Willa's Grove Laura Munson, 2020-03-03 You are invited to the rest of your life. Three women, from coast to coast and in between, open their mailboxes to the same intriguing invitation. Although leading entirely different lives, each has found herself at a similar, jarring crossroads. Right when these women thought they'd be comfortably settling into middle age, their carefully curated futures have turned out to be dead ends. The sender of the invitation is Willa Silvester, who is reeling from the untimely death of her beloved husband and the reality that she must say goodbye to the small mountain town they founded together. Yet as Willa mourns her losses, an impossible question keeps staring her in the face: So now what? Struggling to find the answer alone, fiercely independent Willa eventually calls a childhood friend who happens to be in her own world of hurt—and that's where the idea sparks. They decide to host a weeklong interlude from life, and invite two other friends facing their own quandaries. Soon the four women converge at Willa's Montana homestead, a place where they can learn from nature and one another as they contemplate their second acts together in the rugged wilderness of big sky country.

At the Edge Danny MacAskill, 2016-09-29 'I've already had my nine lives on the bike...' Danny MacAskill lives on the edge. The cyclist is legendary for his YouTube viral videos like 'The Ridge': nerve-jangling blurs of stunts and speed over towering buildings and mountain peaks. His life is one of thrills, bloody spills and millions of online hits. It hasn't been an easy ride. Fear, stress and the 'what if?' factor circle every trailblazing trick, which require imagination, daredevil techniques and movie-making smarts. He has spent his life pushing the extremes; somehow, he's still around to tell the tale. In this unflinching memoir of mayhem, Danny shares his anarchic childhood on the Isle of Skye and early days as a street trials rider, takes us behind the scenes of his training and videos, and reveals what it takes to go beyond the next level - both mentally and physically. Join Danny for a nerve-shredding ride. Just be sure to bring a crash helmet.

The Black Jersey Jorge Zepeda Patterson, 2019-06-25 A fast-paced mystery where Murder on the Orient Express meets the Tour de France—someone's killing off cyclists one by one. There are cyclists willing to die to win a single stage of the Tour, taking suicidal descents at more than 90 kilometers per hour, but now I know there are cyclists willing to kill to win. Marc Moreau, a professional cyclist with a military past, is part of a top Tour de France team led by his best friend, an American star favored to win this year's Tour. But the competition takes a dark turn when racers begin to drop out in a series of violent accidents: a mugging that ends in an ankle being crushed, a nasty bout of food poisoning, and a crash caused by two spectators standing where they shouldn't. The teams and their entourages retreat into paranoid lockdown even as they must continue racing each day. The mountain inclines grow steeper and the accidents turn deadlier: a suspicious suicide, an exploded trailer, a loose wheel at the edge of a cliff. Marc agrees to help the French police with their investigations from the inside and becomes convinced that the culprit is a cyclist who wants to win at any cost. But as the victim count rises, the number of potential murderers—and potential champions—dwindles. Marc begins to have the sickening realization that his own team has been most favored by the murderer's actions, and in the final stages of the race Mark himself emerges as the only cyclist left who could possibly beat his best friend and win the Tour. Whom can Marc trust? Whom should he protect? What decision will he make if he's asked to choose between justice, loyalty, and glory? Praise for *The Black Jersey* "Men, mountains, machines, speed, greed, and murder . . . Making a tour de force of the Tour de France, Jorge Zepeda Patterson does for cycling what Dick Francis did for horse racing. Warning! Strap on your helmets! This is no tale for wimps."—Alan Bradley, author of the Flavia de Luce series "The world of competitive cycling is stressful enough without adding suspicious accidents to the mixture. But that is exactly what happens in this thrilling and intrigue-filled novel. *The Black Jersey*

has the pace and excitement of a world-class race.”—Alexander McCall Smith, author of the No. 1 Ladies’ Detective Agency series “The Black Jersey is a joy from start to hair-raising finish line, even for someone like me who prefers a good meal to any kind of competitive sport. Bravo!”—M. L. Longworth, author of the Provençal Mystery series

An Annoying ABC Barbara Bottner, 2011 When Adelaide annoys Bailey, their entire preschool class gets upset, one child after another, until Zelda zaps Adelaide and a round of apologies begins. Game Feel Steve Swink, 2008-10-13 Game Feel exposes feel as a hidden language in game design that no one has fully articulated yet. The language could be compared to the building blocks of music (time signatures, chord progressions, verse) - no matter the instruments, style or time period - these building blocks come into play. Feel and sensation are similar building blocks where

Cycling and Cinema Bruce Bennett, 2019-04-30 A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

Born a Crime Trevor Noah, 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (*Entertainment Weekly*), “soul-nourishing” (*USA Today*) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—*Esquire* Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah’s unlikely path from apartheid South Africa to the

desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Zones of Control Pat Harrigan, Matthew G. Kirschenbaum, 2016-04-15 Examinations of wargaming for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. Games with military themes date back to antiquity, and yet they are curiously neglected in much of the academic and trade literature on games and game history. This volume fills that gap, providing a diverse set of perspectives on wargaming's past, present, and future. In *Zones of Control*, contributors consider wargames played for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. They consider both digital and especially tabletop games, most of which cover specific historical conflicts or are grounded in recognizable real-world geopolitics. Game designers and players will find the historical and critical contexts often missing from design and hobby literature; military analysts will find connections to game design and the humanities; and academics will find documentation and critique of a sophisticated body of cultural work in which the complexity of military conflict is represented in ludic systems and procedures. Each section begins with a long anchoring chapter by an established authority, which is followed by a variety of shorter pieces both analytic and anecdotal. Topics include the history of playing at war; operations research and systems design; wargaming and military history; wargaming's ethics and politics; gaming irregular and non-kinetic warfare; and wargames as artistic practice. Texas Tough Robert Perkinson, 2010-10-26 A vivid history of America's biggest, baddest prison system and how it came to lead the nation's punitive revolution In the prison business, all roads lead to Texas. The most locked-down state in the nation has led the way in criminal justice severity, from assembly-line executions to isolation supermaxes, from prison privatization to sentencing juveniles as adults. *Texas Tough*, a sweeping history of American imprisonment from the days of slavery to the present, shows how a plantation-based penal system once dismissed as barbaric became the national template. Drawing on convict accounts, official records, and interviews with prisoners, guards, and lawmakers, historian Robert Perkinson reveals the Southern roots of our present-day prison colossus. While conventional histories emphasize the North's rehabilitative approach, he shows how the retributive and profit-driven regime of the South ultimately triumphed. Most provocatively, he argues that just as convict leasing and segregation emerged in response to Reconstruction, so today's mass incarceration, with its vast racial disparities, must be seen as a backlash against civil rights. Illuminating for

the first time the origins of America's prison juggernaut, Texas Tough points toward a more just and humane future.

The Other Wes Moore Wes Moore, 2011-01-11 NEW YORK TIMES BESTSELLER • From the governor-elect of Maryland, the "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that

take readers from heart-wrenching losses to moments of surprising redemption, The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world.
