How to Sell Your Home in 5 Days Bill G. Effros, 2015-03-01 The proof is in the testimonials that have arrived by the thousands: This is a really great book. It's simple. It's straightforward. We read it. We ran our ad. We got over 100 telephone calls. We sold our home.—John Henke, Boise, ID. Our real estate broker was green with envy. In 5 days we got 24 bids higher than the highest bid she got us in 11 1/2 years. You're our hero!—Elizabeth & Tim Hunter, South Berwick, ME. I had a business opportunity I couldn't take advantage of unless I sold my home immediately. I saw your book in a bookstore and sold my home the next weekend. Thanks!—Doug Walker, Salt Lake City, UT. Thanks to your system I sold my home in 5 days at \$1.26 million. You saved me \$78,000 in real estate commission!—V., Potomac, MD. Now in its third edition and timed perfectly to address a challenging real estate market, *How to Sell Your Home in 5 Days* turns the conventional on its head to present an innovative, practical, and foolproof alternative that makes the market work for you, the seller. Based on the one basic truth of free enterprise—that your home is worth exactly what the highest bidder will pay for it— this step-by-step plan shows exactly how to price your home attractively; make a timetable; write an effective ad; use buyer psychology, price points, and magic numbers to get the best price; and conduct round-robin bidding. It includes new information on the Internet—including a supporting website, www.5-day.com—the most recent testimonials, and updates to every phase of the process, from whether or not to renovate a kitchen before selling to the ins and outs of transferring ownership. Homes sold through the five-day plan sell for an average of 5% more than through conventional sales, plus, the seller doesn't have to pay a broker's fee—making this

book among the best deals of the century.

The Professional Life of Mr. Dibdin Charles Dibdin,1803

Bidding on Her Boss Rachel Bailey,2015-09 What happens when an ambitious employee buys her boss at a bachelor auction? Find out in this story from USA TODAY bestselling author Rachel Bailey! Florist Faith Crawford has a brilliant plan--win her company's CEO at a bachelor auction and use their date to show him her designs. But her plan backfires when the focus of their meeting shifts from flowers to a floor-tilting kiss. For Dylan Hawke, it's time for damage control. Promoting the talented Faith is a no-brainer, but fraternizing with her is strictly forbidden. Dylan must remain professional--the fate of his business rests in the balance. Too bad Dylan won't rest until he gets another kiss...

ASAE Handbook of Professional Practices in Association Management John B. Cox, Susan S. Radwan, 2015-01-27 A new edition of one of the flagship books for CAE preparation The ASAE Handbook of Professional Practices in Association Management covers the core functions of association management at a high but practical level, making it a go-to resource for professionals who are leading and managing membership organizations and those preparing for the Certified Association Executive (CAE) credential. Now in its third edition, this core text in the ASAE association literature offers practical, experience-based insights, strategies, and techniques for managing every aspect of an association or membership organization. Organized into 35 chapters and presenting information based on experience and proven research into the skills and knowledge required for successfully managing an organization of any size, this book covers governance and structure, leadership processes, management and administration (including finance and human resources), internal and external relations, programs and services, and much more. This new edition incorporates increased emphasis on the c-level judgment required of Certified Association Executives and CEO-aspirants, as well as more comprehensive coverage of essential functions such as planning. Covers the range of functions essential to managing an association Serves as a flagship handbook for CAE prep and is one of only five designated CAE Core Resources; new edition is applicable to prep beginning with the May 2015 CAE exam Information is relevant and applicable to students and professionals alike Edited by the founding editor of Professional Practices in Association Management and a CAE instructor with more than 30 years of experience in preparing CAEs Put the experts to work for you with this essential resource—written by association professionals and experts

with 300 years of cumulative experience!

Hyperlocal Jennifer S. Vey, Nate Storrington, 2022-10-25 An examination of how the (hyper)local is the locus of real change Many of America's downtowns, waterfronts, and innovation districts have experienced significant revitalization and reinvestment in recent years, but concentrated poverty and racial segregation remain persistent across thousands of urban, suburban, and rural neighborhoods. The coronavirus pandemic magnified this sustained and growing landscape of inequality. Uneven patterns of economic growth and investment require a shift in how communities are governed and managed. This shift must take into account the changing socioeconomic realities of regions and the pressing need to bring inclusive economic growth and prosperity to more people and places. In this context, place-based ("hyperlocal") governance structures in the United States and around the globe have been both part of the problem and part of the solution. These organizations range from community land trusts to business improvement districts to neighborhood councils. However, very little systematic research has documented the full diversity and evolution of these organizations as part of one interrelated field. Hyperlocal helps fill that

gap by describing the challenges and opportunities of “place governance.” The chapters in Hyperlocal explore both the tensions and benefits associated with governing places in an increasingly fragmented—and inequitable—economic landscape. Together they explore the potential of place governance to give stakeholders a structure through which to share ideas, voice concerns, advocate for investments, and co-design strategies with others both inside and outside their place. They also discuss how place governance can serve the interests of some stakeholders over others, in turn exacerbating wealth-based inequities within and across communities. Finally, they highlight innovative financing, organizing, and ownership models for creating and sustaining more effective and inclusive place governance structures. The authors hope to provoke new thinking among place governance practitioners, policymakers, private sector leaders, urban planners, scholars, students, and philanthropists about how, why, and for whom place governance matters. The book also provides guidance on how to improve place governance practice to benefit more people and places.
