Deborah Rodriguez,Kristin Ohlson

**Beauty Salon** Mario Bellatin,2021-10-19 Mario Bellatin's complex dreamscape, offered here in a brand-new translation, presents a timely allegorical portrait of the body and society in decay, victim to inscrutable pandemic. In a large, unnamed city, a strange, highly infectious disease begins to spread, afflicting its victims with an excruciating descent toward death, particularly unsparing in its assault of those on society's margins. Spurned by their loved ones and denied treatment by hospitals, the sick are left to die on the streets until a beauty salon owner, whose previous caretaking experience extended only to the exotic fish tanks scattered among his workstations, opens his doors as a refuge. In the ramshackle Morgue, victim to persecution and violence, he accompanies his male guests as they suffer through the lifeless anticipation of certain death, eventually leaving the wistful narrator in complete, ill-fated isolation.

**Colors I Like** Audra Page,2019-10-20 Primary colors are some of the first colors that a child learns and these short poems will give them an exciting way to get them reading and help them use their imagination to think of all of the things in the world that share the same colors.

**Kabul Beauty School** Deborah Rodriguez,Kristin Ohlson,2007-04-10 Soon after the fall of the Taliban, in 2001, Deborah Rodriguez went to Afghanistan as part of a group offering humanitarian aid to this war-torn nation. Surrounded by men and women whose skills—as doctors, nurses, and therapists—seemed eminently more practical than her own, Rodriguez, a hairdresser and mother of two from Michigan, despaired of being of any real use. Yet she soon found she had a gift for befriending Afghans, and once her profession became known she was eagerly sought out by Westerners desperate for a good haircut and by Afghan women, who have a long and proud tradition of running their own beauty salons. Thus an idea was born. With the help of corporate and international sponsors, the Kabul Beauty School welcomed its first class in 2003. Well meaning but sometimes brazen, Rodriguez stumbled through language barriers, overstepped cultural customs, and constantly juggled the challenges of a postwar nation even as she learned how to empower her students to become their families' breadwinners by learning the fundamentals of coloring techniques, haircutting, and makeup. Yet within the small haven of the beauty school, the line between teacher and student quickly blurred as these vibrant women shared with Rodriguez their stories and their hearts: the newlywed who faked her virginity on her wedding night, the twelve-year-old bride sold into marriage to pay her family's debts, the Taliban member's wife who pursued her training despite her husband's constant beatings. Through these and other stories, Rodriguez found the strength to leave her own unhealthy marriage and allow herself to love again, Afghan style. With warmth and humor, Rodriguez details the lushness of a seemingly desolate region and reveals the magnificence behind the burqa. Kabul Beauty School is a remarkable tale of an extraordinary community of women who come together and learn the arts of perms, friendship, and freedom.

*The Global History of Black Girlhood* Corinne T. Field,LaKisha Michelle Simmons,2022-09-27 The Global History of Black Girlhood boldly claims that Black girls are so important we should know their histories. Yet, how do we find the stories and materials we need to hear Black girls' voices and understand their lives? Corinne T. Field and LaKisha Michelle Simmons edit a collection of writings that explores the many ways scholars, artists, and activists think and write about Black girls' pasts. The contributors engage in interdisciplinary conversations that consider what it means to be a girl; the meaning of Blackness when seen from the perspectives of girls in different times and places; and the ways Black girls have imagined themselves as part of a global African diaspora. Thought-provoking and original, *The Global History of Black Girlhood* opens up new possibilities for understanding Black girls in the past while offering useful tools for present-day Black girls eager to explore the histories of those who came before them. But when a routine throw goes disastrously off course, the fates of five people are upended. Henry's fight against self-doubt threatens to ruin his future. College president Guert Affenlight, a longtime bachelor, has fallen unexpectedly and helplessly in love. Owen Dunne, Henry's gay roommate and teammate, becomes caught up in a dangerous affair. Mike Schwartz, the Harpooners' team captain and Henry's best friend, realizes he has guided Henry's career at the expense of his own. And Pella Affenlight, Guert's daughter, returns to Westish after escaping an ill-fated marriage, determined to start a new life. As the season counts down to its climactic final game, these five are forced to confront their deepest hopes, anxieties, and secrets. In the process they forge new bonds, and help one another find their true paths. Digital Playgrounds Sara M. Grimes,2021-07-30 Digital Playgrounds explores the key developments, trends, debates, and controversies that have shaped children's commercial digital play spaces over the past two decades. It argues that children's online playgrounds, virtual worlds, and connected games are much more than mere sources of fun and diversion – they serve as the sites of complex negotiations of power between children, parents, developers, politicians, and other actors with a stake in determining what, how, and where children's play unfolds. Through an innovative, transdisciplinary framework combining science and technology studies,

critical communication studies, and children's cultural studies, Digital Playgrounds focuses on the contents and contexts of actual technological artefacts as a necessary entry point for understanding the meanings and politics of children's digital play. The discussion draws on several research studies on a wide range of digital playgrounds designed and marketed to children aged six to twelve years, revealing how various problematic tendencies prevent most digital play spaces from effectively supporting children's culture, rights, and – ironically – play. Digital Playgrounds lays the groundwork for a critical reconsideration of how existing approaches might be used in the development of new regulation, as well as best practices for the industries involved in making children's digital play spaces. In so doing, it argues that children's online play spaces be reimagined as a crucial new form of public sphere in which children's rights and digital citizenship must be prioritized.

In this revised edition of What Video Games Have to Teach Us About Learning and Literacy, new games like World of WarCraft and Half Life 2 are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.

**If I Had Your Face** Frances Cha,2020-04-21 A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania “Powerful and provocative . . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-won job at a Seoul “room salon,” an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri's roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country's biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wonna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

**Who's in the Game?** Terri Toles Patkin,2020-11-20 Some board games--like Candy Land, Chutes & Ladders, Clue, Guess Who, The Game of Life, Monopoly, Operation and Payday--have popularity spanning generations. But over time, updates to games have created significantly different messages about personal identity and evolving social values. Games offer representations of gender, sexuality, race, ethnicity, religion, age, ability and social class that reflect the status quo and respond to social change.Using popular mass-market games, this rhetorical assessment explores board design, game implements (tokens, markers, 3-D elements) and playing instructions. This book argues the existence of board games as markers of an ever-changing sociocultural framework, exploring the nature of play and how games embody and extend societal themes and values.
