*The Bee People (Classic Reprint)* Margaret Warner Morley, 2018-03-21 Excerpt from *The Bee People* Bees and flowers belong together. We cannot understand the one without the other. For, you see, bees get their food from the flowers, and the flowers need the bees to enable them to form their seeds. The flowers that we like best have bright colored petals. The petals of a rose are, pink or white or yellow. The petals of a violet are purple, and those of a forget-me not are blue. Sometimes the petals are separate, as in a rose or a buttercup, and you can pull them off one by one. Sometimes they are all grown into one piece like the funnel - shaped flower of the morning - glory. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Buz Maurice Noel, 2015-07-11 Excerpt from Buz: Or the Life and Adventures of a Honey Bee In this little story, the author ventures to hope that he may succeed in interesting children – perhaps even some big children – in the habits of bees, and in inducing them to study for themselves their most wonderful lives. He has attempted to describe a few only of the many operations with which all bee-keepers of the present day are perfectly familiar, and has not introduced any mention of the bar-framed hives, which make the manipulation of bees comparatively simple.
