Just Keep Pedaling Thomas E. Trim bath, 2002-03-27 What started out as one person's bike ride to lose some weight became the story of a slice of America from the Pacific Northwest to the Florida Keys. There were big cities, rural towns and great stretches of open land. Heroes and villains are out there too, but mostly it's fine people living day-to-day and unknowingly impressing strangers. The weather wasn't left out either. From the first winter storm in the mountains of Washington through the tailwinds in Idaho to the heat and storms of the South, weather kept things from getting boring. Seeing America at ten miles an hour without the protective shell of a car allows all of the senses to get to know the country. It was an interesting ride with insights into culture and sore muscles. And then there was the awesome chocolate sundae in a ranch town in Utah This personal narrative also has an appendix that acts as a guide for others that might want to try their own adventure. There are details on gear, route selection, and expenses and most of all encouragement. You don't know what you'll find out there on the road until you get there.
