Laura Driscoll

Bye-Bye Binky Maria van Lieshout, 2016-03-08

Babies use a binky. Do big kids? No! Big kids say, Bye-bye, binky! Every child's life is filled with milestones. Some happen easily; others need a little extra support. Artist and mom Maria van Lieshout has been there. Drawing upon her own experiences, she has created an engaging series of books that are just right for children on the brink of major changes and the caregivers who encourage them. Plus, this is the fixed-format version, which looks almost identical to the print edition!

I Want to Be a Veterinarian Laura

Driscoll, 2018-10-02 For the child who says, I want to be a veterinarian when I grow up! And for any child who wants a gentle behind-the-scenes look at being a veterinarian. Veterinarians help sick and hurt animals feel better. Did you know that there are many different ways to be a veterinarian? When a father and child bring Gus the dog to his check-up, they learn that there are vets who work with very large animals, vets who work with wild animals—and more. I Want to Be a Veterinarian is part of a new I Can Read series that introduces young readers to important community helpers. This Level One I Can Read is perfect for children learning to sound out words and sentences. Whether shared at home or in a classroom, the short sentences, familiar words, and simple concepts of Level One books support success for children eager to start reading on their own. For anyone looking for books about community helpers for kids, the I Can Read My Community books are a great choice.

The books are bright and upbeat and feature characters who are diverse in terms of gender, race, age, and body type. Kids ages 3-6 will enjoy finding out more about the people who do so much to help all of our communities.

A Dog's Purpose W. Bruce Cameron, 2010-07-06 A Dog's Purpose—the #1 New York Times bestseller and major motion picture—is a perfect gift to introduce dog lovers to this wonderful series. Based on the beloved bestselling novel by W. Bruce Cameron, A Dog's Purpose, from director Lasse Hallström (The Cider House Rules, Dear John, The 100-Foot Journey), shares the soulful and surprising story of one devoted dog (voiced by Josh Gad) who finds the meaning of his own existence through the lives of the humans he teaches to laugh and love. The family film told from the dog's perspective also stars Britt Robertson, KJ Apa, John Ortiz, Peggy Lipton, Juliet Rylance, Luke Kirby, Pooch Hall and Dennis Quaid. A Dog's Purpose is produced by Gavin Polone (Zombieland, TV's Gilmore Girls). The film from Amblin Entertainment and Walden Media will be distributed by Universal Pictures. Screenplay by W. Bruce Cameron & Cathryn Michon and Audrey Wells and Maya Forbes & Wally Wolodarsky. Heartwarming, insightful, and often laugh-out-loud funny, A Dog's Purpose is not only the emotional and hilarious story of a dog's many lives, but also a dog's-eye commentary on human relationships and the unbreakable bonds between man and man's best friend. This moving and beautifully crafted story teaches us that love never dies, that our true friends are always with us, and that every

creature on earth is born with a purpose. Bailey's story continues in A Dog's Journey, the charming New York Times and USA Today bestselling direct sequel to A Dog's Purpose. Little Kids, Big City Alex McCord, Simon Van Kempen, 2010 Stars of Bravo TV's The Real Housewives of New York City, Alex McCord and Simon van Kempen, have a hit show and a great book, Little Kids, Big City, a lighthearted and critically acclaimed he-said, she-said rant, about their experiences raising their two young children in the Big Apple. More of a Momoir (and Dadoir) covering the last 10 years of their lives, Alex & Simon write with a unique and humorous insight into the challenges facing parents today. They use their own hard-won experience as a springboard to discuss life before children and their

determination not to have any, followed by their journey and eventual change of heart and the rollercoaster ride of having two children in two years in a seemingly non-child-friendly environment. Rather than a preachy, how-to guide, Simon & Alex take the reader on a romp through the indignities and surprises that befell them. Their informative and often hair-raising stories of life in the concrete jungle make Little Kids, Big City a must-read for anyone who has ever had children, hated children or thought they might want to have them someday, as well as for any fan of their hit show.

How to Be a Big Kid DK, 2018-05-15 This super-handly book is a survival guide for the busiest job there is: being a preschooler. Being little is hard work. There's so much for children to learn: tying their shoelaces, finding the right hole for each arm in a sweater, remembering to say please and thank you, sharing toys with other children, and a whole bunch of other things, too. Then they're expected to go to school and learn even more. How to be a Big Kid is here to help children learn the skills they need to take care of themselves, get along with others, and be ready to go on their first day of school.

Fight for Life #1 Laurie Halse Anderson, 2007-05-10 Maggie's grandmother runs an animal clinic, Dr. Mac's Place, so Maggie knows her way around animals who are in danger. When she learns that the abused and sick puppies flooding the clinic are from an illegal puppy mill, she knows that she has to find out who's running it, where it is—and save the rest of the dogs!

Big Life Journal Alexandra Eidens, 2018-09-05 A guided journal for tweens and teens.

I'm Not a Giant, I'm Just a Big Kid! Angela Thomas Peterson, 2016-12-31 *I'm Not a Giant, I'm Just a Big Kid* is a book for any child that has been treated differently because of their size. Sometimes people will treat you differently because your body or height is not the same as theirs and that can be very frustrating to a young child. If a child is very big in size we expect them to act older but they're still a kid just bigger than most. If a child is very small we tend to treat them more like a baby even though they could be the same age as the other children just smaller. Enjoy reading this fun filled journey with your students or child of a kid that was picked on terribly by other classmates because he was bigger than everyone else in the classroom. After reading the many funny, gross twists and turns in the story of Eric wanting to be smaller like everyone else, I believe all children will learn to accept themselves the way they were made and others will learn to accept them too! Enjoy the book but be careful...it can get a little gross.

Piglet Melissa Shapiro, Mim Eichler Rivas, 2022-06-07 In the tradition of the 'Marley and Me' and 'Oogy: The Dog Only a Family Could Love', 'Piglet' is a charming, inspirational memoir about empathy, resilience, kindness, and an adorable deaf blind pink dog.

Woo-Hoo ... Chris P. Is 2! Len Lucero, Kristina Tracy, 2015-11-24 Chris P. Bacon is one remarkable pig. Born with malformed hind legs, he was taken

to a veterinarian to be euthanized—but luckily, that vet was Len Lucero, who saw that the little guy was special. Chris P. went home with Dr. Len and within a matter of weeks became an Internet sensation and a media darling, winning thousands of hearts all over the world. Before long, he was a famous author, too! In Chris P.'s first two books, *Chris P. Bacon . . . My Life So Far* and *How to Roll Like Chris P. Bacon*, readers watched him treat his pals to ice cream cones, decorate the barn for a hoedown, bake a batch of Pigs in Mud cookies, and much more. Now he's back—and it's his birthday! He is turning two, and, boy, is he excited. He can't wait for a day full of fun, friends, and family (and grapes and Cheerios, of course!). Follow Chris on his big day, starting with his morning rounds on the farm, where he shares his contagious happiness with all of his friends. Watch him prepare for his big party, and finally join him in the celebration and see what his furry and human friends have to say about Chris's first two years as everyone's favorite Pig on Wheels!

Vicky the Very Silly Vet Ronne Randall, 2001 The life of Vicky the Vet gets off with a hectic day with the animals.

Silly Alien Space War Stories for Bigger Kids Denis Hayes, 2014-04 Do other superior beings really exist outside of Earth? Of course they do and in this book they are very active all over all over the Universe but not always in a serious way. The Sramians, Sunevians and Otulprians are from three identical planets in the same orbit around the same sun in a very old galaxy on the far side

of the Universe that has no sides. They come from a Galaxy so old that its name has been forgotten and so is just called The Oldest Galaxy. The Creator has made them Caretakers, Custodians and the Commissioners of the Universe as the Creator is very busy creating. This second book in the series centres around an attack from another Universe led by an Alien who had slipped into our Universe aeons before and had created havoc. He had been deported, supposedly back to his own Universe but had been dumped into a different one by mistake. He has been plotting his revenge ever since. Our Aliens have developed a Space Fighter to end all wars but found that only Humans can utilise it to the full. This is a story of how one man saved the Universe and returned to tell the tale.

Wild Vet Adventures Gabby Wild, Jennifer Szymanski, 2021-03-09 The wildlife veterinarian and environmental advocate shares highly visual profiles of amazing animals from around the world, covering subjects ranging from animal anatomy and behavior to the work of specialist caregivers and how kids can help protect endangered species.

ER Vets Donna M. Jackson, 2005 They can surgically remove an arrow in a cat's abdomen, repair a bird's broken wing, even save a tiny foal that is in a coma. How? With high-tech x-rays, endoscopes, and electrocardiographs--but most important, with a love of science and animals. Twenty-four hours a day, with a team of anesthesiologists, cardiologists, ophthalmologists, nurses, internists, residents, and a healthy dose of adrenaline, emergency room

veterinarians try to heal these little--and large--creatures we consider part of our families. Filled with full-color behind-the-scenes photographs, this book captures the drama, excitement, and courage of being an ER vet.

While I Was Gone Sue Miller, 2002-11-26 The New York Times bestseller called quietly gripping by USA Today demonstrates how impulses can fracture even the most stable family. Despite her loving family and beautiful home, Jo Becker is restless. Then an old roommate reappears, bringing back Jo's memories of her early 20s. Jo's obsession with that period in her life--and the crime that ended it--draws her back to a horrible secret.

A Big Little Life Dean Koontz, 2011-07-12 NEW YORK TIMES BESTSELLER • In a profound, funny, and beautifully rendered portrait of a beloved companion, bestselling novelist Dean Koontz remembers the golden retriever who changed his life. A retired service dog, Trixie was three when Dean and his wife, Gerda, welcomed her into their home. She was superbly trained, but her greatest gifts couldn't be taught: her keen intelligence, her innate joy, and an uncanny knack for living in the moment. Whether chasing a tennis ball or protecting those she loved, Trixie gave all she had to everything she did, inspiring Dean and Gerda to trust their instincts and recapture a sense of wonder that will remain with them always. Trixie lived fewer than twelve years; in this wide world, she was a little thing. But in every way that mattered, she lived a big life.

All Dogs Go to Kevin Jessica Vogelsang, 2015-07-14 ALL DOGS GO TO KEVIN is a

humorous and touching memoir that will appeal to anyone who has ever loved an animal or lost hours in James Herriot's classic veterinary stories. You can't always count on people, but you can always count on your dog. No one knows that better than veterinarian Jessica Vogelsang. With the help of three dogs, Jessica is buoyed through adolescence, veterinary school, and the early years of motherhood. Taffy, the fearsome Lhasa; Emmett, the devil-may-care Golden; and Kekoa, the neurotic senior Labrador, are always by her side, educating her in empathy and understanding for all the oddballs and misfits who come through the vet clinic doors. Also beside her is Kevin, a human friend who lives with the joie de vivre most people only dream of having. From the clueless canine who inadvertently reveals a boyfriend's wandering ways to the companion who sees through a new mother's smiling facade, Jessica's stories from the clinic and life show how her love for canines lifts her up and grounds her, too. Above all, this book reminds us, with gentle humor and honesty, why we put up with the pee on the carpet, the chewed-up shoes, and the late-night trips to the vet: because the animals we love so much can, in fact, change our lives.

Big Kid: For When You're Feeling Small in a Big, Big World Janice Robinson-Celeste, 2019-08-27 Come along on a journey through the jungle to the Jurassic Age, and onto the big city to learn that you're bigger than you know. This book is for young children who might be feeling small in a big, big world. The book's concept comes from a public speaking technique that professionals use

before speaking to a crowd. When you're feeling intimidated, instead imagine yourself as something bigger to feel empowered so that you can handle anything. Whether it's dealing with bullying, anxiety or family problems, children often need this type of empowerment and encouragement to manage in a big and tough world. In addition, because of the simple storyline and repetition, young children can easily 'read' the book and recognize simple words, which helps them develop necessary pre-reading skills. Big Kid helps young children with social-emotional growth and contributes to positive mental health. Read the book whenever your child is feeling helpless and needs to be empowered. AUTHOR BIOGRAPHY: The producer, Janice Robinson-Celeste is an early childhood specialist, a mom, former parent educator, and daycare owner, published parenting author, owner of Ethnic Animations, and is the publisher of Successful Black Parenting magazine. AUTHOR HOME: Los Angeles, CA

Big Kid Life Vet Introduction

In today's digital age, the availability of Big Kid Life Vet books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes

or on the go. This article will explore the advantages of Big Kid Life Vet books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Big Kid Life Vet books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Big Kid Life Vet versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Big Kid Life Vet books and manuals for download are incredibly convenient.

With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for

specific terms, making them highly practical for studying or referencing. When it comes to accessing Big Kid Life Vet books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Big Kid Life Vet books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America,

which provides a vast collection of digitized books and historical documents. In conclusion, Big Kid Life Vet books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Big
