My First New York New York Magazine,2013-04-30 A book as effervescent and alive as the city itself. My First New York features candid accounts of coming to New York by more than fifty of the most remarkable people who have called the city home. Here are true stories of long nights out and wild nights in, of first dates and lost loves, of memorable meals and miserable jobs, of slow walks up Broadway and fast subway rides downtown. The contributors—a mix of actors, artists, comedians, entrepreneurs, musicians, politicians, sports stars, writers, and others—reflect an enormous variety of experiences: few have arrived with less than filmmaker Jonas Mekas, a concentration-camp survivor on a UN refugee ship; few have swanned in with more than designer Diane von Furstenberg, a princess. And an extraordinary number managed to land in New York just as something historic was happening—the artist Cindy Sherman arrived in the middle of the Summer of Sam; restaurateur Danny Meyer came on the day John Lennon was shot. Arranged chronologically, these moving and memorable stories combine to form an impressionistic history of New York since the Great Depression. They also provide an accidental encyclopedia of New York hotspots through the ages: from the Cedar Tavern and the Gaslight to Lutèce and Elaine's, from Max's Kansas City and the Mudd Club to the Odeon and Bungalow 8, they're all here, dots on the unbroken line of the Next Next things. Taken together, My First New York is a collection of fifty-six testaments to a larger revelation, one that new arrivals of all stripes and all eras have experienced again and again in New York, regardless of how the city proceeds to treat them: what the songwriter Rufus Wainwright calls having cracked the code of living life to the fullest.

They took advantage of the high life in the big city. Elmira was a grand place in 1902 with a population was 35,000 and rising. Upscale shops, opera and theatre, fun activities at Eldridge Park and Rorick's Glen, and fine restaurants kept Emma busy. The Gap Decade Katie Schnack,2021-10-12 A gap decade isn't a cute whim of a decision to take a pause and travel to Italy for a few months. Nah. A gap decade is a cluster of challenging, transitional years that the universe just dumps in your lap. And my lap. And pretty much everyone's lap. It's that twilight zone between 'young person' and 'full-blown adult' that sort of washes in, bringing with it a bit of chaos, growth, and self-discovery. It is a few years of flailing around, trying to figure out what the heck is happening as you move from not old to kinda old. From young adult to adult adult. The

gap decade is that sometimes difficult transitional season young adults face in their twenties and early thirties. In this quirky and honest chronicle, Katie Schnack names the awkward realities of living in that gap between adolescence and adulthood. She and her husband go on an unpredictable journey through a decade of never-ending transitions as they make multiple moves across five states, face job interviews and tax returns, and go through anxiety, loss, pregnancy, and countless episodes of The Office.* Along the way, Schnack explores the common experiences of these young adulting years: The uncertainty of waiting when you're stuck and don't know what steps to take. Learning to trust in God's provision when you are broke like a joke. Admitting your need for help when panic attacks strike. And discovering a life full of grace and joys that can't be ordered via two-day delivery. *Katie has binged all nine seasons of The Office—four times. Don't do the math about how many hours of TV that is. She doesn't want to know.

Dorothy & Herbert Jackie Azúa Kramer,2021-10-29 A picture book biography about an ordinary New York City couple and their extraordinary collection of art In the heart of Manhattan lived a librarian and a postal clerk who loved art so much that they collected it. Over the years, Dorothy and Herbert brought home hundreds of works of art—from little-known SoHo artists to luminaries such as Chuck Close and Christo and Jeanne-Claude—to their small, empty-walled apartment, much to the curiosity and delight of their eight cats and tank of fish. Their passion for art and support of artists was so impressive, Dorothy and Herbert became famous themselves. And when they gifted their extraordinary collection to the National Gallery of Art, their art became ours, inspiring new generations of artists.

Gone to New York Ian Frazier,2006-08-22 Welcome to Ian Frazier's New York, a city more downtown than up, where every block is an event, and where the denizens are larger than life. Meet landlord extraordinaire Zvi Hugo Segal, and the man who climbed the World Trade Center, and an eighty-three-year-old typewriter repairman whose shop on Fulton Street has drawers full of umlauts. Learn the location of Manhattan's antipodes, and meander the length of Route 3 to New Jersey. Like his literary forbears Joseph Mitchell and A.J. Liebling, Frazier, in his bewitching, inimitable voice, makes us fall in love with America's greatest city all over again, the way he did, arriving as a young man from Hudson, Ohio. In classic evocations of the F train, Canal Street, and Prospect Park, Brooklyn, and in his iconic Bags in Trees essay, Frazier gives us New York again, in all its vital and human multiplicity.
