High Cost of Free Parking Donald Shoup,2021-02-25 Off-street parking requirements are devastating American cities. So says the author in this no-holds-barred treatise on the way parking should be. Free parking, the author argues, has contributed to auto dependence, rapid urban sprawl, extravagant energy use, and a host of other problems. Planners mandate free parking to alleviate congestion, but end up distorting transportation choices, debasing urban design, damaging the economy, and degrading the environment. Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people, and why American motor vehicles now consume one-eighth of the world's total oil production. But it doesn't have to be this way. The author proposes new ways for cities to regulate parking, namely, charge fair market prices for curb parking, use the resulting revenue to pay for services in the neighborhoods that generate it, and remove zoning requirements for off-street parking.

Playing with Myself Randy Rainbow, 2022-04-19 Instant New York Times, USA Today, and Wall Street Journal Bestseller! An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses, an inexhaustible knowledge of Broadway musicals,

and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in *Playing with Myself*, a memoir sure to cause more than a few readers to begin singing one of his greatest hits like “A Spoonful of Clorox” or “Cover Your Freakin’ Face.” As Randy has said, “There’s so much fake news out there about me. I can’t wait to set the record straight and finally give people a peek behind the green screen.” And set the record straight he does. *Playing with Myself* is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled “Pajama Bottoms” (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in *The Wizard of Oz*), “Yes, It’s My Real Name, Shut Up!” (no explanation necessary...) and “Pink Glasses” (a rose-colored homage to his favorite accessory), *Playing with Myself* is a memoir that answers the question “Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?”

Parking and the City Donald Shoup, 2018-04-11 Donald Shoup brilliantly overcame the challenge of writing about parking without being boring in his iconoclastic 800-page book *The High Cost of Free Parking*. Easy to read and often entertaining, the book showed that city parking policies subsidize cars, encourage sprawl, degrade urban design, prohibit walkability, damage the economy, raise housing costs, and penalize people who cannot afford or choose not to own a car. Using careful analysis and creative thinking, Shoup recommended three parking reforms: (1) remove off-street parking requirements, (2) charge the right prices for on-street parking, and (3) spend the meter revenue to improve public services on the metered streets. *Parking and the City* reports on the progress that cities have made in adopting these three reforms. The successful outcomes provide

convincing evidence that Shoup's policy proposals are not theoretical and idealistic but instead are practical and realistic. The good news about our decades of bad planning for parking is that the damage we have done will be far cheaper to repair than to ignore. The 51 chapters by 46 authors in *Parking and the City* show how reforming our misguided and wrongheaded parking policies can do a world of good. The Custom of the Army (Novella) Diana Gabaldon, 2012-05-21 Diana Gabaldon, bestselling author of the acclaimed *Outlander* series, weaves an engrossing tale of war, history, and suspense in this original novella—now available as a standalone e-book—featuring returning hero Lord John Grey. London, 1759. After a high society electric-eel party leads to a duel that ends badly, Lord John Grey feels the need to lie low for a while. Conveniently, before starting his new commission in His Majesty's army, Lord John receives an urgent summons. An old friend from the military, Charlie Carruthers, is facing court-martial in Canada, and has called upon Lord John to serve as his character witness. Grey voyages to the New World—a land rife with savages (many of them on his own side) and cleft by war—where he soon finds that he must defend not only his friend's life but his own.

A Guide to Parking International Parking Institute, 2018-05-30 If you own a car, use public transportation, go to work or school, use health care, shop or dine out, or are part of a metropolitan community, parking affects you, probably in more ways than you've thought about. Because parking has such a huge effect on what happens in cities and towns and how the greater transportation system functions, decision-makers are beginning to realize that it's critical to employ parking expertise at the beginning of the planning process. Designing and implementing an effective, professionally managed parking strategy can mean the difference between frustrating and costly traffic congestion and efficient, time-saving traffic flow. A Guide to Parking provides information on the current state of parking, providing professionals and students with an overview on major areas of parking and the transportation and mobility industry, punctuated by brief program examples.

Parking Policy in Asian Cities Paul Barter, 2011-07-01 Most Asian cities are facing an acute parking crisis as a result of rapid urbanization and motorization, and high urban densities. Parking policy is an important component of a holistic approach to sustainable urban transport across the region. The report provides an international comparative perspective on parking policy in Asian cities, while highlighting the nature of the policy choices available. It is a step in building a knowledge base to address the knowledge gap on parking and the lack of adequate guidance for parking policy in Asia.

Ten Years a Nomad Matthew Kepnes, 2019-07-16 Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me. —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* *Ten Years a Nomad* is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic how-to, and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. *Ten Years a Nomad* is for travel junkies, the travel-curious, and anyone interested

in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

Parking Tickets Shinebox Print,2014-04-15 Did someone park his Miata parallel across the last three perpendicular spaces? And there's no parking enforcement around to bust him? No problem. Thanks to Parking Tickets, readers can issue a cleverly designed and perfectly humiliating fine to the inconsiderate owner. There are simple messages — You're a space hog, angry cards — It was either this or a crowbar through your window, and sarcastic tickets — Hope you're better between the sheets than you are between the lines. Together they provide good parkers an outlet to vent their frustrations toward people who deserve it, and maybe raise that driver's consciousness. Wallet-sized to fit in a pocket, purse, or glove box, Parking Tickets has tailor-made insults for every poor parking job. Can't slide into a space because someone parked across the white line? Give them Couldn't decide which space to park in, huh? Stuck with half a space because the parallel-parked car in front didn't pull all the way forward? Hit them with Maybe a GPS system could have helped you find the middle of this parking spot. Someone parked four feet from the curb? Try Didn't know it was national 'Let Your Child Drive to Work Day.'
