Ordinary on Purpose Mikala MD Albertson,2022-03-08 Beauty is Found in the Ordinary The world is shouting at us to be more. Strive. Achieve. Overachieve. Never stop pushing. As a family practice doctor, wife, and mother, Mikala Albertson appeared to be living a perfect life, but really her whole world was falling apart. Married seven years to an alcohol and drug addict while raising two young children and finishing residency, Mikala eventually reached a breaking point. And surrendered. In sifting through the shattered pieces of her life, she realized she had been chasing something that doesn't exist. Perfect is pretend. And what she desperately needed to embrace was ordinary. A good, hard, messy, gritty, lovely, ordinary life. In Ordinary on Purpose, Mikala shares her heartfelt journey in a raw and revealing way as she invites you to lay down your own endless chase for perfection and embrace this beautiful, messy life exactly as it is with our perfect, loving God right by your side. What would it look like to stop pretending to be perfect and be ordinary? Instead of always feeling overwhelmed and alone, you might discover the beauty of a good, hard life grounded in the radiant hope of God's unending love. Life happens in the ordinary, after all.

Looking Back and Dropping Names Moray Watson,2016

Old Herbaceous (Classic Reprint) Reginald Arkell,2017-02-17 Excerpt from Old Herbaceous It was one of those mild autumn mornings when early mist had turned to soft rain and water dripped from everything. N 0 real touch of winter yet; just a soft pause between the seasons, giving you the best of both. Not 1 too warm, as it had been; not too cold, as it would be. This was the time of year and the time of day that the old man loved best. He couldn't get around so much now, but they had made up his bed by the cottage win dow, and there he would sit, half waking and half sleep ing, dreaming of this and that. From where he sat, propped up among his cushions, he could see into the Manor gardens. Not what they were - not by a long chalk. Mind you, it was only fair to admit they were still a bit short-handed, and you had to take the dry summer into account, but these young fellows ought to have made a better job of it than that. When he was a young chap, he had to move at double their pace. No slipping off when the clock struck for him. Hours he'd spent watering when the sun was off the borders. But not today. That meantovertime, and where was the money to pay for that? So the old garden wasn't what it had been when he was in charge. Everything was different to what it was in his day. They earned more money, and that was only right. But the more they got, the less they seemed to care. You had to be proud of a garden to do any good with it. Gardening was a whole-time ob, like the cows or the sheep. Cows had to be milked, whatever happened; and who thought of stopping in bed when the sheep were lambing? In a garden, you had to work with the seasons. There were slack times, when you could take an easy with a pipe behind the tool shed, but when the grass started growing and the weeds were getting on top of you, there was an end to all that nonsense Hours he'd spent watering. But these young fel lowm.. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Fast Food Nation Eric Schlosser,2012 An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

Value Proposition Design Alexander Osterwalder,Yves Pigneur,Gregory Bernarda,Alan Smith,2015-01-28 The authors of the international bestseller Business Model Generation explain how to create value propositions customers can't resist Value Proposition Design helps you tackle the core challenge of every business — creating compelling products and services customers want to buy. This highly practical book, paired with its online companion, will teach you the processes and tools you need to create products that sell. Using the same stunning visual format as the authors' global bestseller, Business Model Generation, this sequel explains how to use the "Value Proposition Canvas" to design, test, create, and manage products and services customers actually want. Value Proposition Design is for anyone who has been frustrated by new product meetings based on hunches and intuitions; it's for anyone who has watched an expensive new product launch fail in the market. The book will help you understand the patterns of great value propositions, get closer to customers, and avoid wasting time with ideas that won't work. You'll learn the simple process of designing and testing value propositions, that perfectly match customers' needs and desires. In addition the book gives you exclusive access to an online companion on Strategyzer.com. You will be able to assess your work, learn from peers, and download pdfs, checklists, and more. Value Proposition Design is an essential companion to the "Business Model Canvas" from Business Model Generation, a tool embraced globally by startups and large corporations such as MasterCard, 3M, Coca Cola, GE, Fujitsu, LEGO, Colgate-Palmolive, and many more. Value Proposition Design gives you a proven methodology for success, with value propositions that sell, embedded in profitable business models.

Challenges and Innovations in Ocean In Situ Sensors Eric Delory,Jay Pearlman,2018-09-21 Challenges and Innovations in Ocean In-Situ Sensors: Measuring Inner Ocean Processes and Health in the Digital Age highlights collaborations of industry and academia in identifying the key challenges and solutions related to ocean observations. A new generation of sensors is presented that addresses the need for higher reliability (e.g. against biofouling), better integration on platforms in terms of size and communication, and data flow across domains (in-situ, space, etc.). Several developments are showcased using a broad diversity of measuring techniques and technologies. Chapters address different sensors and approaches for measurements, including applications, quality monitoring and initiatives that will guide the need for monitoring. Integrates information across key marine and maritime sectors and supports regional policy requirements on monitoring programs Offers tactics for enabling early detection and more effective monitoring of the marine environment and implementation of appropriate management actions Presents new technologies driving the next generation of sensors, allowing readers to understand new capabilities for monitoring and opportunities for another generation of sensors Includes a global vision for ocean monitoring that fosters a new perspective on the direction of ocean measurements

Pillowland Laurie Berkner,2017-11-07 In this picture book interpretation of Laurie Berkner's Pillowland song, three siblings embark on a bedtime adventure, visiting a land where everything is made of pillows.

TIP 35: Enhancing Motivation for Change in Substance Use Disorder Treatment (Updated 2019) U.S. Department of Health and Human Services,2019-11-19 Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and compassionate way.

Evidence in Trials at Common Law John Henry Wigmore,1970

The First Miscarriage of Justice Jon Robins,2014-10-20 'I would have been the first miscarriage of justice... There was this spate of cases: the Birmingham Six, Guildford Four and Cardiff Three. Each one was another nail in my coffin': Tony Stock, 2008. The story of Tony Stock is astonishing: deeply disturbing it sent out ripples of disquiet when he was sentenced to ten years for robbery at Leeds Assizes in 1970. Over the next 40 years the case went to the Court of Appeal four times and has the distinction of being the first to have been referred to that court twice by the Criminal Cases Review Commission. Tony Stock died in 2012 still fighting to clear his name: spending from his meagre savings to hire private investigators and hoping beyond hope to see justice. Reviews 'The story of Tony Stock should be mandatory reading for everyone, not merely those involved with the laws. It concerns the quality of our criminal justice system and its serious reluctance and unwillingness to root out injustice': Michael Mansfield QC. 'One of the most outrageous miscarriages of justice of modern times': Barry Sheerman, Labour MP for Huddersfield. In the Press 'If anyone seriously believes the Court of Appeal has reformed itself since the dark days of the Birmingham Six and Bridgewater Four,

they should study the unreported and amazing case of Tony Stock’: Private Eye. ‘I would have thought that the injustice done to Tony (Stock) was fairly self-evident and yet his conviction still stands. I find this very difficult to accept’: Ralph Barrington, investigations adviser at the Criminal Cases Review Commission. ‘The fight for justice that will not die’: Yorkshire Post.

The British Journal of Photography William Crookes,T. A. Malone,George Shadbolt,J. Traill Taylor,William Blanchard Bolton,Thomas Bedding,1950

Defaming the Dead Don Herzog,2017-03-28 Do the dead have rights? In a persuasive argument, Don Herzog makes the case that the deceased’s interests should be protected This is a delightfully deceptive works that start out with a simple, seemingly arcane question—can you libel or slander the dead?—and develops it outward, tackling larger and larger implications, until it ends up straddling the borders between law, culture, philosophy, and the meaning of life. A full answer to this question requires legal scholar Don Herzog to consider what tort law is actually designed to protect, what differences death makes—and what differences it doesn’t—and why we value what we value. Herzog is one of those rare scholarly writers who can make the most abstract argument compelling and entertaining.

Biological Wastewater Treatment in Warm Climate Regions Marcos Von Sperling,Carlos Augustos de Lemos Chernicharo,2005-09-30 Biological Wastewater Treatment in Warm Climate Regions gives a state-of-the-art presentation of the science and technology of biological wastewater treatment, particularly domestic sewage. The book covers the main treatment processes used worldwide with wastewater treatment in warm climate regions given a particular emphasis where simple, affordable and sustainable solutions are required. This comprehensive book presents in a clear and informative way the basic principles of biological wastewater treatment, including theory and practice, and covering conception, design and operation. In order to ensure the practical and didactic view of the book, 371 illustrations, 322 summary tables and 117 examples are included. All major wastewater treatment processes are covered by full and interlinked design examples which are built up throughout the book, from the determination of wastewater characteristics, the impact of discharge into rivers and lakes, the design of several wastewater treatment processes and the design of sludge treatment and disposal units. The 55 chapters are divided into 7 parts over two volumes: Volume One: (1) Introduction to wastewater characteristics, treatment and disposal; (2) Basic principles of wastewater treatment; (3) Stabilisation ponds; (4) Anaerobic reactors; Volume Two: (5) Activated sludge; (6) Aerobic biofilm reactors; (7) Sludge treatment and disposal. As well as being an ideal textbook, Biological Wastewater Treatment in Warm Climate Regions is an important reference for practising professionals such as engineers, biologists, chemists and environmental scientists, acting in consulting companies, water authorities and environmental agencies.
