Verb Bingo Letizia Pignini,2007 Verb Bingo is based upon the traditional bingo game. It allows students to memorize 66 verbs in a pleasurable and fun way. The verbs are part of different lexical areas : sport, free time, school, daily actions. Verb Bingo includes a pack of 66 cards that present a picture showing the action of a verb on one side and the corresponding verb written on the other side. The game is composed of a further 36 bingo cards, each of which contains 6 pictures from the deck on one side and their respective verbs written on the other

Bingo! Nicolae Sfetcu, 2014-04-18 A short guide about what is and how to play bingo, the game in United Kingdom, and its ,ajor variations. Since its invention in 1934, modern bingo has evolved into multiple variations, with each jurisdiction's gambling laws regulating how the game is played. There are also nearly unlimited patterns that may be specified for play. Some patterns only require one number to be matched, up to cover-all games which award the jackpot for covering an entire card and certain games award prizes to players for matching no numbers or achieving no pattern. Bingo is often used as an instructional tool in American primary schools and in teaching English as a foreign language in many countries. It became increasingly more popular across the UK with more purpose-built bingo halls. Keno is an important variation of bingo game, often played at modern casinos, and also offered as a game in some state lotteries. Scratchcard is another major variation. The scratchcard is a small token, usually made of cardboard, where one or more areas contain concealed information: they are covered by a substance (usually latex) that cannot be seen through, but can be scratched off.
