10th Edition. Anunnaki Genetic Creation of the Human Races, Gods, Angels, Demons and Spirits.
Maximillien De Lafayette, 2013-10-16 Published by Times Square Press
<http://www.timessquarepress.com/> Author's website: www.maximilliendelafayettebibliography.com
An authoritative book of the history of the Anunnaki, religion, names & roles of gods who created MAN from clay, as well as spirits and demons. A powerful book which explains in simple English how early humans & final types of humans were created genetically by the Anunnaki some 65,000 years ago in Mesopotamia. The book is solely based upon the Sumerian-Akkadian-Assyrian tablets, archaeology, history, Anunnaki Ulema, literature and linguistic sources from Babylon, Uruk, Ur, Eridu and other ancient Mesopotamian cities. In this academic, informative and entertaining book, there is no room for false/bogus translations and ridiculous interpretations of the history of the Anunaki, Sumero-Akkadian-Assyrian tablets and fabrication of stories about planets and stars which do not exist, and childish tales of expeditions of ancient aliens and Anunnaki who came to Earth to mine gold.

A Black Byzantium S. F. Nadel, 2018-09-03 Originally published in 1942 this now classic book is a study of the Nupe of Northern Nigeria. The economic and political complexity of their kingdom evoked comparisons with the civilization of Byzantium. The detailed description and analysis of their social life and political institutions was the first study of a Muslim Emirate in Nigeria and as such is still an indispensable work.

Helping Your Anxious Child Ronald Rapee, Ann Wignall, Susan Spence, Heidi Lyneham, Vanessa Cobham, 2008-12-03 Most children are afraid of the dark. Some fear monsters under the bed. But at

least ten percent of children have excessive fears and worries—phobias, separation anxiety, panic attacks, social anxiety, or obsessive-compulsive disorder—that can hold them back and keep them from fully enjoying childhood. If your child suffers from any of these forms of anxiety, the program in this book offers practical, scientifically proven tools that can help. Now in its second edition, *Helping Your Anxious Child* has been expanded and updated to include the latest research and techniques for managing child anxiety. The book offers proven effective skills based in cognitive behavioral therapy (CBT) to aid you in helping your child overcome intense fears and worries. You'll also find out how to relieve your child's anxious feelings while parenting with compassion. Inside, you will learn to: Help your child practice "detective thinking" to recognize irrational worries What to do when your child becomes frightened How to gently and gradually expose your child to challenging situations Help your child learn important social skills This book has been awarded The Association for Behavioral and Cognitive Therapies Self-Help Seal of Merit—an award bestowed on outstanding self-help books that are consistent with cognitive behavioral therapy (CBT) principles and that incorporate scientifically tested strategies for overcoming mental health difficulties. Used alone or in conjunction with therapy, our books offer powerful tools readers can use to jump-start changes in their lives.
