I Am Aldivan Teixeira Torres,2019-04-09 Thirteen stories. A dreamer, a young man and two archangels in search of truth. What does a depressive, a pedophile, an abortionist, a drug addict, a professional player, scientists, criminals, a sexologist, a schizophrenic, and a handicapped have in common? Thirteen stories. A dreamer, a young man and two archangels in search of truth. What does a depressive, a pedophile, an abortionist, a drug addict, a professional player, scientists, criminals, a sexologist, a schizophrenic, and a handicapped have in common? Both seek to reflect on their actions, their paths future next to the seer, a revolutionary and special being, on a great journey in the northeast of Brazil. Stating be the son of God, he promises listen to everyone, advise them and give valuable tips on how to resume the life by showing his personality and his father over time. The greatest goal of all is to awaken the inner self of each one of them and, reaching this miracle, the truth will finally be revealed. "I am" also represents a cry of freedom front ace social conventions as in the past Jesus did. "I am" shows up in this way how the human being is in essence. This is at odds with those who are accustomed to judge others. A thought-provoking book promising many reflections and emotions

Am I Here Yet? Judy DuPont-Gignac,2019-01-25 Am I Here Yet? Is the author's personal story from childhood into her post-retirement years -- or as she calls them, her realignment years. It is the tale of a shy teenager growing into a confident woman who believes she can do and have it all: husband, children, community and business leader, but finds, in the end that the 'all' really isn't what she longs for. It is a story all too familiar to 'type A' women who struggle with the push-pull of their professional and domestic lives. Her journey covers marriage, parenting, divorce, remarriage, and a spiritual path that leaves behind organized church life and embarks on a quest of searching that continues today. Many will find a connection with the pain and joy of the author's teenage years only to be re-experienced through the lives of her children as they work their way through the maze of adolescence to adulthood. Others may recognize themselves as the lone woman on the "boy's club" boards and committees and the intense need to be the best, to know the most, and to always land on top. It is the story of many of us.

I Am the Walrus Neal Shusterman, Eric Elfman, 2023-04-11 Eoin Colfer meets Rick Riordan—with a little Margaret Peterson Haddix sprinkled on top—in this hilarious sci-fi series from New York Times bestselling authors Neal Shusterman and Eric Elfman. When fourteen-year-old Noah falls from the trees on his classmate Sahara, he doesn't understand how, or why, he would have been up there. It's just one more in a string of strange things happening to Noah lately. Like when he keels over and every muscle in his body freezes when confronted by bullies. And when he vanishes into the background at a moment he doesn't want to be noticed. And when he unexpectedly blasts Sahara with a bird shriek while flapping his arms uncontrollably in the middle of a school dance. What does it all mean? And why do there suddenly seem to be so many mysterious people trying to kill him? Noah's friend Ogden has an idea...but like all of Ogden's ideas, it's out there. Way out there...
