Rising Tide Randy Roberts,Ed Krzemienski,2013-08-20 The extraordinary story of how Coach Paul Bear Bryant and Joe Namath, his star quarterback at the University of Alabama, led the Crimson Tide to victory and transformed football into a truly national pastime. During the bloodiest years of the civil rights movement, Bear Bryant and Joe Namath-two of the most iconic and controversial figures in American sports-changed the game of college football forever. Brilliantly and urgently drawn, this is the gripping account of how these two very different men-Bryant a legendary coach in the South who was facing a pair of ethics scandals that threatened his career, and Namath a cocky Northerner from a steel mill town in Pennsylvania-led the Crimson Tide to a national championship. To Bryant and Namath, the game was everything. But no one could ignore the changes sweeping the nation between 1961 and 1965-from the Freedom Rides to the integration of colleges across the South and the assassination of President Kennedy. Against this explosive backdrop, Bryant and Namath changed the meaning of football. Their final contest together, the 1965 Orange Bowl, was the first football game broadcast nationally, in color, during prime time, signaling a new era for the sport and the nation. Award-winning biographer Randy Roberts and sports historian Ed Krzemienski showcase the moment when two thoroughly American traditions-football and Dixie-collided. A compelling story of race and politics, honor and the will to win, *RISING TIDE* captures a singular time in America. More than a history of college football, this is the story of the struggle and triumph of a nation in transition and the legacy of two of the greatest heroes the sport has ever seen.

We Want Bama Joseph Goodman,2021-11-09 A lively chronicle of how the 2020 Crimson Tide became Nick Saban's "ultimate team." Was Alabama's Crimson Tide in 2020 the greatest team of all time? The squad went 13-0 in a pandemic year, scored a combined 107 points against SEC powerhouses LSU and Florida, crushed Ohio State in a National Championship Game 52-24 in a contest that wasn't even that close, and followed it up with another top-rated signing class. Nick Saban called his boys the "ultimate team," but it wasn't just because they kicked the ever-living hell out of everyone on the football field. It was because the team leveraged a power and influence born of Southern pride to push back against a hateful legacy of racism that a populist president was exploiting to divide the nation. At a time when Americans needed real leaders in the face of so much hate, the sports world answered the call and fought back for the soul of the country. In the summer of 2020, the Tide players left their training facility and, led by their celebrated coach, marched to a campus doorway made infamous sixty years earlier by another political demagogue and showed what people can accomplish when they fight together for a just

cause in the name of unity. The most powerful force in a state crazy for college football had chosen to make a stand and replace George Wallace's "Segregation forever!" with a different message, written by one of the players: "All lives can't matter until Black lives matter." □ There have been some great football teams through the years, and they all deserve respect. But here's what we know for sure: They all would have been appreciative of what this Alabama team represented, and proud of what it accomplished. The Crimson Tide in 2020 captured something special that moved it beyond the conversation of best ever, and into the place reserved for most important of all time.

Bishops, Bourbons, and Big Mules J. Barry Vaughn, 2013-12-15 Bishops, Bourbons, and Big Mules tells the story of how the Episcopal Church gained influence over Alabama's cultural, political, and economic arenas despite being a denominational minority in the state. The consensus of southern historians is that, since the Second Great Awakening, evangelicalism has dominated the South. This is certainly true when one considers the extent to which southern culture is dominated by evangelical rhetoric and ideas. However, in Alabama one non-evangelical group has played a significant role in shaping the state's history. J. Barry Vaughn explains that, although the Episcopal Church has always been a small fraction (around 1 percent) of Alabama's population, an inordinately high proportion, close to 10 percent, of Alabama's significant leaders have belonged to this denomination. Many of these leaders came to the Episcopal Church from other denominations because they were attracted to the church's wide degree of doctrinal latitude and laissez-faire attitude toward human frailty. Vaughn argues that the church was able to attract many of the state's governors, congressmen, and legislators by positioning itself as the church of conservative political elites in the state--the planters before the Civil War, the "Bourbons" after the Civil War, and the "Big Mules" during industrialization. He begins this narrative by explaining how Anglicanism came to Alabama and then highlights how Episcopal bishops and congregation members alike took active roles in key historic movements including the Civil War, Reconstruction, and the Civil Rights Movement. Bishops, Bourbons, and Big Mules closes with Vaughn's own predictions about the fate of the Episcopal Church in twenty-first-century Alabama.

Alabama, One Big Front Porch Kathryn Tucker Windham, 2007-01-01 Many of Alabama's finest stories used to begin with a reference to 'the night the stars fell,' and even now there is an inclination among some residents to divide local history into two segments: before the stars fell and after the stars fell. That would make November 13, 1833, the dividing line. Thousands of Alabamians, thinking the end of the world was at hand when they saw the heavenly spectacle, fell to their knees to plead for mercy and forgiveness. Others promised eternal renunciation

of sin (card playing, dancing, whiskey drinking, cursing, and associated vices) if they were spared whatever catastrophes were in the offing. Still others jumped upon horses and tried to outrace the fearful menace they believed was pursuing them.
