Expanding your trip? Try Rick Steves Best of Germany.

Walking in Berlin Franz Hessel,2020-12-08 The first English translation of a lost classic that reinvents the flaneur in Berlin. Franz Hessel (1880–1941), a German-born writer, grew up in Berlin, studied in Munich, and then lived in Paris, where he moved in artistic and literary circles. His relationship with the fashion journalist Helen Grund was the inspiration for Henri-Pierre Roche's novel Jules et Jim (made into a celebrated 1962 film by Francois Truffaut). In collaboration with Walter Benjamin, Hessel reinvented the Parisian figure of the flaneur. This 1929 book—here in its first English translation—offers Hessel's version of a flaneur in Berlin. In *Walking in Berlin*, Hessel captures the rhythm of Weimar-era Berlin, recording the seismic shifts in German culture. Nearly all of the essays take the form of a walk or outing, focusing on either a theme or part of the city, and many end at a theater, cinema, or club. Hessel deftly weaves the past with the present, walking through the city's history as well as its neighborhoods. Even today, his walks in the city, from the Alexanderplatz to Kreuzberg, can guide would-be flaneurs. *Walking in Berlin* is a lost classic, known mainly because of Hessel's connection to Benjamin but now introduced to readers of English. *Walking in Berlin* was a central model for Benjamin's Arcades Project and remains a classic of “walking literature” that ranges from Surrealist perambulation to Situationist “psychogeography.” This MIT Press edition includes the complete text in translation as well as Benjamin's essay on *Walking in Berlin*, originally written as a review of the book's original edition. “An absolutely epic book, a walking remembrance.” —Walter Benjamin

Stealing The Future Max Hertzberg,2015-09-22 What if the Berlin Wall never fell ... This compelling series (Fiona Rintoul) is set in an East Germany that didn't end in 1990. 1993. After forty years of communist rule it's time for change: participatory democracy, citizen's movements and de-centralization are part of a new political landscape in East Berlin. But when a politician's crushed body is found, a constitutional crisis erupts. Ex-dissident Martin Grobe turns detective and his investigations point towards the Stasi, the KGB and the West Germans—has he uncovered a putsch against the new GDR, or is it just a conspiracy to murder? ‘An authentic atmosphere of tension and uncertainty ... The brilliance of *Stealing the Future* lies in the honest portrayal of a young country and its idealistic inhabitants struggling to keep alive their dream of freedom, justice and equality in the face of international and domestic opposition.’ (Jo Lateu, *New Internationalist*) ‘A compelling re-imagining of East Germany’s peaceful revolution in 1989—exploring what might have been. As Europe grapples with the consequences of austerity, this novel poses questions both about the lost chances of 1989, and about how we organise our society—questions that are becoming more relevant with each passing day.’ (Fiona Rintoul, author of *The Leipzig Affair*) ‘Creates the perfect atmosphere that existed around the fall of the wall: the sense of hope dashed by the awful reality of reunification.’ (Peter Thompson, *The Guardian*) ‘An intriguing and gripping page-turner of a thriller—believable and exciting. More than that, though, it's an exploration of power – political, economic and electric power; and what it might be like, day to day, to put our ideals and hopes for self-determination into practice.’ (Clare Cochrane, *Peace News*) ----- Keywords: East Germany, DDR, GDR, East Berlin, Berlin Wall, Iron Curtain, Cold War, Stasi, MfS, secret police, Volkspolizei, Soviet, KGB, GRU, crime, spy, espionage, procedural, counter-factual, alternate history, speculative fiction, 1989, revolution, die Wende, Eastern Europe, Eastern Bloc, hope, alternative society, consensus decision making, democracy, direct democracy, punks, direct action, anarchy, communism.

Lonely Planet Berlin Lonely Planet,2019-02-01 Lonely Planet’s Berlin is your passport to the most relevant, up-to-date advice on what to see and skip, and what

hidden discoveries await you. Visit the iconic Berlin Wall, enjoy local street art and nightlife, and be dazzled by the Reichstag – all with your trusted travel companion.

Behind the Berlin Wall Patrick Major,2010 On 13 August 1961 eighteen million East Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War: the Berlin Wall. Patrick Major explores how the border closure affected ordinary East Germans, from workers and farmers to teenagers and even party members, 'caught out' by Sunday the Thirteenth.

Walking Berlin Paul Sullivan,2015 There's no better way to experience a city than by walking its vibrant and eclectic neighborhoods. [This] offers fifteen ... mapped itineraries that allow you to explore like a pro and navigate like a local--Publisher's description.

Top 10 Berlin Jurgen Scheunemann,2010-01-26 Includes 1 folded col. map in back pocket.

The Ghosts of Berlin Brian Ladd,2018-05-01 "Written in a clear and elegant style, The Ghosts of Berlin is . . . a superb guide to this process of urban self-definition, both past and present." –The Wall Street Journal In the twenty years since its original publication, The Ghosts of Berlin has become a classic, an unparalleled guide to understanding the presence of history in our built environment, especially in a space as historically contested—and emotionally fraught—as Berlin. Brian Ladd examines the ongoing conflicts radiating from the remarkable fusion of architecture, history, and national identity in Berlin. Returning to the city frequently, Ladd continues to survey the urban landscape, traversing its ruins, contemplating its buildings and memorials, and carefully deconstructing the public debates and political controversies emerging from its past. "With erudition, insight, and restraint, Brian Ladd carries off the dangerous task of analyzing architecture and urbanism in Berlin in terms of its horrific political past. He convincingly argues that architecture embodies ideological meaning more powerfully than other artifacts of a society." –The New York Times Book Review "Ladd examines the conflicts radiating from [Berlin's] remarkable fusion of architecture, history and national identity." –History Today "His history of Berlin's architectural successes and failures reads entertainingly like a detective novel." –The New Republic "Ladd's balanced, sensitive chronicle of the Berlin's traumatized topography brings the past into focus." –Harvard Design Magazine

Cold War Berlin Scott H. Krause,Stefanie Eisenhuth,Konrad H. Jarausch,2021-03-11 A wide range of transatlantic contributors addresses Berlin as a global focal point of the Cold War, and also assess the geopolitical peculiarity of the city and how citizens dealt with it in everyday life. They explore not just the implications of division, but also the continuing entanglements and mutual perceptions which resulted from Berlin's unique status. An essential contribution to the study of Berlin in the 20th century, and the effects - global and local - of the Cold War on a city.
