Byrne's Treasury of Trick Shots in Pool and Billiards Robert Byrne, 2015-01-27 Fully illustrated—in color for the first time!—with drawings of nearly 350 mind-boggling trick shots, Byrne's *Treasury of Trick Shots in Pool and Billiards* will teach you everything from the basic “butterfly formation” to the most difficult and impressive shots. Robert Byrne will help novice and experienced players alike perfect their trick shots and learn about the historical context of each trick. Trick shots are anything amusing, surprising, or educational that can be done on a pool or billiard table with standard accessories, and have been around as long as the game itself. Byrne demonstrates historical shots, including some invented by the famous Captain Mingaud, the world's first professional exhibition player, and newer tricks seen while travelling to tournaments around the world. Filled with easy as well as hard, and technical as well as showy tricks, the book's clear diagrams, paired with secret insider tips, describe simpler stunts for the beginner, those that take years of practice, and some that the author doubts you'll ever be able to do. Whether you want to impress a crowd, a group of friends, or yourself, Byrne's wild, stunning, and unforgettable trick shots will make you question some principles of physics and wow an audience of one or one-hundred. Amateur Billiard Championship of America (Class A) Amateur Athletic Union of the United States, 2015-07-22 Excerpt from *Amateur Billiard Championship of America (Class A): Souvenir of the First Tournament Given Under the Auspices of the Amateur Athletic Union of the United States; Held in the Knickerbocker Athletic Club of New York, February 13th, 1899* A History of Amateur billiards must of necessity be merely a sketch to bring it within the scope of a few pages of this Souvenir. The writer would therefore first apologize for any omissions or inaccuracies of statement that may be detected by the reader; because much that is given here is purely from personal recollection of facts that cannot now be easily verified. The first game of billiards that the writer ever played was upon a table six feet wide and twelve feet long, with six pockets, four balls, and a fast cushion. This was the customary outfit up to

1865; although soon after that date the size of the table was reduced to five and one-half by eleven feet and later to five by ten feet (the size used to-day in matches). The pockets were however retained for some time. Carom tables were introduced later. The carom shots were counted in those days, as well as the balls pocketed, according to the color of the balls. A carom on the two red balls counted three; one on a red and white ball counted two; a red ball in pocket counted three; and a white in pocket two. The usual game for amateurs was 34 points, and any one who could run the game out was a very skillful player. Billiard Atlas on Systems and Techniques Walt Harris,1998-11-01

The Game of Billiards Michael Phelan,2015-06-24 Excerpt from The Game of Billiards Since the first appearance of this work, the number of devotees of the polite art of Billiards has increased a hundredfold on this continent; and in the past few years the tastes of American players have undergone a marked change. Up to 1855, the hazard or pocket game - spot ball, as it was sometimes termed - was the favorite mode of play with our people. Now, the more artistic, more versatile, and decidedly more beautiful carom game is in vogue; the six-pocket table has fallen into comparative disuse, its place being filled by the table with four pockets; and, finally, the tables of large dimensions are rapidly being superseded by those of a size intermediate - the American and French standards - viz., eleven feet in length, by five and a half in width. The Barefoot Cue Ball Paul A. "Doc" Rutter, 2011-11-02 This book is written for the aficionados of pocket billiards, the weekly recreational & league players, the Pro-players, the action players, and even the actor players, playing players in movies or TV shows. We must also include the backbone of pocket and carom billiards. A most unlikely group of people that play pool so casually that they don't even consider themselves as players. It is just something to do while waiting for something else to happen. These billiard characters reside in the mysterious back corners of my mind. Over the last few years they kept driving me, at odd hours to, go ahead Doc, write it down, don't let our billiard knowledge just die out and fritter away. I listened. To list all these players, writers, supporters and industry suppliers that influenced me is not practical, but they were all subconsciously urging me on. Some were mere shadows of memories or ghosts flickering through the murky mental back roads. All had a part in this. God bless them all for those parts that they played.
