Bento Box in the Heartland Linda Furiya,2010-01-08 While growing up in Versailles, an Indiana farm community, Linda Furiya tried to balance the outside world of Midwestern America with the Japanese traditions of her home life. As the only Asian family in a tiny township, Furiya's life revolved around Japanese food and the extraordinary lengths her parents went to in order to gather the ingredients needed to prepare it. As immigrants, her parents approached the challenges of living in America, and maintaining their Japanese diets, with optimism and gusto. Furiva, meanwhile, was acutely aware of how food set her apart from her peers: She spent her first day of school hiding in the girls' restroom, examining her rice balls and chopsticks, and longing for a Peanut Bullter and Jelly sandwich. Bento Box in the Heartland is an insightful and reflective coming-of-age tale. Beautifully written, each chapter is accompanied by a family recipe of mouth-watering Japanese comfort food.

Bento's Sketchbook John Berger,2015-03-01 The seventeenth-century philosopher Baruch Spinoza-also known as Benedict or Bento de Spinoza-spent the most intense years of his short life writing. He also carried with him a sketchbook. After his sudden death, his friends rescued letters, manuscripts, notes-but no drawings. For years, without knowing what its pages might hold, John Berger has imagined finding Bento's sketchbook, wanting to see the drawings alongside his surviving words. When one day a friend gave him a beautiful virgin sketchbook, Berger said, This is Bento's! and he began to draw, taking his inspiration from the philosopher's vision. In this illustrated color book John Berger uses the imaginative space he creates to explore the process of drawing, politics, storytelling and Spinoza's life and times.
