Make Your Mind Up Bethany Mota,2017-06-13 From tips on life, love, and everything in between; to original DIYs, recipes, and style hacks; to the incredible story of a girl next door turned Internet sensation, *Make Your Mind Up* is the ultimate guide to rocking your look and ruling your world—from inspirational YouTuber, designer, entrepreneur, and digital influencer, Bethany Mota. When Bethany first propped her camera on a stack of books and pressed record on her family's handheld camera in 2009, she didn't realize her life was about to change—forever. After uploading her first video to YouTube at just thirteen years old, Bethany quickly became one of the Internet's go-to beauty, style, and lifestyle vloggers. Ryan Higa's How to Write Good Ryan Higa, 2017-05-30 An unconventional, irreverent, yet heartfelt memoir by Ryan Higa, one of the top creators on YouTube. With pictures! And illustrations! And, y'know, words. I know you're used to seeing me on the Internet, but here I am, coming at you in book form. You might be asking yourself, A Book? You? Why? Great question! Why did I write a book? Listen, I'm as surprised about it as you are. But I have a story to tell that I believe will help inspire people who are going through tough times to not only persevere through those tough times but to excel in them. And I couldn't be the only YouTuber without a book, could I? So, welcome to *Ryan Higa's How to Write Good*, by me, Ryan Higa. This is the story of how I went from being a relatively happy kid to being depressed and angry and filled with dark thoughts. This is the story of how I thought I had only one way out of this cruel world. This is the story of how I found a better way. But wait, there's more! You're not only getting my story but you'll also learn how to write good--I mean well--from a college dropout who struggled in basic-level English classes and still became a legit, published Best Selling Author. (That wasn't a typo. I plan to buy a boat one day...but probably not anytime soon. This book might not cell good.)

Social Media Kristin Marciniak, 2016 Tech Smarts presents 12 interesting, relevant technology-use topics. With a question-and-answer format, each book provides the basics you need to know to be a smart consumer of media and technology today.

YouTube Jean Burgess, Joshua Green, 2013-04-16 YouTube is one of the most well-known and widely discussed sites of participatory media in the contemporary online environment, and it is the first genuinely mass-popular platform for user-created video. In this timely and comprehensive introduction to how YouTube is being used and why it matters, Burgess and Green discuss the ways that it relates to wider transformations in culture, society and the economy. The book critically examines the public debates surrounding the site, demonstrating how it is central to struggles for authority and control in the new media environment. Drawing on a range of theoretical sources and empirical research, the authors discuss how YouTube is being used by the media industries, by audiences and amateur producers, and by particular communities of interest, and the ways in which these uses challenge existing ideas about cultural 'production' and 'consumption'. Rich with both concrete examples and featuring specially commissioned chapters by Henry Jenkins and John Hartley, the book is essential reading for anyone interested in the contemporary and future implications of online media. It will be particularly valuable for students and scholars in media, communication and cultural studies.
