Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for

a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Encyclopedia of Heavy Metal Music William Phillips, Brian Cogan, 2009-03-20
It has been reviled, dismissed, attacked, and occasionally been the subject of Congressional hearings, but still, the genre of music known as heavy metal maintains not only its market share in the recording and downloading industry, but also as a cultural force that has united millions of young and old fans across the globe. Characterized by blaring distorted guitars, drum solos, and dramatic vibrato, the heavy metal movement headbanged its way to the popular culture landscape with bands like Led Zeppelin and Black Sabbath the 1970s. Motley Crue and Metallica made metal a music phenomenon in the 1980s. Heavy metal continues to evolve today with bands like Mastodon and Lamb of God. Providing an extensive overview of the music, fashion, films, and philosophies behind the movement, this inclusive encyclopedia chronicles the history and development of heavy metal, including sub-movements such as death metal, speed metal, grindcore, and hair metal. Essential and highly entertaining reading for high school and undergraduate courses in popular music studies, communications, media studies, and cultural studies, the Encyclopedia of Heavy Metal Music and Culture offers a guide to the ultimate underground music, exploring its rich cultural diversity, resilience, and adaptability. Entries for musicians include a discography for those wanting to start or develop their music collections.

Stewart James in Print Stewart James, Phillip Howard Lyons, Allan Slaight, 1989

Dancing with Myself Billy Idol, 2014-10-07 A Rolling Stone Top 10 Best Music Books of the Year "That's what I'm talking about...Of all these memoirs, Dancing With Myself was the only one that stimulated my envy—made me want to be Billy Idol for five minutes....He's a genuine romantic, writing in a kind of overheated journalese about his London punk rock roots...and then falling head over heels for America" (James Parker, The New York Times Book Review). An early architect of punk rock's sound, style, and fury, whose lip-curling sneer and fist-pumping persona vaulted him into pop's mainstream as one of MTV's first megastars, Billy Idol remains, to this day, a true rock 'n' roll icon. Now, in his New York Times bestselling autobiography, Dancing with Myself, Idol delivers an electric, "refreshingly honest" (Daily News, New York) account of his journey to fame—from his early days as front man of the pioneering UK punk band Generation X to the decadent life atop the dance-rock kingdom he ruled—delivered with the same in-your-face attitude and fire his fans have embraced for decades. Beyond adding his uniquely qualified perspective to the story of the evolution of rock, Idol is a brash, lively chronicler of his own career. A survivor's tale at its heart, this sometimes chilling and always riveting account of one man's creative drive joining forces with unbridled human desire is unmistakably literary in its character and brave in its sheer willingness to tell. With it, Billy Idol is destined to emerge as one of the great writers among his musical peers. "I am hopelessly divided between the dark and the good, the rebel and the saint, the sex maniac and the monk, the poet and the priest, the demagogue and the populist. Pen to paper, I've put it all down, every bit from the heart. I'm

going on out a limb here, so watch my back.” –Billy Idol

Beta Test Eric Griffith, 2011-12 PUBLISHERS WEEKLY: An unusually lighthearted apocalyptic tale. Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

De hittar på äventyr tillsammans, och någon av papporna är alltid med på ett hörn! Maria Herngren är en författare från Västergötland. Hon skriver för både vuxna och barn. Continuous Cover Forestry Timo Pukkala, Klaus Gadow, 2011-10-14 Although the majority of the world's forest ecosystems are dominated by uneven-sized multi-species stands, forest management practice and theory has focused on the development of plantation monocultures to maximize the supply of timber at low cost. Societal expectations are changing, however, and uneven-aged multi-species ecosystems, selectively managed as Continuous Cover Forestry (CCF), are often believed to be superior to monocultures in addressing a wide range of expectations. This book presents methods which are relevant to CCF management and planning: analysing forest structures, silvicultural and

planning, economic evaluation, based on examples in Europe, Asia, Africa and North and South America.

Music and/as Process Vanessa Hawes, Lauren Redhead, 2016-08-17 *Music and/as Process* brings together ideas about music and the notion of process from different sub-fields within musicology and from related fields in the creative arts as a whole. These can be loosely categorised into three broad areas - composition, performance and analysis - but work in all three of these groups in the volume overlaps into the others, covers a broad range of other musicological sub-fields, and draws inspiration from, non-musicological fields. *Music and/as Process* comprises chapters written by a mix of scholars; some are leaders in their field and some are newer researchers, but all share an innovative and forward-thinking attitude to music research, often not well represented within 'traditional' musicology. Much of the work represented here started as papers or discussions at one of the Royal Musical Association (RMA) *Music and/as Process* Study Group Annual Conferences. The first section of the book deals with the analysis of performance and the performance of analysis. The historical nature of music and the recognition of pieces as musical 'works' in the traditional sense is questioned by the authors, and is a factor in the analyses which address processes in composing, performing,

and listening, and the links between these, in three very different but interlinking ways. These three approaches posit new directions and territory for musical analysis. The second section builds on the first, framing performance and/as process from the individual perspectives of the authors and their experiences as practitioners. Music by Berio, de Falla, music by the authors and their collaborators, and music composed for the authors are explored through looking at processes of interpretation and risk; processes which further undermine the ontology of the musical 'work' as traditionally understood, and bring the practitioner as active agent to the foreground of an examination of musical discourse. The third section encounters and questions the musical 'work' at its inception, exploring composition and/as process through its encounters with performance, analysis, collaboration, improvisation, translation, experimentation and cross-disciplinarity. Through explorations of new music, the way in which practitioners relate to music frame a personal and reflective account of the creative process, finally looking beyond music to musicology.
