Belly Dance, Pilgrimage and Identity Barbara Sellers-Young,2016-11-07 This book examines the globalization of belly dance and the distinct dancing communities that have evolved from it. The history of belly dance has taken place within the global flow of sojourners, immigrants, entrepreneurs, and tourists from the nineteenth to the twenty-first century. In some cases, the dance is transferred to new communities within the gender normative structure of its original location in North Africa and the Middle East. Belly dance also has become part of popular culture's Orientalist infused discourse. The consequence of this discourse has been a global revision of the solo dances of North Africa and the Middle East into new genres that are still part of the larger belly dance community but are distinct in form and meaning from the dance as practiced within communities in North Africa and the Middle East.

The Complete Book of 1960s Broadway Musicals Dan Dietz,2014 In The Complete Book of 1960s Broadway Musicals, Dan Dietz examines every musical and revue that opened on Broadway during the 1960s. In addition to providing details on every hit and flop, Dietz includes revivals and one-man and one-woman shows that centered on stars like Jack Benny, Maurice Chevalier, Marlene Dietrich, Danny Kaye, Yves Montand, and Lena Horne. In addition to

entries for each production, the book offers numerous appendixes: a discography, film and television versions, published scripts, Gilbert and Sullivan operettas, and lists of productions by the New York City Center Light Opera Company, the New York City Opera Company, and the Music Theatre of Lincoln Center.

Women, Law and Culture Jocelynne A. Scutt,2017-02-17 This book explores cultural constructs, societal demands and political and philosophical underpinnings that position women in the world. It illustrates the way culture controls women's place in the world and how cultural constraints are not limited to any one culture, country, ethnicity, race, class or status. Written by scholars from a wide range of specialists in law, sociology, anthropology, popular and cultural studies, history, communications, film and sex and gender, this study provides an authoritative take on different cultures, cultural demands and constraints, contradictions and requirements for conformity generating conflict. Women, Law and Culture is distinctive because it recognises that no particular culture singles out women for 'special' treatment, rules and requirements; rather, all do. Highlighting the way law and culture are intimately intertwined, impacting on women – whatever their country and social and economic status – this book will be of great interest to scholars of law, women’s and gender studies and media studies.

Strapless Deborah Davis,2004-05-03 The subject of John Singer Sargent's most famous painting was twenty-three-year-old New Orleans Creole Virginie Gautreau, who moved to Paris and quickly became the it girl of her day. A relative unknown at the time, Sargent won the commission to paint her; the two must have recognized in each other a like-minded hunger for fame. Unveiled at the 1884 Paris Salon, Gautreau's portrait generated the attention she craved- but it led to infamy rather than stardom. Sargent had painted one strap of Gautreau's dress dangling from her shoulder, suggesting either the prelude to or the aftermath of sex. Her reputation irreparably damaged, Gautreau retired from public life, destroying all the mirrors in her home. Drawing on documents from private collections and other previously unexamined materials, and featuring a cast of characters including Oscar Wilde and Richard Wagner, Strapless is a tale of art and celebrity, obsession and betrayal.
