*Qur'an-Bible Comparison* Ami Ben-Chanan, 2011-02-09 As one of the biggest and most rapidly growing religions, the Islamic faith attracts a lot of attention and debates. The last sixty years have been witness to innumerable conflicts between Muslims and Jews, and Muslims and the western world (notably Christians). Many famous

people have accepted Islam, and increasing numbers of westerners are becoming Muslims every year. Muslim scholars loudly proclaim that the Quran is the only Holy Book sent by God, and Islam is the last religion, the purpose of which is to spread its tenets around the globe and to build a world-wide Caliphate. The attack and subsequent destruction of the World Trade Towers in New York City on September 11, 2001, motivated author Ami Ben-Chanan to pose this question: Does the Quran mention a Holy War against those who do not believe in Allah as God and in Mohammed as Gods Prophet? In studying the Quran in detail, he discovered many biblical events and characters that seem to run parallel. Or do they? Intrigued, he decided to bring all references together into one file and compare them to each other. The result is Quran-Bible Comparison, a compendium that provides the facts needed to fully explore this question.

How bad is the flaw? •Is it Possible to Know Anything at All? •How Do We Know What is Right and Wrong? •What is Truth? •What is Evil? •Where do laws come from? •What Happens After Death? •Can Miracles Happen? •What is the Meaning of Human History? •How Do We Get to Know God? **The New Testament in Comparison** John M.G. Barclay, Benjamin G. White, 2020-01-23 The nine essays in this volume, written by leading international scholars in New Testament studies, examine in new depth the method of comparison so frequently deployed in the study of the New Testament. They raise and reflect on deep questions on the possibility and validity of such comparative exercise, on the methods that are most effective and intellectually defensible, on the purpose of such comparison, and on the perils and pitfalls in such exercises. Addressing these questions at both a theoretical, hermeneutical level, and through case-studies of actual examples, the book provides a much needed and up-to-date methodological resource for the numerous comparative projects spawned by New Testament studies throughout the world.

*Comparing the Qur'an and the Bible* Rick Richter, 2011-11-01 Engagement with the Muslim world and Muslim people is inevitable for Christians. After all, Islam is the fastest-growing religion in the United States. But what does the Qur'an really say about things like Jesus, war, and non-Muslims? What does the Bible say on these matters? If Christians are to engage in informed, loving conversation with their Muslim neighbors, they need to be equipped with more than the often-specious talking points they glean from the news or email forwards. Comparing the Qur'an and the Bible offers readers an unprecedented collection of Scriptures and doctrines of both faiths presented side by side for easy study and comparison, covering such key issues as Jesus Abraham creation angels/jinn jihad the fall of humankind predestination ransom for sin/sacrifice grace rebirth God/Allah women marriage and divorce homosexuality suicide resurrection judgment Paradise prayer A brief explanation of each passage in the Qur'an and the Bible is given, as well as biblical answers to Islamic teaching. The book also motivates readers to have hearts for Muslims and seek to bring them to Christ, offering door openers to sharing the Good News. This indispensable collection will be treasured by anyone seeking to understand and engage their Muslim neighbors.

**Understanding Biblical Theology** Edward W Klink III, Darian R. Lockett, 2012-11-06 Understanding Biblical Theology clarifies the catch-all term “biblical theology,” a movement that tries to remove the often-held dichotomy between biblical studies for the Church and as an academic pursuit. This book examines the five major schools of thought regarding biblical theology and handles each in turn, defining and giving a brief developmental history for each one, and exploring each method through the lens of one contemporary scholar who champions it. Using a spectrum between history and theology, each of five “types” of biblical theology are identified as either “more theological” or “more historical” in concern and practice: Biblical Theology as Historical Description (James Barr) Biblical Theology as History of Redemption (D. A. Carson) Biblical Theology as Worldview-Story (N. T. Wright) Biblical Theology as Canonical Approach (Brevard Childs) Biblical Theology as Theological Construction (Francis Watson). A conclusion suggests how any student of the Bible can learn from these approaches.

*200 Questions about the Bible and the Qur'an* Dan Wickwire, 2018-11-01 Would you like objective answers to important spiritual questions, answered directly by the Bible and the Qur'an? This book addresses 200 spiritual questions every Muslim believer should consider and uses scripture as the answers to the questions. Clarifying notes are added if needed, though rarely, instead letting the Holy Books speak for themselves. 200 Questions about the Bible and the Qur'an answers questions such as these: Is it accepted that the Holy Bible is the Word of God? (Tevrat, Zebur & Injil) Does God want to protect all of His Holy Books from change and corruption? (Purpose /Niyet) Are the “God” of the Bible and the “Allah” of the Qur'an one and the same entity? In the Holy Books when God refers to Himself, does He ever speak in the first person plural “We”? Does God look on believers as being merely His slaves or servants? Is the Holy Spirit accepted as God? Is it accepted that Christ is the

one and only mediator between God and man? Is it accepted that Christ is alive today and that he will come again? Is Muhammad's self-proclamation of being a prophet a valid test or proof of prophethood? Does a holy God take small sins seriously? Is a person's salvation contingent upon their own good works? (Ameller) Will everyone have to spend a period of time suffering in hell? Are women required to wear a veil outside the home? Did God create people in His own image and likeness? Did God promise the land of Palestine specifically to the Jews?

**Bible Myths and Their Parallels in Other Religions** Thomas William Doane, 1882 Thomas Doane's thorough examination of Old and New Testament Biblical myths and legends, drawing parallels to stories belonging to older traditions, such as those of ancient Egypt. The central purpose of the text is to unite, in a single compendium, analysis of all the Bible myths which bear resemblance to earlier tales. Doane's system is practical; the myths are recounted, examined and compared against their apparent forebears in chronological order. The purpose is to demonstrate that religions share much in common with one another; while their themes and the names of figures change, the character of the tales and legends remains similar or even identical across centuries of lore. At the outset, Doane acknowledges that very little of this book is entirely original; what is special and unique to this work is its arrangement, and the systematic, readable manner in which the subject is tackled. Each chapter is amply annotated, that the reader may consult both the Bible and surviving texts of other religious works, plus previous scholarly researches into ancient mythologies. Perhaps most controversially, Doane focuses upon the tale of Christ. His birthplace, the events in which he was involved, the subject and message of his sermons, and his untimely death upon the crucifix are shown to mirror aspects of previous stories concerned prophets or holy men of other religious traditions.

*Side by Side Comparison of the Book of Jasher and the Early Books of the Bible* Jason Hoffman, 2013 The Book of Jasher and the Holy Bible - A Parallel Reading. While reading through The Book of Jasher I found myself often flipping through the Pentateuch for cross referencing. Hence the idea for this book. You will find an amazing amount of almost word-for-word parallels which lead one to wonder if perhaps one was a source for the other, or at the very least Moses and the author(s) of this book drew from the same oral traditions. To me this speaks well of the historical accuracy of this text and that it isn't some authors imaginative filling in details in the Biblical record.
