**Training the Best Dog Ever** Larry Kay,Dawn Sylvia-Stasiewicz,2012-09-25 Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

**A Trained Dog Is a Good Dog** Jan Meyer,2012-10 A dog can be a wonderful companion with enormous affection for you and your family. His keen senses and alertness can provide you with much-needed protection, but it is important to remember that you must be prepared to care for your pet for the next twelve or more years. Like a child, it will depend on you, not only for its health and well-being, but also for dedicated training in order to become a friendly, well-mannered dog that is a pleasure for you and others. It must also be remembered that we do not live in a dog's world but that our dogs are the ones who must learn to live in a human world. It is therefore our responsibility to adequately prepare them for the unfamiliar environment in which we place them. Society does not punish a child for pulling a dog's tail but will punish the dog for biting that child. Before a handler can train his dog, he must understand what is involved in the training process. He needs to

understand what is required from him and the dog in each part of each of the different obedience exercises. He must be able to teach his dog what it is expected to know, help it as much as possible, and make it as easy as possible for the dog. He needs to know about positive reinforcement in order to get the targeted behavior to recur and to reward good behavior. Above all, he needs to know when and how much to praise and what to do when the dog is not performing a task it was taught. All this he cannot learn during the relatively short time he spends each week with the instructor at the club. Six days a week he is alone at home with his dog and needs to continue to build on the training he received at the club. He needs to remember the sequence of training steps and how to break them up into the small component parts to be mastered by the dog. And when he becomes confused, he needs help or notes to refer to! This is what I had in mind when I decided to write these notes on basic dog obedience training. There are many basic training methods from clicker training to the more traditional methods that can be used to train a dog for obedience work. The perfect training method does not exist; otherwise, we would all have had copies made and used on our dogs. No, we are all learning and improving. I have adopted an eclectic approach to dog training—that is, I have, over many years, studied different training methods and selected from them what will work for most dogs. At times, however, I may use a combination of these methods, or I may shift from one method to another, depending on the training need or exercise. What is very important to me is that the reader must not only know about the best methods of teaching dogs today but must understand why a dog behaves the way it does. Above all, it must be remembered that dog training must be fun for both dog and trainer. Most dog owners do not ask much of their dogs: they ask only that the dogs obey some basic commands and that they are well behaved at home and in public. That is why all dogs should, at least, do the Canine Good Citizen test. I hope my notes will add to your knowledge of basic dog obedience training and that your trained dog will bring much joy to you and your family.

Natural Dog Training Kevin Behan, 2009-01-14 Natural Dog Training is about how dogs see the world and what this means in regards to training. The first part of this book presents a new theory for the social behavior of canines, featuring the drive to hunt, not the pack instincts, as seminal to canine behavior. The second part reinterprets how dogs actually learn. The third section presents exercises and handling techniques to put this theory into practice with a puppy. The final section sets forth a training program with a special emphasis on coming when called.

Good Dog 101 Cristine Dahl, 2011-01-04 Author and noted Seattle dog trainer Cristine Dahl has created this revolutionary step-by-step manual to teach dog owners how they can humanely and easily train their dogs to change problem behaviors. The book is organized by individual problem

scenarios where very sort of bad behavior is addressed, whether it's if the dog compulsively digs all around your garden or if it likes to steal your shoes or if it jumps on every guest the minute they walk in the door. For each problem scenario, Dahl explains the reasons for such behavior, and then gives simply phrased instructions on how to resolve it and alter the dog's behavior for future scenarios. Her methods are humane (unlike Cesar Millan, she's approved by the SPCA) and simple, perfect for the hobbyist dog owner.

**The Love That Dog Training Program** Larry Kay, Dawn Sylvia-Stasiewicz, 2010-10-06 Dawn Sylvia-Stasiewicz is a very special trainer. She knows dogs instinctively, and, drawing on lessons she learned from raising three children, she uses the power of positive reinforcement and bonding to train dogs to be joyful, obedient, and devoted members of a family. Dog lovers throughout the Washington, DC, area know her: She trained each of the late Senator Ted Kennedy's dogs, and when the Obama family were deciding on a puppy— and could have chosen any trainer in the world to work with—it was Ms Sylvia-Stasiewicz who trained Bo. In *The Love That Dog Training Program*, a lively, accessible, authoritative book, she shares her invaluable and proven program. Her method is based on positive reinforcement. She believes in trust and treats, not choke collars; in bonding, not squeezing or hitting. Her dogs are happy and self-confident, spirited yet very well-behaved. The basic program is five weeks, it takes only 15 or 20 minutes a day, and it works for both puppies and dogs, including retraining a dog with bad habits. Illustrated with step-by-step photographs, *The Love That Dog Training Program* covers hand-feeding. Crate training and potty training. Simple commands—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct common behavioral problems including jumping, barking, noise phobias, hiding, and more. Then: how to make your dog comfortable in the world—a dog that travels well, knows how to behave in a dog park or vet's office, is comfortable around strangers, and more. As the author points out, dog training never ends, it just gets easier—and even more rewarding.

The tone of the book is conversational, charming, and thought-provoking with its unique perspective about the similarities between dogs and humans.- John Visconti Alsina neatly draws on a variety of sources to outline how dog guardians can learn to better communicate with their dogs, read their emotions and understand what they are trying to say.- Susan Nilson I highly recommend that dog owners read *Dogs Are People Too* as it delivers an excellent overview of important concepts they need to be aware of. *Dogs Are People Too* acts as a comprehensive guide to canine
