To Find a New Beauty Andrea Witzke Slot,2012 Poetry. Andrea Witzke Slot's TO FIND A NEW BEAUTY is rich with cool, intelligent and carefully crafted poems that often have a subtext of terror and darkness. She uses a variety of personae—Penelope, Eurydice, Io, the nymph on Keats's Grecian urn, a woman who marries her sister's widower and others—in land- [and sea-] scapes that are powerful personae too in these poems.— Marge Piercy In the background of Andrea Witzke Slot's TO FIND A NEW BEAUTY glimmers the controlling metaphor of the Biblical garden; in the foreground is the body's desire, longing that reveals itself in tensions that roil between origin and some possible, almost imaginable, end point.... The speaker's restless eye keeps catching upon images from the landscape that suggest to her what alternative garden might still be created by human hands. What lay between Alpha and Omega are transience, uncertainty and shifting tides. This is a volume of poetry, then, celebrating animation, celebrating pilgrimage not so much in its common religious or secular senses, but rather in a qualified archetypal sense; that is, these poems trace the human quest to recover the sacred via the potential transformative powers inherent in human agency.— John Hoppenthaler How have you been haunted? TO FIND A NEW BEAUTY, Andrea Witzke Slot's first book of poems enumerates the many ways that elegy, witnessing, and the dead haunt the living. With elegies that at once celebrate the dead and long for their touch, TO FIND A NEW BEAUTY is interested in just that—finding a beauty in the refuse, in what is left, in the hulking remains of grief. Quite simply, the moan of the dead haunts the reader. Through an intense intimacy, Slot's poems touch the reader 'like a ghost whose white dress whispers over the sheets of your bed.' Be prepared to be touched.—Roger Reeves Slot's work stands equal with that of Snyder and Oliver. With bewitching language, she pulls the reader into a gentle current of rolling imagery. Suspended within the flow of these pages, I was carried to a place of calm reflection.— L. M. Browning

None, a nonvoter, gets into an Election Day confrontation with fellow shoppers Voter and Slot Player inside a grocery store in Las Vegas, Nevada. With store employee Sweeper joining in, None explains his aversion to voting by attempting to argue there is a wide gulf separating voters from the candidates they elect. Chamber Music Roger Kuin,1998-01-01 Roger Kuin's Chamber Music is a playfully written, imaginative, and ultimately demanding book, with a critical approach characterized by an unusual and indiosynchratic post-modern critical style that will challenge the reader's perceptions of what a book of criticism should and can do. Analysing the sonnet sequences of Sidney, Spenser, and Shakespeare both from an interpretive angle and from the perspective of a post-modern re-evaluation of the Renaissance sonnets, Roger Kuin's discussion is influenced by many modern literary critics, including Roland Barthes and Umberto Eco. Kuin focuses on the problems inherent in the form of the sonnet sequence, emphasizing the various forms of indeterminacy central to their meaning. His sense of the intertextual relationship among the major English sequences is subtle, and in places, strikingly original, in combination with a highly sophisticated understanding of theory. Chamber Music is a book that will infuriate many, but ultimately reward those who flow with its idiosyncratic style towards Roger Kuin's admirable and expert conclusions.

Flexible Word Classes Jan Rijkhoff,Eva van Lier,2013-08-29 This book is the first major cross-linguistic study of 'flexible words', i.e. words that cannot be classified in terms of the traditional lexical categories Verb, Noun, Adjective or Adverb. Flexible words can - without special morphosyntactic marking - serve in functions for which other languages must employ members of two or more of the four traditional, 'specialised' word classes. Thus, flexible words are underspecified for communicative functions like 'predicating' (verbal function), 'referring' (nominal function) or 'modifying' (a function typically associated with adjectives and e.g. manner adverbs). Even though linguists have been aware of flexible word classes for more than a century, the phenomenon has not played a role in the development of linguistic typology or modern grammatical theory. The current volume aims to address this gap by offering detailed studies on flexible word classes, investigating their properties and what it means for the grammar of a language to have such a word class. It includes new cross-linguistic studies of word class systems as well as original descriptive and theoretical contributions from authors with an expert knowledge of languages that have played - or should play - a role in the debate about flexible word classes, including Kharia, Riau Indonesian, Santali, Sri Lanka Malay, Lushootseed, Gooniyandi, and Late Archaic Chinese.

Hope in a Jar Kathy Peiss,2011-11-29 How did powder and paint, once scorned as immoral, become indispensable to millions of respectable women? How did a kitchen physic, as homemade cosmetics were once called, become a multibillion-dollar industry? And how did men finally take over that rarest of institutions, a woman's business? In Hope in a Jar, historian Kathy Peiss gives us the first full-scale social history of America's beauty culture, from the buttermilk and rice powder recommended by Victorian recipe books to the mass-produced products of our contemporary consumer age. She shows how women, far from being pawns and victims, used makeup to declare their freedom, identity, and sexual allure as they flocked to enter public life. And she highlights the leading role of white and black women—Helena Rubenstein and Annie Turnbo Malone, Elizabeth Arden and Madame C. J. Walker—in shaping a unique industry that relied less on advertising than on women's customs of visiting and conversation. Replete with the voices and experiences of ordinary women, Hope in a Jar is a richly textured account of the ways women created the cosmetics industry and cosmetics created the modern woman.

Terrible and Toxic Makeup Anita Croy,2018-07-15 Did you know that a Roman woman was executed in the 1600s for selling a poisonous lipstick that women kissed their husbands to death with? This fascinating book is sure to attract fans of history and science. The American Beauty Industry Encyclopedia Julie Willett,2010-05-11 This is the first encyclopedia to focus exclusively on the many aspects of the American beauty industry, covering both its diverse origins and its global

reach. The American Beauty Industry Encyclopedia is the first compilation to focus exclusively on this pervasive business, covering both its diverse origins and global reach. More than 100 entries were chosen specifically to illuminate the most iconic aspects of the industry's past and present, exploring the meaning of beauty practices and products, often while making analytical use of categories such as gender, race, sexuality, and stages of the lifecycle. Focusing primarily on the late-19th and 20th-century American beauty industry—an era of unprecedented expansion—the encyclopedia covers ancient practices and the latest trends and provides a historical examination of institutions, entrepreneurs, styles, and technological innovations. It covers, for example, the 1911 Triangle Shirtwaist Factory fire, as well as how Asian women today are having muscle fiber removed from their calves to create a more Western look. Entries also explore how the industry reflects social movements and concerns that are inextricably bound to religion, feminism, the health and safety of consumers and workers, the treatment of animals, and environmental sustainability.

Beauty Secrets Wendy Chapkis,1986 *Beauty Secrets* explores the links between appearance, gender and sexuality; it empowers women to share the secrets of their relationship to imposed standards of beauty showing how women are constantly required to 'pass' by wrapping their 'unacceptable' and 'undisguised' selves in layers of conformity to acceptable beauty standards. -- back cover.
