Enciclopedia Internacional de Pseudónimos Michael Peschke,2006 This Encyclopedia is the first to compile pseudonyms from all over the world, from all ages and occupations in a single work: some 500,000 pseudonyms of roughly 270,000 people are deciphered here. Besides pseudonyms in the narrower sense, initials, nick names, order names, birth and married names etc. are included. The volumes 1 to 9 list persons by their real names in alphabetical order. To make the unequivocal identification of a person easier, year and place of birth and death are provided where available, as are profession, nationality, the pseudonym under which the person was known, and finally, the sources used. The names of professions given in the source material have been translated into English especially for this encyclopaedia. In the second part, covering the volumes 10 to 16, the pseudonyms are listed alphabetically and the real names provided. Approx. 500,000 pseudonyms of about 270,000 persons First encyclopedia including pseudonyms from all over the world, all times and all occupations Essential research tool for anyone wishing to identify persons and names for his research within one single work

Chinese Migrants in Russia, Central Asia and Eastern Europe Felix B. Chang,Sunnie T. Rucker-Chang,2013-03-01 Much of the former Soviet bloc has become a destination for new Chinese migrants. Throughout Russia, Eastern Europe and Central Asia, Chinese migrants are engaged in entrepreneurial activities, primarily as petty merchants of consumer goods in unsteady economies. This book situates these migrants within the broader context of Chinese globalization and China's economic rise. It traces the origins of Chinese migration into the region, as well as the conditions that have allowed migrants to thrive. Furthermore, it discusses the perception that Chinese globalization is purely economic and explores the relationship among petty merchants, labourers and institutional investors. Finally, by examining the movement of China's minorities into Central Asia, this book challenges the ethnic construct of new Chinese migration.

The Roots of Balkanization Ion Grumeza,2010 Balkanization is a modern term describing the fragmentation and re-division of countries and nations in the Balkan Peninsula, as well as a dynamic meaning the Balkan way of doing things. The Roots of Balkanization describes the historical changes that took place in the Balkan Peninsula after the collapse of the Roman Empire and their impact in Eastern lands. It develops conclusions reached in the author's previous book, Dacia: Land of Transylvania, Cornerstone of Ancient Eastern Europe, covering 500 B.C.-A.D. 500. Balkan multi-ethnicity was formed after the fifth century, when barbarian invaders settled and violently mixed with the native ancient nations. By the use of sword and terror, warlords became kings and their confederations of tribes became state nations. New societies emerged under the blessing of the Orthodox Church, only to fight against each other over disputed land that eventually came to be occupied by other invaders. The involvement of western powers and the Ottoman expansion triggered more grievances and violence, culminating with the fall of Constantinople in 1453 and the end of the Byzantine Empire. The medieval culture of the Balkans survived and continues to play a major role in how business and political life is conducted today in Eastern Europe. Book jacket.

A Hero of Our Time Mikhail Lermontov,2009-05-26 In its adventurous happenings--its abductions, duels, and sexual intrigues--A Hero of Our Time looks backward to the tales of Sir Walter Scott and Lord Byron, so beloved by Russian society in the 1820s and '30s. In the character of its protagonist, Pechorin--the archetypal Russian antihero--Lermontov's novel looks forward to the subsequent glories of a Russian literature that it helped, in great measure, to make possible.

Marxism and Art Maynard Solomon,1979 Marxism and Art is a collection of basic readings in Marxist criticism and aesthetics.

Theories of the Avant-garde Theatre Bert Cardullo,2013 In this collection of essays by avant-garde theatre's most creative practitioners--directors, playwrights, performers, and designers--these writings provide direct access to the thinking behind much of the most stimulating playwriting and performance of the late nineteenth and twentieth centuries.

Stalin and His Hangmen Donald Rayfield,2005-03-31 Stalin, like Hitler and other tyrants, won and held power because he had collaborators - hangmen. Drawing on newly released archival material, Donald Rayfield gives us a fuller and more colourful picture of Stalin's inner circle than ever before. Stalin was not the sole author of Stalinism. What motivated his chiefs of police, Feliks Dzierzynski, Viacheslav Manzinsky, Genrikh Iagoda, Nikolai Ezhov and Lavrenti Beria? What did they want? What were their relations with the regime and its ruler? How did their upbringing and experience mould them? And how does the terror they create connect with the terror they felt? Stalin and His Hangmen reconstructs the psychological mechanism of a whole regime and what it held together. The extent of the misery caused by Stalin and his Hangmen can be compared in Europe only to that brought about by Hitler and his henchmen. But Stalin's heritage is, if possible, even worse than Hitler's. His rule enslaved three generations, not one, the horror of what he did has not yet been fully understood and his countrymen have not yet found the strength to disavow him. All the more important, then, that this diabolical tale should be told.
