

Biplano 30

Jim Rearden

U.S.A. Wing and Propeller Sections and Biplane Wing Combinations United States. Bureau of Aircraft Production,1918

Needle, Ball, and Alcohol: The Second Great Fleet Biplane Excursion Phill Bragg,2014-12-29 In an antique, open-cockpit biplane, pilot Phill Bragg and his friend, Wayland Cooke, fly across the United States during the hot summer of 2012. After enduring delays for a whole year, they finally depart from northeastern North Carolina in search of old friends in Greensburg, Kansas, whose town was demolished by a relentless tornado one tragic night. Their high-flying adventure takes them across the Appalachian Mountains and into the heart of America's breadbasket, navigating with a bobbing alcohol compass and windblown paper charts in their laps. With a humble sense of humor and lots of patience, they share a seldom seen perspective of what flying used to be like in the old days, as well as what it can still be like today. In the quest to find their friends, they make many new ones along the way and unexpectedly stumble onto airports that are hidden jewels of grassroots aviation. Across the Great Plains and then back home again, their trusty Fleet biplane motors along, taking them on a journey above America that symbolizes the many wonderful freedoms we so often take for granted.

Biplane Richard Bach,2012-06-26 Biplane is the story of Richard Bach’s solo flight into the American skies—a flight that became a personal quest to discover everything that lies beyond the ordinary. Includes an introduction by Ray Bradbury.

Cornfields for Clouds Phill Bragg,2018-01-06 A year has passed since the Second Great Fleet Biplane Excursion and now Phill Bragg attempts to fly his trusty Fleet Finch to a venerable grassroots gathering of antique and classic airplanes on a farm in rural Iowa. For the Third Great Fleet Biplane Excursion, pilot and airplane must again cross the Appalachian Mountains to head northwest into middle America for an aeronautical celebration that has been held annually for sixty years. But this cross-country flight presents more obstacles than ever before and it is never certain they will arrive in time. But, embracing the old adage that it is the journey and not the destination which rewards the traveler, Phill and his Fleet biplane persevere as best they can and they are never disappointed by the wonderful new friends they find or by the vast, unending beauty of the United States.

Alaska's First Bush Pilots, 1923-30 Jim Rearden,2014-04-04 This book follows the careers of Alaska's pioneering pilots, who, with cranky open-cockpit biplanes, started the great change in Alaska's way of travel. Aviation first arrived at Fairbanks, the trade center of mainland Alaska, from which dog sled trails spider-web to mines, villages, and trap-lines. During winters, goods and people traveled mostly by dog sled. During the summer of 1923 Ben Eielson was the first to fly commercially from Fairbanks, ferrying passengers and light freight with an open cockpit Jenny (JN4) biplane. It was the beginning of the leap from ground travel to the air. Noel Wien was the next. In the summers of 1924-26 he flew open cockpit biplanes from Fairbanks. Starting in 1927, he flew a cabin biplane year-around on scheduled flights in the 579 miles between Fairbanks and Nome. In March, 1929, Wien flew from Alaska to the Elisif, an ice-locked trading schooner in Siberia, to return with a load of valuable furs. In the following November, Ben Eielson repeated this flight to the Nanuk, another ice-bound trading schooner in Siberia. And when he and his mechanic, Earl Borland returned for a second load of Siberian fur, their Hamilton airplane disappeared in a winter snowstorm. This brought on one of the most famous, and difficult aerial searches ever made from and in Alaska. By the 1930s, Alaska's growing aviation industry had revolutionized transportation in the Territory. This volume is a fond look back at the triumphs and tragedies of the pioneering Ben Eielson, Noel Wien, Harold Gillam, Joe Crosson, Ed Young, and others, the great pilots who were the first bush pilots of Alaska.
