The Best of Times: Math Strategies that Multiply Greg Tang,2017-03-28 NEW YORK TIMES bestselling author Greg Tang takes on the times tables, teaching kids innovative ways to multiply numbers and derive answers WITHOUT memorization. Four is very fast to do when you multiply by 2.Here's a little good advice --please just always double twice!BEST OF TIMES gives kids an intuitive understanding of multiplication, encouraging them to arrive at answers on their own rather than memorizing the times tables. A child who can multiply by two, for instance, can multiply by four and even eight! Likewise, times six builds on times two and times three.With his common-sense approach, Greg Tang encourages kids to solve problems creatively, building both their skills and their confidence.

The Best of Times, The Worst of Times Michael Burleigh,2017-11-02 In the decades since the end of the Second World War, it has been widely assumed that the western model of liberal democracy and free trade is the way the world should be governed. However, events in the early years of the twenty-first century – first, the 2003 war with Iraq and its chaotic aftermath and, second, the financial crash of 2008 – have threatened the general acceptance that continued progress under the benign (or sometimes not so benign) gaze of the western powers is the only way forwards. And as America turns inwards and Europe is beset by austerity politics and populist nationalism, the post-war consensus looks less and less secure. But is this really the worst of times? In a forensic examination of the world we now live in, acclaimed historian Michael Burleigh sets out to answer that question. Who could have imagined that China would champion globalization and lead the battle on climate change? Or that post-Soviet Russia might present a greater threat to the world's stability than ISIS? And while we may be on the cusp of still more dramatic change, perhaps the risks will – in time – bring not only change but a wholly positive transformation. Incisive, robust and always insightful, *The Best of Times, The Worst of Times* by Michael Burleigh is both a dazzling tour d'horizon of the world as it is today and a surprisingly optimistic vision of the world as it might become.

The Best of Times, The Worst of Times Paul Behrens,2020-09-17 A unique, highly readable approach to the environmental crisis, with alternating chapters outlining the effects on society if left unchecked, and the radical actions we can take to prevent it Now includes updated sections on COVID-19 and COP26 The environmental emergency is the greatest threat we face. Preventing it will require an unprecedented political and social response. And yet, there is still hope. Academic, physicist, environmental expert and award-winning science communicator Paul Behrens presents a radical analysis of a civilization on the brink of catastrophe. Setting out the pressing existential threats we face, he writes, in alternating chapters, of what the future could look like at its most pessimistic and hopeful. In lucid prose, Behrens argues that structural problems need structural solutions, and examines critical areas in which political will is required, including women's education, food and energy security, biodiversity and economics. The book was printed with two different jackets, to illustrate the unique duality of the author's approach.

A Tale of Two Cities Illustrated by (Hablot Knight Browne (Phiz)) Charles Dickens,2021-04-11 *A Tale of Two Cities* (1859) is the second historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. It depicts the plight of the French proletariat under the brutal oppression of the French aristocracy in the years leading up to the revolution, and the corresponding savage brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution. It follows the lives of several protagonists through these events, most notably Charles Darnay, a French once-aristocrat who falls victim to the indiscriminate wrath of the revolution despite his virtuous nature, and Sydney Carton, a dissipated English barrister who endeavours to redeem his ill-spent life out of love for Darnay's wife, Lucie Manette.

Best of Times, Worst of Times Jeff Steel,Joe Shuttleworth,2021-09-29 Joe's love of flying and adventure led him to volunteer for active service: dropping bombs on Nazi Germany. Tom's hatred of Hitler's vile regime brought him to the same point. The war was to throw Joe and Tom together. Within a few desperate seconds, on the way to Berlin a night-fighter attack would rip them apart. *Best of Times Worst of Times* tells the story of two very different men but with a single vocation: to put the Nazi war machine out of action. Each would describe themselves as ordinary men. For each, in their different ways, their wartime experience was extraordinary. For Joe fate would bring the best of times. He would cross the Atlantic on the Queen Elizabeth. He would find the woman to whom he would be married for the rest of his life. As a gunner on a Lancaster Bomber he would enjoy the camaraderie of a band of brothers on a wartime bomber station and high status among the wartime population. For Tom, fate decreed the worst of times. He would be thrown out of an exploding plane to survive; then be sentenced to death by the French resistance for being a Nazi stooge. He would know the horror of betrayal by someone he trusted and thrown into the hands of the Nazi secret police. He would know abject fear of the living death within the Buchenwald concentration camp. He would become one of very few people ever to leave it – and that in the most dramatic of circumstances. A gripping true story of war, betrayal and survival constructed from personal experience, meticulous research and eye-witness accounts.

The Best of Times Penny Vincenzi,2009-07-14 From the internationally bestselling author of *Into Temptation* comes the perfect beach read (*Parade*) about how everything can change in the blink of an eye.... On an ordinary London afternoon, a truck swerves across five lanes of traffic and creates a tangle of chaos and confusion. As loved ones wait to hear news and the hospital prepares to receive the injured, a dozen lives hang in the balance. A doctor is torn between helping the injured and hiding his young mistress; a bridegroom hopes to get to the church on time; a widow waiting to reunite with a lost love ponders whether she'll ever see him again; and the mysterious hitchhiker, the only person who knows what really happened, is nowhere to be found. Filled with suspense, romance, and more twists than a country highway, *The Best of Times* proves once again why Penny Vincenzi is the queen of happy endings.

Hooked Pauline Kael,1989 Pauline Kael's works have evoked either adoration or strong criticism. But few readers of the *New Yorker*, for which she serves as movie critic, react to Kael with indifference. Critics should consistently provoke opinion, and Kael does so without fail, as shown in this collection of her *New Yorker* reviews. Over the years, Kael has lost none of her bite; she is still brimming with opinions--but opinions fully supported, not simply thrown out to see how far their ripple will travel. ISBN 0-525-24705-X: \$24.95.

The Best of Times Jerry Jarrett,2011-06-28 In the 1940s, Jerry Jarrett's humble beginnings on Nashville's 22nd Avenue only served to drive his spirit to succeed. Putting on live professional wrestling events at the age of fourteen, Jarrett's path to success soon became apparent. From ruthless business partners to wrestlers legitimately trying to kill him, Jerry always looked ahead to the future and never let the past stop him. While most would have taken it easy after achieving the highest levels of success in wrestling, Jerry's personal drive did not have an off switch and led him to excel in other business ventures. Life and death, brutal betrayals, lifelong friendships, amazing successes, stunning defeats and none of which occurred in the wrestling ring. Jerry Jarrett's life can truly be described as a rollercoaster ride.

Italian Tattoo Flash ,2014 Stizzo, the proud owner of Best of Times Tattoo, presents the best work to come out of his famous parlor in Milan, Italy, in the form of beautiful flash, and provides an intimate look into the house artists in action. At turns exotic, religious, and cryptic, but always classy, highly detailed, and distinct, their work and their legacy could spark a new generation of artists who care about tradition and aren't afraid to push their skills to the limit. Showcased on textured paper, the vibrant, iconographic art and bold designs look just as outstanding on artificial surfaces as they would on skin. Enthusiasts and ambitious tattoo artists who hope to imitate these remarkable samples will appreciate the hard work and dedication that goes into Stizzo, Max Brain, and Pellico's craft, which they can catch a glimpse of--at the drawing board and in the studio--in arresting black and white and color photography.

Urban Catholic Education Thomas C. Hunt,David J. O'Brien,Timothy Walch,2013 Urban Catholic Education: The Best of Times, the Worst of Times is a sequel to a 2010 work with the similar title, Urban Catholic Education: Tales of Twelve American Cities. Together, these works explore the historical contours of the Catholic parochial school movement in America's divergent urban centers from colonial times to the present. The first volume covers the years of growth and expansion up to 1970 and the second volume continues the story and discusses the years of decline and retrenchment over the past forty years. In this second volume, ten scholars - many affiliated with Catholic schools and universities - address the recent history of parish schools in as many cities across the country. Not only do the essays address common themes, they also articulate the elements that make Catholic education distinctive in each city. The book is a valuable touchstone for Catholic educators and scholars who work in and for a national Catholic educational establishment; that establishment includes 238 colleges and universities and several thousand Catholic high schools among other institutions.

Like a Fox to a Swallow Ella Voss,2021-01-28 Helen Kings and Alma Carneggio couldn't be more different: Helen makes a living as a single-mum and partner in a London law firm, while Alma lives a privileged life as the wife of a Milanese industrial aristocrat. Yet, their lives are haunted by the same tragedy: the mysterious death of Luca Carneggio, Alma's son and Helen's lover- and the father of Helen's teenage daughter Emmy, an illegitimate child and therefore a disgrace to the Carneggio family. While Alma drifts through her days on painkillers and tranquillizers, hiding in her family's estate, Helen is keeping up the façade of a tough self-made woman. But in her quiet moments, only a ghost Luca keeps her company - and her resentment towards the Carneggios alive. She blames them for the dreams she had to give up. But as Emmy turns into a young adult, this truth is being challenged - until it finally falls apart. The reader follows Alma and Helen on their winded - and sometimes funny - ways to come to terms with their past, finding a new way of being after having lost what they loved the most. When Alma is suddenly stripped of her family corset, she begins to long for meeting her only granddaughter. But is it too late for a new beginning?

Apocalypse How Rob Kutner,2008-05-13 People have been predicting the end of the world since...well, the beginning of it. Oh, the form it takes may vary-firestorm, earthquake, plague, new ice age, alien invasion, nuclear cloud, or the rise of our machines-but everyone who survives will be starting over at Square One. Your needs won't be that different from today's: food, shelter, work, finances, relationships, 24-hour cable.... But you'll have more raw materials to deal with. Apocalypse How is the humorous how-to-guide to living your best life possible (after the Apocalypse renders your current quality of life null and void.) Organized like a travel or lifestyle guide, the book tells you all you need to know in order to fend off zombies, forge for non-radioactive food, and make the most of your new dwelling (while ignoring the ash outline of its previous occupants on the far wall.)This handy volume includes such essential sections as: What to Expect When We're Exploding Before We Blow: Your Essential To-Hoard List Should You Stay or Should You Flee? Questionnaire Sex, Love, and Dating: What if You Are the Last Man on Earth? The Seven Habits of Highly Effective Petty Tyrants The Apocalyptic Aptitude Test Apocalypse How is guaranteed to be of use in the world to come. It also makes a handy defense weapon if thrown, and firestarter if needed.

The Best of Me David Sedaris,2020-11-03 What could be a more tempting Christmas gift than a compendium of David Sedaris's best stories, selected by the author himself? From a spectacular career spanning almost three decades, these stories have become modern classics and are now for the first time collected in one volume. For more than twenty-five years, David Sedaris has been carving out a unique literary space, virtually creating his own genre. A Sedaris story may seem confessional, but is also highly attuned to the world outside. It opens our eyes to what is at absurd and moving about our daily existence. And it is almost impossible to read without laughing. Now, for the first time collected in one volume, the author brings us his funniest and most memorable work. In these stories, Sedaris shops for rare taxidermy, hitchhikes with a lady quadriplegic, and spits a lozenge into a fellow traveler's lap. He drowns a mouse in a bucket, struggles to say 'give it to me' in five languages and hand-feeds a carnivorous bird. But if all you expect to find in Sedaris's work is the deft and sharply observed comedy for which he became renowned, you may be surprised to discover that his words bring more warmth than mockery, more fellow-feeling than derision. Nowhere is this clearer than in his writing about his loved ones. In these pages, Sedaris explores falling in love and staying together, recognizing his own aging not in the mirror but in the faces of his siblings, losing one parent and coming to terms - at long last - with the other. Taken together, the stories in The Best of Me reveal the wonder and delight Sedaris takes in the surprises life brings him. No experience, he sees, is quite as he expected - it's often harder, more fraught and certainly weirder - but sometimes it is also much richer and more wonderful. Full of joy, generosity, and the incisive humor that has led David Sedaris to be called 'the funniest man alive' (Time Out New York), The Best of Me spans a career spent watching and learning and laughing - quite often at himself - and invites readers deep into the world of one of the most brilliant and original writers of our time.

The Pursuit of Power Richard J. Evans,2016-09-01 ECONOMIST BOOKS OF THE YEAR 2016 'A scintillating, encyclopaedic history, rich in detail from the arcane to the familiar... a veritable tour de force' Richard Overy, New Statesman 'Transnational history at its finest social, political and cultural themes swirl together in one great canvas of immense detail and beauty' Gerard DeGroot, The Times 'Dazzlingly erudite and entertaining' Dominic Sandbrook, The Sunday Times A masterpiece which brings to life an extraordinarily turbulent and dramatic era of revolutionary change. The Pursuit of Power draws on a lifetime of thinking about nineteenth-century Europe to create an extraordinarily rich, surprising and entertaining panorama of a continent undergoing drastic transformation. The book aims to reignite the sense of wonder that permeated this remarkable era, as rulers and ruled navigated overwhelming cultural, political and technological changes. It was a time where what was seen as modern with amazing speed appeared old-fashioned, where huge cities sprang up in a generation, new European countries were created and where, for the first time, humans could communicate almost instantly over thousands of miles. In the period bounded by the Battle of Waterloo and the outbreak of World War I, Europe dominated the rest of the world as never before or since: this book breaks new ground by showing how the continent shaped, and was shaped by, its interactions with other parts of the globe. Richard Evans explores fully the revolutions, empire-

building and wars that marked the nineteenth century, but the book is about so much more, whether it is illness, serfdom, religion or philosophy. The Pursuit of Power is a work by a historian at the height of his powers: essential for anyone trying to understand Europe, then or now.
