Nancy Earley

**Brandon and the Bipolar Bear** Tracy Anglada, Jennifer Taylor, 2004 A teddy bear helps Brandon to cope with his bipolar disorder.

**My Mother, The Bipolar Bear** Nancy Earley Wright, 2023-10-03 From the Author: To my friends who fight the good fight of managing bipolar disorder: I applaud you. I know it is not all lollipops and toe socks-believe me! But I find that even today, with my "cub" grown, it is the simple, basic things that will keep you afloat. In addition to "stockpiling" the fruits of your "best you," your family needs to see you putting in the time and effort every day to live a healthy lifestyle. I have been counseled that it is the essentials such as water, water, water, sunshine, exercise, healthy food, impeccable sleep hygiene, and of course a close relationship with a doctor you trust and follow. I am here to tell you that life with Bipolar disorder can be fun and fulfilling. The embarrassing moments you invariably encounter can be lived down by loveable you, who has probably received many gifts that outweigh the challenges. (If you weren't a bipolar bear, you wouldn't be you, right?) This book is for young and old-mother bears, father bears, cubs and anyone in the community who could benefit from being encouraged to tolerate well, and above all, have a bear-sized heart for those that are different. All the Best, Nancy Smith Earley

*Eli the Bipolar Bear* Sharon Bracken, 2010-04 Eli the polar bear learns to deal with his bipolar disorder.

**Bipolar Bear of the North** Ian Wood, 2021-09-18 Do polar bears ever become bipolar? I don't mean do they travel to the South Pole, I mean do they get depressed over the fact that the North Pole will have disappeared in thirty years in the summers, if we don't fix climate change? It's a serious question, since the poles are warming faster than the rest of the planet. This book takes a sensitive, but light-hearted look at a serious issue where people can become unpredictably hyper and hypo by turns (not by turns), alternating between happy and sad, irritated for no reason, acting without consideration of consequence - In fact, just like humanity is when it comes to climate change. Note that for medical advice you should talk to a competent qualified medical professional!

Bipolar Bear Victoria Rimmel, 2018 Sometimes Bipolar Bear finds himself at the bright North Pole or the dreary South Pole. Using tools he finds either on his own or with the help of his family, he's able to make his way back to his home. Cut out the sunglasses and the flashlight in the back to get involved, and if you flip through the pages quickly, you just may find a nice surprise!

*The Bipolar Bear Family* Angela Ann Holloway, 2006-07-01 The Bipolar Bear Family is a story about a young cub who struggles to understand his mother's behavior and her subsequent diagnosis of Bipolar Disorder. The story of The Bipolar Bear Family helps children of bipolar parents address such questions as: Is this my fault? Is it contagious? Can I fix it? According to the National Institute for Mental Health, Bipolar Disorder affects more than 2 million American adults. Further, we know that the dynamics of Mental Illness closely mirror the dynamics of alcoholism and addiction in its impact on the family system. By compassionately educating parents and children, the author hopes to make a life-long difference for these courageous families.

**Bipolar Bears** Sue Hueston, 2011 Mental illness is difficult to explain to children as it is not visible. Sometimes people find it hard to talk about. This book will help children understand that Bipolar Disorder is manageable under doctor care and support of family and friends. With this help, people with Bipolar Disorder can lead normal, happy lives.

Ziggy Johanna Lash, 2013-11-18 Ziggy was a happy little polar bear cub. One of the things he loved most was playing outside with his sister Sally. One day, for no apparent reason, Ziggy started acting strangely.

**The BiPolar Bear** Vanessa Bellardinelli, 2019-06-16 Climate change is challenging for all animals in the North Pole. Oregon is a very brave, maybe a little crazy, polar bear who decides to leave his homeland and go across the world in search of a better life. His travels will take him through different countries and different cultures until he reaches his final destination: the South Pole. This is a story about one's struggle to adapt to a new habitat and life. It's also a message about how outside changes can make us push our boundaries and overcome our fears. One day, we may all be bipolar bears.

*The Bipolar Bear* Andrea Kuenster, 2024-01-03 This is a story about a lovable, Alaskan polar bear named Gus. He struggles with feelings of sadness and loneliness as he searches to find his purpose in life. Just when he believes there is no help for himself, he meets an empathetic seal named Cecilia and a wise penguin named Dr. Philosophical who try to help him in his quest for happiness and self-worth. Then, Gus becomes overly excited when he starts to believe he may find happiness if he moves to Hawaii. Cecilia and Dr. Philosophical try to guide him through his roller coaster of emotions, and in the end, Gus learns valuable lessons about happiness, contentment, and self-love.

Loving a Bipolar Bear Janell Pena, 2023-01-31

*My Mother the Bipolar Bear* Nancy Earley, 2016-10-31 This book chronicles bipolar illness through the eyes of a 7-year-old cub of a bipolar mother. He takes us through the heartache, frustration and embarrassment he experiences, but poignantly shares his compassion for his mother. When the cub finds the courage to communicate his basic needs, mama bear finds some surprising and creative ways to help her child cope. The cheerful drawings and heartwarming ending will delight all ages and give parents, children and the caregiving community helpful ideas and a bear-sized heart. Many thanks to Northern Essex Community College and Children's Literature Professor Janet Clark

Dancing with Bipolar Bears James McCreynolds, 2003

**Bipolar Bears** Nova Wallace, 2016-06-07 Thirty-three-year-old Shalanna Johnson has been through a lot in her life, but always manages to bounce back. Despite her challenges and less-than-ideal track record with men, she still has many lessons to learn. Shalanna's sister, Terry, is fighting her own battles. Unemployed and unable to pay her rent, she is now facing eviction and considering a new career as an exotic dancer. Unfortunately, she cannot lean on Shalanna for emotional support. The two sisters have always been at odds with each other due to a lifetime of favoritism and competitiveness. But when the unspeakable happens and the two rivals are forced to face their secret, now only time will tell if they can overcome their haunting past or if they will both be destroyed forever. Bipolar Bears shares the intriguing tale of two sisters embroiled in a rivalry that shatters their world and takes them plunging downward to a dark place where they can only be healed by love and understanding.

Bipolar Bear Victoria Rimmel, 2019-10-28 Sometimes Bipolar Bear finds himself at the bright North Pole or the dreary South Pole. Using tools he finds either on his own or with the help of his family, he's able to make his way back to his home. *Dancing With Bipolar Bears* James Mcreynolds,2003-12-21  
*Big Bear and Little Bear* Big Bear,2018-09-11 THIS IS NOT A BOOK FOR CHILDREN. Encouraged by his therapist and written as a form of therapy, this book has a deceptively childlike title and is written in a literary style reminiscent of A. A. Milne. HOWEVER, it contains descriptions of manic and depressive behaviors consistent with bipolar disorder, and discusses homosexual relationships and lifestyles. A roller-coaster account of Bipolar Disorder and its corrosive effects on a long-term relationship. The reader should not allow the title to blind them into thinking this book has a 'happy ending' - IT DOESN'T. Transcriptions of actual arguments were used in the writing of this book.  
*Loving a BiPolar Bear* Janell Borrero Peña,2023-01-20 Living, loving, and understanding someone with mental illness can be a massive burden. Loving a BiPolar Bear is author Janell Borrero Pena's memoir about the other side of mental illness. The end of a long rocky relationship devastated Janell, pushing her to embark on a journey of healing. Taking the advice of life coaches, she revisits childhood memories and realizes the correlation to her adulthood encounters of mental illness. If you have a loved one who suffers from mental illness, this book will give you insight, a better understanding, and empathy for those who struggle with their disease. In addition, Loving a BiPolar Bear will offer insights into understanding the emotions accompanying mental illness, escape from misunderstanding and stigma, and learn about the importance of putting yourself first. Loving a BiPolar Bear speaks to children and spouses who want to understand a loved one afflicted with mental illness differently. Loving a BiPolar Bear suggests a new approach to children and spouses who want to understand a parent and/or partner afflicted with mental illness.

**The Loneliest Polar Bear** Kale Williams,2021-03-23 “A moving story of abandonment, love, and survival against the odds.”—Dr. Jane Goodall The heartbreaking and ultimately hopeful story of an abandoned polar bear cub named Nora and the humans working tirelessly to save her and her species, whose uncertain future in the accelerating climate crisis is closely tied to our own Six days after giving birth, a polar bear named Aurora got up and walked away from her den at the Columbus Zoo, leaving her tiny squealing cub to fend for herself. Hours later, Aurora still hadn’t returned. The cub was furless and blind, and with her temperature dropping dangerously, the zookeepers entrusted with her care felt they had no choice: They would have to raise one of the most dangerous predators in the world by hand. Over the next few weeks, a group of veterinarians and zookeepers worked around the clock to save the cub, whom they called Nora. Humans rarely get as close to a polar bear as Nora’s keepers got to their fuzzy charge. But the two species have long been intertwined. Three decades before Nora’s birth, her father, Nanuq, was orphaned when an Inupiat hunter killed his mother, leaving Nanuq to be sent to a zoo. That hunter, Gene Agnaboogok, now faces some of the same threats as the wild bears near his Alaskan village of Wales, on the westernmost tip of the North American continent. As sea ice diminishes and temperatures creep up year after year, Agnaboogok and the polar bears—and everyone and everything else living in the far north—are being forced to adapt. Not all of them will succeed. Sweeping and tender, *The Loneliest Polar Bear* explores the fraught relationship humans have with the natural world, the exploitative and sinister causes of the environmental mess we find ourselves in, and how the fate of polar bears is not theirs alone.
