WKW: The Cinema of Wong Kar Wai Wong Kar Wai, John Powers, 2016-04-19 The long-awaited retrospective from the internationally renowned film director celebrated for his visually lush and atmospheric films. Wong Kar Wai is known for his romantic and stylish films that explore—in saturated, cinematic scenes—themes of love, longing, and the burden of memory. His style reveals a fascination with mood and texture, and a sense of place figures prominently. In this volume, the first on his entire body of work, Wong Kar Wai and writer John Powers explore Wong's complete oeuvre in the locations of some of his most famous scenes. The book is structured as six conversations between Powers and Wong (each in a different locale), including the restaurant where he shot *In the Mood for Love* and the snack bar where he shot *Chungking Express*. Discussing each of Wong's eleven films, the conversations also explore Wong's trademark themes of time, nostalgia, and beauty, and their roots in his personal life. This first book by Wong Kar Wai, lavishly illustrated with more than 250 photographs and film stills and featuring an opening critical essay by Powers, *WKW: The Cinema of Wong Kar Wei* is as evocative as walking into one of Wong's lush films.

My First Movie Stephen Lowenstein, 2000 Nobody forgets their first time--and film directors are no exception. In these vivid and revealing interviews, a collection of filmmakers as diverse as the Coen brothers and Ken Loach, Ang

Lee and Kevin Smith, Anthony Minghella and Gary Oldman, Neil Jordan and Mira Nair talk in extraordinary detail and with amazing candor about making their first films. Each chapter focuses on a director's celebrated debut--be it *Angel* or *Blood Simple*, *Clerks* or *Diner*, *Muriel's Wedding* or *Truly, Madly, Deeply*--and tells the inside story: from writing the script to raising the money, from casting the actors to assembling the crew, from shooting to editing, from selling the movie to screening it. Along the way, every aspect of the movie industry is explored: from dealing with agents and moguls for the first time to pitching your movie as a debutante director, from languishing in development hell to confronting test audiences from hell. The questions have been posed by Stephen Lowenstein, a young director with two acclaimed short films to his credit. Remembering the struggle to launch their careers, the directors have opened up about their first films and themselves to an unprecedented degree. Each chapter is not only a memoir of a particular movie, but also an emotional journey in which the director relives the pain and elation, the comedy and tragedy, of making a first feature. For anyone who wants to direct movies, these tales of triumph and disaster, of sleepless nights and nail-biting days, will be enthralling and terrifying in equal measure. For all other film fans, the interviews provide fascinating and entertaining insights into filmmakers who have become household names.

SEE! HEAR! CUT! KILL! Wickham Clayton, 2020-10-21 Sean S. Cunningham and Victor Miller’s Friday the 13th franchise is one of the most successful horror film franchises in history. To date, it includes twelve movies, a television show, comic books, and video games, among other media. In SEE! HEAR! CUT! KILL! Experiencing “Friday the 13th,” Wickham Clayton explores several aspects of the films including how the technical aspects relate to the audience, their influence on filmmaking, and the cultural impact of the franchise. Clayton looks at how perspective is established and communicated within the Friday the 13th films, which is central to the way the audience experiences and responds emotionally to these movies. Then he considers how each sequel gives viewers, whether longtime fans or new audiences, a “way in” to the continuous story that runs through the series. Clayton also argues that the series has not developed in isolation. These films relate to contemporary slasher films, the modern horror genre, and critically

successful Hollywood films in general. They reflect popular trends of film style and often act as key examples in the genre and beyond.

Post-Classical Hollywood Barry Langford, 2010-08-31 At the end of World War II, Hollywood basked in unprecedented prosperity. Since then, numerous challenges and crises have changed the American film industry in ways beyond imagination in 1945. Nonetheless, at the start of a new century Hollywood's worldwide dominance is intact - indeed, in today's global economy the

products of the American entertainment industry (of which movies are now only one part) are more ubiquitous than ever. How does today's 'Hollywood' - absorbed into transnational media conglomerates like NewsCorp., Sony, and Viacom - differ from the legendary studios of Hollywood's Golden Age? What are the dominant frameworks and conventions, the historical contexts and the governing attitudes through which films are made, marketed and consumed today? How have these changed across the last seven decades? And how have these evolving contexts helped shape the form, the style and the content of Hollywood movies, from *Singin' in the Rain* to *Pirates of the Caribbean*? Barry Langford explains and interrogates the concept of 'post-classical' Hollywood cinema - its coherence, its historical justification and how it can help or hinder our understanding of Hollywood from the forties to the present. Integrating film history, discussion of movies' social and political dimensions, and analysis of Hollywood's distinctive methods of storytelling, *Post-Classical Hollywood* charts key critical debates alongside the histories they interpret, while offering its own account of the 'post-classical.' Wide-ranging yet concise, challenging and insightful, *Post-Classical Hollywood* offers a new perspective on the most enduringly fascinating artform of our age.
