Dr. Wayne W. Dyer

Wishes Fulfilled Dr. Wayne W. Dyer, 2013-12-03 This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. *Wishes Fulfilled* is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and all things means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your imagination!

The Key to the Secret Cedar Medicine, 2012-02-09 I loved the book, *The Secret*. I realized pieces were left out. So I tracked down the missing pieces. This book contains what I found. This book describes how to have fun using the Law of Attraction, or really Resonant Attraction, Manifestation, and adjustment of energies, to benefit yourself and others. It contains the essence of over 200 books, and numerous seminars, on the subject. This book is written along the lines of the *Tao Te Ching*, *Sun Tzu's Art of War*, *Richard Bach's book Illusions*, or *Journey to the Ancestral Self*, where one can go back to it many times, and get something new and fascinating, each time. One reviewer said this book could be a playbook for life. All reviewers said it was the most complete book they had ever seen, on the subject. The editors of *Think and Grow Rich* left out a lot of material they felt people weren't ready for. This book fills in most of those gaps, also. We seek out problems for their gifts, because we grow as we solve those problems. You cannot solve a problem out of the same place it was created. You must go to a new level of order. Everything you see in this book, and every human creation, was sought out to solve some problem, by someone in a state of confusion, who didn't have the answer at first, and asked new questions. The Universe has benevolent intentions for you, if you choose to let it work that way. Your default setting is peace, love, joy, healing beauty, happiness, satisfaction, comfort, contentment, and everything that makes life worthwhile. Only you can change the default settings. You change them by invoking the Law of Attraction, with intent. You already have and are everything you could ever need, want, be, do, or have, inside, in the field of possibility. Energy flows where attention goes. What you concentrate on grows. You can create anything you want. You already create your world, perhaps unconsciously. This book is about

becoming a conscious creator, so you consciously choose what you will create, and then becoming an effortless creator. The Law of Attraction is very simple. It is really a Law of Resonant Attraction. Stop believing, feeling, and thinking about what you don't want, and start believing, feeling, and thinking what supports you, and what would support your growth. You never want things as things; you seek the feelings having the things will bring to you. You can create those feelings right now. What would it feel like, if your dream was real, right now? What would you see, hear, and feel if you already had whatever you seek? Spend as much time as you can, in that state of being. 90% of success is having a clear intent. Take action as you feel guided to do so. The intent of this book is to guide you into experiencing and realizing your dreams. This book is very similar to Dowsing and Manifesting- though it doesn't use dowsing language- and Redneck Shaman- though it isn't specifically shamanic. The three authors differed on what the final product should look like, so they each went in their own direction.

Creating Binaural Beats Using Gnaural and Audacity Mark Crossthwaite, 2019-04-18

Brainwave Entrainment is most often used to help people either relax or focus, but there are many other uses as well. Every time your brain is stimulated with Binaural Beats, it produces a corresponding electrical response. The creation of Binaural Beats is easily accomplished with the right software and instructions which I have provided you with here. Brainwave Entrainment is very useful for enhancing cognition and focus. In fact, that is one of the well-researched uses of the technology. How you're feeling at this moment is a byproduct of your brain wave activity. Every state of consciousness that you experience is a result of beta, alpha, theta, and delta brain waves. It is important to understand that no brain wave pattern takes over your brain at any given moment. All brain waves: (beta, alpha, theta, delta, and gamma) are active in your brain at all times. However, one of these patterns is usually dominant over the others. This dominant pattern is responsible for your state of awareness. Using Binaural Beats will enhance your Brainwave Entrainment. This book explains how to create Binaural Beats from scratch, what programs to use and how to assemble a Binaural track for your enjoyment.

Binaural Beats Lynn G. Brown, 2020-08-03 There are so many benefits to a regular meditation practice. Meditation helps to quiet the mind and calm the soul. Most of us struggle with the endless

chatter in our heads, even when we think we are deep in contemplation. Meditation can help us calm anxiety, relieve old emotional trauma, and develop a more relaxed approach to life. One of the most effective forms of meditation practice is binaural sound beats. Without getting into a long, detailed explanation, the underlying principle is that the right ear and the left ear receive sounds at slightly different Hz levels, and the brain hears the sound at the difference between the two frequencies. Usually the Hz beats are masked with some kind of relaxing background sound such as raindrops, babbling brooks, or waves washing up on the shore. This little meditation journal is intended to help binaural meditators track and record their progress through whatever program they are following

The Wisdom Codes Gregg Braden,2021-05-04 The cutting edge of neurolinguistics meets the spiritual wisdom of the ages in a handbook of key words that literally rewire our brains. New discoveries in biology and the neurosciences are revealing how the structure of language-the words we think and speak-can actually change the way the neurons in our brains and hearts connect. But our ancestors understood this connection intuitively, thousands of years ago. They created specific word-patterns to provide comfort, healing, strength, and inner power in difficult times, and they encoded these powerful words in prayers, chants, mantras, hymns, and sacred writings to preserve them for future generations. Now beloved teacher and thought leader Gregg Braden cracks the code and puts these powerful words in your hands. Perfect as a pocket guide, a reference for spiritual study, or a gift to someone you love, this elegant, compact book contains Wisdom Codes that cut to the core of life's greatest tests, most challenging demands, and hardest lessons. You'll find chapters devoted to healing from loss and grief, facing your unspoken fears, finding certainty in the face of uncertain choices, and finding forgiveness, as well as ancient parables that offer a fast track to unraveling life's deepest mysteries. Each Wisdom Code-distilled from a quote, a scripture passage, or a parable-is accompanied by a brief discussion of what the code means, why it's important, and how to apply it in your life.
