Turkish Vocabulary Book Pinhok Languages, 2019-05-14 Turkish vocabulary book + Turkish dictionary This Turkish vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Turkish-English as well as English-Turkish dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Turkish learning resource is a combination of Turkish vocabulary book and a two-way basic Turkish dictionary: Part 1 - Topic based Turkish vocabulary book: This is the main part of the book and represents a list of chapters each containing Turkish vocabularies for a certain topic. The Turkish vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Turkish dictionary: The index in the

second half of the book can be used as a basic Turkish dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Turkish-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Turkish words and directly find the English translation How to use this Turkish vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Turkish dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Turkish translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Turkish dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Turkish and comes in particularly handy at times when there is no internet to look up words and phrases.

easy Turkish Grammar with answers: an innovative way of teaching Turkish Halit Demir, • What is easy Turkish Grammar? easy Turkish Grammar is a self-study reference and practice book for learners who want to study Turkish for the first time but are not sure where to start. It teaches all the grammar and vocabulary they need for speaking and writing in Turkish. Not only does it explain the rules, it also shows how the language works and gives plenty of practice. It can also be used by lower-intermediate learners who want to revise their knowledge of Turkish. • Which Turkish does easy Turkish Grammar teach? It teaches modern standard Turkish, the dialect you read in newspapers and hear on TV channels. • How is easy Turkish Grammar organised? The grammar To help you have a feel for how Turkish works the book starts with a brief introduction about Turkish spelling, pronunciation, word order and parts of speech such as verbs, nouns and adjectives. After the introduction you will study 36 units presented in order of difficulty. First three units, which deal with spelling and pronunciation, come with online audio. Each unit covers one part of grammar explained by making references to English so that you can compare relevant areas of grammar. Areas where you may have difficulty have been treated with particular care and attention. Each topic is illustrated by plenty of real-life examples written by using the equivalents of 2000 basic English words. And each and every example in the book is translated into English. In the book some unique conventions are used for spelling, pronunciation and grammar in order to help with the learning process. Each set of suffixes in Turkish, which might be mind-boggling for speakers of European languages such as English, is highlighted with a different colour throughout the book so that you can easily spot the order and function of every suffix. You can find the

colour-legend at the bottom of the pages. Besides grammar, easy Turkish Grammar teaches lots of everyday phrases and expressions so that it may also make a useful handbook for daily Turkish. The exercises As practice makes perfect, the utmost care has been devoted to writing the exercises. At the end of the units you can find an extensive set of exercises. The appendices The appendices include 11 supplementary lessons, which you are referred to while you are studying the units. The key The key includes the answers to all the exercises. Online audio for the answers is also available. The index The index is unique in that the entries include only titles in English so that you can compare relevant areas of grammar. For example, if you want to know how to say must or express obligation in Turkish, all you need to do is refer to these titles. Here you will find information not only about how to say must in Turkish but also how Turkish suffix for must is also used to mean should. Or if you want to add -ness to an adjective or -ship to a noun, you will be referred to the relevant page where you will find that Turkish only has the suffix -lik for both. 500 TURKISH WORDS IN CONTEXT Halit Demir, 2021-10-21 500 Turkish Words in Context provides the most common Turkish words and suffixes for A1 and A2 learners of Turkish. In 500 Turkish Words in Context you will find four sets of words in this order: 1-150 150 nouns 151-300 150 adjectives 300-450 150 verbs 450-500 50 adverbs, pronouns, postpositions, conjunctions, question words, and suffixes Each set includes brief grammar tips and useful patterns. Each word is exemplified in at least one sentence and each example sentence is composed - to a great extent - of the preceding words on the

list. So, the carefully structured list enables you to recycle the words you have already studied. Some of the 500 headwords include further meaning relationships. For example, the headword renk (colour) covers the names of colours and giysi (clothes) covers some items of clothing and footwear. In a similar way, the headword başarmak (to succeed) lists other words from the same root such as başarı (success), başarılı (successful) and başarısız (unsuccessful). So, the number of words you can see in the index is well above 2000. You can practise all words by taking online quizzes and download the audios (4.11 hours) of all the words and example sentences in the book. You can find all the links in the book. 500 Turkish Words in Context also includes: □ the most common everyday expressions and pleasantries. □ a 500-word glossary of English and Turkish words with the same origin. All you need to do to add these words to your vocabulary is to see and hear them once. You will never forget them. □ an index providing easy access to the words and examples. How much can this word list help to improve your Turkish? In a nutshell, a lot. This core vocabulary covers a great part of any conversation or text in Turkish you will be involved in and provides a sound linguistic foundation to build upon. Personally, I have benefitted tremendously from such a list as a learner of Spanish. After mastering Spanish core vocabulary, I can enjoy Netflix shows and films dubbed in Spanish with the help from Spanish subtitles. I can understand podcasts at A2 level and even daily newspapers to a great extent. My next challenge is to speak the language in real settings. But I have already built enough confidence to hold daily conversations in a variety of settings and survive in a Spanish speaking country. Learn Turkish - Quick / Easy / Efficient Pinhok Languages, 2022-05-01 A curated Turkish word frequency list Are you looking for unconventional ways to speed up the process of learning Turkish? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Turkish words and phrases ordered by their frequency of use. Who this Turkish learning book is for: This book is for beginners and intermediate learners of Turkish who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The

simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Turkish frequency list is not for: This book is not for you if you are an advanced learner of Turkish. In this case, please go to our website or search for our Turkish vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Turkish learning book that guides you through the various steps of learning Turkish, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Turkish workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step

by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well – and that is what counts in the end.
