe where people and nature unite in a harmonious whole, honed in perpetuity by history.

**The Abundance of Less** Andy Couturier, 2017-08-01 Inspiring stories of 10 people who left urban Japan to live 'the simple life' in the rural mountains—for anyone interested in sustainable living, Japanese counterculture, and Eastern spirituality "Subversive in the best possible way." —Bill McKibben, New York Times—bestselling author *The Abundance of Less* captures the texture of sustainable lives well lived in these ten profiles of ordinary—yet exceptional—men and women who left behind mainstream existences in urban Japan to live surrounded by the luxuries of nature, art, friends, delicious food, and an abundance of time. Drawing on traditional Eastern spiritual wisdom and culture, these pioneers describe the profound personal transformations they underwent as they escaped the stress, consumerism,

busyness, and dependence on technology of modern life. This intimate and evocative book tells of their fulfilling lives as artists, philosophers, and farmers who rely on themselves for happiness and sustenance. By inviting readers to enter into the essence of these individuals' days, Couturier shows us how we too can bring more meaning and richness to our own lives.

*Strong Women, Beautiful Men* Laura J. Mueller, 2021-11-15 Shin-hanga, literally meaning 'new prints', was the name given to a Japanese print artists' movement in the early years of the twentieth century. It sought to revive the traditional style of Ukiyo-e woodblock prints of the Edo period (1603-1868). The connection between shin-hanga and the Toledo Museum of Art began when Yoshida Hiroshi, one of the leaders of the movement, and his artist wife met J. Arthur MacLean and Dorothy Blair, at that time connected to the John Herron Art Museum in Indianapolis. When Mr. MacLean and Miss Blair established Toledo's Asian Art Department in 1927-28, they decided to collaborate with their friends the Yoshidas on two exhibitions of modern Japanese prints, which took place in 1930 and 1936. This book accompanies the Museum's exhibition, *Strong Women, Beautiful Men*, which explores the concept of the human form in Japanese woodblock prints. Many of the works in the extensive Toledo collection deal with the genre of popular figures, such as Kabuki actors in famous roles and bijin-ga, images of beautiful women.
