The Divine Inspiration of the Bible Arthur Walkington Pink, 1917

The Inspiration of Scripture Paul J. Achtemeier, 1980 Christians generally agree that the Scriptures are inspired and that this doctrine is of basic importance. But how is the doctrine of inspiration to be understood and what does it mean for our Christian faith? Paul Achtemeier shows how recent knowledge of the way the Scriptures were formed raises problems in regard to the traditional understanding of inspiration. In response, he presents possibilities for a new approach to inspiration that is compatible with recent critical discoveries and allows the Bible to continue to play a meaningful role. He deals with liberal and conservative views, specific contradictions in the Bible, and what the Bible says about itself. A perceptive study, *The Inspiration of Scripture* proposes a view of inspiration that makes sense for today and probes its implications for the believer and the believing community.

Inspiration Gerald O'Collins, 2018-06-21 *Inspiration: Towards a Christian Interpretation of Biblical Inspiration* anchors its study of

inspiration firmly in the Scriptures and examines the inspired nature of the Bible and its inspiring impact. Gerald O'Collins begins by examining classical view of inspiration expounded by Karl Barth and Raymond Collins. He takes up the inspired origin of the Old Testament, where earlier books helped to inspire later books, before moving to the New Testament, which throughout shows the inspiring impact of the inherited Scriptures—both in direct citations and in many echoes. The work then investigates the Bible's inspiring influence on Christian worship, preaching, teaching, the visual arts, literature, and life. After a chapter that clarifies the interrelationship between divine revelation, tradition, and inspiration, two chapters expound ten characteristics of biblical inspiration, with special emphasis on the inspiring quality of the Bible. O'Collins explains a major consequence of inspiration, biblical truth, and the grounds on which the Church 'canonized' the Scriptures. After spelling out three approaches to biblical interpretation (the authorial intention, the role of readers, and the primacy of the text itself), the book ends by setting out ten principles for engaging theologically with the Scriptures. An epilogue highlights two achievements of the book. By carefully distinguishing inspiration from divine revelation and biblical truth, it can deliver readers from false problems. This work also underlines the inspiring effects of the Scriptures as part of the Holy Spirit's work of inspiration.

God's Inspiration of the Scriptures William Kelly, 2007 William Kelly (1821-1906) was an outstanding classical scholar in his generation, preacher, teacher, editor of several influential religious magazines and of John Nelson Darby's *Collected Writings*, and a prolific author in his own right. He was a major figure in the late nineteenth century return to basic biblical teaching usually known as

the Brethren movement, often seen as the cradle of dispensationalism. A Canadian contemporary described him as second only to Mr Darby in knowledge of the Truth, and first in ability to state the Truth clearly. A frequent lecturer, he subsequently revised and published many of his lectures in book form. His familiarity with the original languages of the Bible led to well-researched expositions of both Old and New Testament books, which were widely read and highly regarded by Christians in his own time, and still today. With a genius for exposition, he combines scholarship and spirituality so that his readers gain a real sense of his unrestrained love for the Lord of whom the inspired pages of scripture speak. This book exhibits with unanswerable faith and proof the perfection of Divine revelation. It considers the great subject of the Inspiration of the Bible under the main headings of Divine Authority, Apostolic Doctrine, Its Uniformity, The Human Element and Divine Design. The latter topic, which occupies the major part of the book, consists of an introduction to each book of the Bible in turn, demonstrating the evidence of its inspiration, and relating it to the inspired themes of the whole. The author's purpose in writing the book was to present the positive proofs that God speaks in it (the Bible) to every conscience and heart, more particularly of Israel in the Old Testament, and of the Christian in the New. He shows us that one directing Author presides over each several part, imparting a special character to it, and at the same time causing all to contribute to the common purpose of revealing His counsels of glory and His ways of grace, while fully making known the weakness or the wickedness of the creature in resisting His will and doing its own. William Kelly's desire was that this work should be of help to the spiritual understanding of all who value the Bible from beginning to end.

Who Says So? Jim Bowden, 2018-01-08 Jim's second book, Who Says So seeks to maintain the integrity of the Scripture for its readers. During his practice of ministry, many church members as well as those outside the church frequently asked questions about the inspiration and authority of scripture. Many have indicated that they have heard ministers, especially those on television, declare that God is the author of the Bible and has conveyed every word penned by its many writers. That is the basis of their understanding of inspiration; therefore, the Bible must have absolute authority communicating what to believe and how to live or put into practice ones belief. In today's electronic mindset it would be like God using a smart phone and texting messages to Matthew, Mark, Luke, and John to write concerning the teachings and practices of Jesus. In his practice of ministry Jim has helped church members and others see another perspective of inspiration and authority. In the quest to see that perspective he suggests read the scripture and let it speak for itself in reaching possible conclusions about inspiration and authority. When we allow the Bible to speak for itself in the context of the history of its development, we realize that the inspiring Spirit of God first touches the lives of its many authors and those bodies of believers who studied hundreds of manuscripts and finally favored 39 texts for the creation of the Old Testament and 27 texts for the New Testament. The spiritual presence of God also touches millions and millions of human beings as they read scripture or listen to a spoken message. In Jim's book the focus of inspiration is not on the words of scripture but on the inspired storytellers central message. Also, there are many variances and some errors in many of the stories within the Bible. A storyteller is not dependent upon literary perfection to be inspired. If this were the case, we would not have the Bible today, so let the Bible speak for

itself and be inspired and empowered by the spiritual presence of God and understand its message.

Inspiration Alden L. Thompson, 2016-12-20 • Is the Bible historically accurate? • Are there any contradictions in the Bible? • If we look too closely at the Bible might we find things that will destroy our faith? • Should I be afraid that some new archaeological discovery will prove the Bible wrong? • How much freedom do I have to interpret the Bible? Combining history, Scripture, and an understanding of human nature, Dr. Thompson takes on the difficult questions regarding the Bible and inspiration. He goes beyond the question of whether you can trust the Bible to ask whether you can trust yourself as you study. This unique study of inspiration uses internal evidence from the Bible text, its history, collection, and transmission to look at the way in which God works through prophets and Bible writers. As an experiential lens, he uses the experience of the Seventh-day Adventist community, of which he is a part, and its reception and use of Ellen White as God's messenger. This provides an example of someone who produced an incredible volume of written material in her lifetime, yet maintained a great humility and understood her own spiritual experience as one of growth. However, *Inspiration: Hard Questions: Honest Answers* is not just for Seventh-day Adventists. The lessons, drawn from the experience of one community, have wide applicability as we look at a range of views on biblical interpretation, experience, tradition, and contemporary claims of a prophetic word. All communities of faith would do well to ask the hard questions addressed in this book and to learn from the history and experience of others. Ultimately, the author is addressing a question that comes to all of us: What is God's will and how can I know it? Can I be certain? To find the answers we need, Dr. Thompson reminds us

“We cannot just know Scripture, we have to know God.” In this Second Revised Edition, you will find a new “bridge” chapter, designed to invite readers outside of the Adventist tradition to join in the conversation, as well as a number of minor updates, and a set of beautiful photographs and drawings inspired by scripture, prepared for this edition by Wanda Thompson. It is not enough to determine how the inspiration of scripture works as a theological tenet or a doctrinal point. Ultimately, for God’s Word in scripture to accomplish its mission, we must each be inspired by it as well.

Revelation and Inspiration James Orr,1910 This volume is written under the conviction that revelation and inspiration, in connection with the Bible, can only be defended in conjunction with a more positive view of the structure of the Bible itself than is at present prevalent. The three things imply each other -- a positive view of the structure of the Bible, the recognition of a true supernatural revelation in its history, and a belief, in accordance with the teaching of Christ and His apostles, in the inspiration of the record. The evidence for each of these three things yields support to faith in the other two. The critical appreciation of the Bible is helped by the recognition of the revelation contained in it, and of the character of inspiration attaching to the book which is the vehicle of the revelation. The revelation sustains faith in inspiration, and vice versa. From the unity of the three aspects results the conception of a Holy Scripture. - Preface.

What Are They Saying about Biblical Inspiration? Mark J. Zia,2011 Six major scholars selected for their contributions in the study of biblical inspiration and who provide a veritable cross-section of the diversity of viewpoints on this topic as found in Anglo-American scholarship are surveyed. Abraham Heschel James Burtchaell Bruce Vawter William Abraham Kern Trembath Paul Achtemeier This presentation offers a constructive criticism of these insights from a Roman Catholic perspective, synthesizes their significant contributions, and shows the continuing dialogue among North American scholars in the field of biblical inspiration. A unique

contribution of this book is that it affirms the traditional understanding of biblical inspiration as set forth by the Catholic Church, most notably in Dei Verbum of the Second Vatican Council, while at the same time positing the continuity between past biblical inspiration and present spiritual illumination. Bible Inspiration W. W. Gardner, 2017-07-12 Excerpt from Bible Inspiration: Plenary and Verbal Inspiration, on the other hand, consists in that acting, controlling, and guiding influence of the Holy Spirit, under which God's chosen messengers spoke and wrote the original Scriptures. In short, it denotes that extraordinary divine influence, under the direction and control of which all parts of the original Scriptures were recorded, whether they be direct revelations or mere historical facts. So that the entire Bible and every part of it was written by Inspiration, and therefore is true. Now, Inspiration pertains, not so much to the writers, as to their writings. Accordingly, says Paul: All Scripture is given by inspiration of God, and is profitable, etc. 2 Tim. iii. 16. The meaning of this passage is the same,

whether it be rendered, All Scripture is inspired by God (revised Version), or, All Scripture is given by inspiration of God. In both, the apostle equally attests the fact that all Scripture is divinely inspired. Inspiration, therefore, is to be viewed rather in the Book, than in the men; the Book was inspired for all time, the men merely for the time being. Most of the errors on this subject have arisen from viewing inspiration in the writers, rather than in their writings.
