Good nutrition, exercise, sleep, sun protection and a good skincare routine can help you maintain your youthful appearance and well-being at all stages of your life. Your skin is the most visible indicator of your general health and the condition of your skin is often the first signal of illness or nutrition problems. Every season, there's always a new must-have (or at least must try) beauty product that comes out -- the newest color palette in make-up, the latest in skin care, new scents, etc., etc. Beauty junkies know not to resist these temptations because you never know what amazing new product you might find. Even when people say beauty is skin deep and it's what's inside that matters it is always easier to make people listen to what you have to say when you come in a good package. Gone are the days that you actually have to earn a red carpet income just to look as dazzling. Everyday life doesn't include glamorous dresses and million dollar diamond earrings, but women still want to feel that beautiful. With the exception of a haircut, you can do most things at home that can be done at expensive nail salons, tanning beds and beauty shops.
