Endurance Racing at Silverstone in the 1970s & 1980s Chas Parker,2010-09-15 Charts the progress of sports car races, year-by-year from 1976, through the era of the Group C cars, up to the end of the eighties, with accounts and photographs of each event. Race Across the World John Smailes,2018-10-24 In 1968, ninety-eight competitors stormed out of London on the world's greatest automotive adventure, the London to Sydney Marathon, the most ambitious and epic car race ever staged. Four weeks later they arrived in Sydney-or at least half of them did. The others lay in ruin along its 10,000-mile route. Unimaginable now in either concept or execution, the marathon captured the rapt attention of the countries through which it passed, and of the world, as it created front-page news. It was more than a car race, more than a rally, more than the trials that opened up outback Australia only a decade before: it was the world's most gruelling test of driver and vehicle. For Australians, the race became a focal point of the rivalry between local car-manufacturing giants Holden and Ford, as the Monaro Coupe and the iconic Falcon GT went head to head. Neither was to win, but the story of their duel is motor-sporting legend. John Smailes was a young journalist at the time, covering the race for the Sydney Daily Telegraph. Fifty years after this extraordinary race was run, John's dramatic, compelling and utterly fascinating story-drawing on his own first-hand, eyewitness account and enhanced by in-depth interviews over the intervening years with all the race's key participants-brings the marathon vividly to life.

Aston Martin DB Andrew Noakes,2019-09-03 Read the full story of Great Britain's best-loved sports car manufacturer with Aston Martin DB, an exquisitely produced, photo-loaded, history by Aston Martin expert, Andrew Noakes. The name David Brown is synonymous with the glory days of Aston Martin, when a tiny British sports car company was rescued from near-extinction and turned into a marque that could compete with Ferrari--and win. Stylish design, lavish illustration from the Aston Martin Heritage Trust and meticulously researched text come together in this large-format, 224-page book to create a superb celebration of the 70th anniversary of DB Aston Martins in 2017. There's a wealth of detail on the Aston Martin DB road and race cars, both from the David Brown era of 1947-1972 and the modern DB era from 1993 onwards, together high quality images and specification tables for all the key models. Aston Martin DB 70 Years is a fitting celebration of one of the world's most enduring sports cars. The fast, beautiful sports cars that Aston Martin built under Brown's ownership won the Le Mans 24-hour race and the World Sports Car Championship, and provided James Bond with his most famous transport: the ejector-seat equipped DB5 that won acclaim in Goldfinger. Though the DB era ended when Brown sold the company in 1972, its influence continued to be felt. James Bond's most recent car, the specially-made DB10, and Aston Martin has just launched its most complete car ever, the DB11. 'DB' means as much to Aston Martin now as ever.

Racing Mustangs Steve Holmes,2021-08-19 Virtually from the moment of its launch in April, 1964, the Ford Mustang has been a favorite among road racers. From the Tour de France, to production sports car racing, the SCCA Trans-Am series, regional and national A/Sedan competitions, and international and domestic sedan championships in Great Britain, Europe, Australia, and New Zealand, the Mustang has enjoyed a following like few other models. This book is a photographic celebration of road racing Mustangs throughout the world. It focuses on production-based cars, rather than the heavily modified tube-frame silhouette machines that began appearing in the late 1970s. Included are images of big-budget factory-supported cars competing in the Trans-Am series, right through to low-buck independents, and cars competing throughout the world. Using only period images, including countless photos that have never before been published, this is a true photographic history, depicting the global popularity of the Ford Mustang as a road racing car.
