**Neil Young and the Poetics of Energy** William Echard,2005-06-15 “This book uniquely and successfully sustains a cohesive analysis of the work, career, and reception of a single artist . . . Neil Young.” —Daniel Cavicchi, author of *Tramps Like Us* As a writer in *Wired* magazine puts it, Neil Young is a “folk-country-grunge dinosaur [who has been] reborn (again) as an Internet-friendly, biodiesel-driven, multimedia machine.” In *Neil Young and the Poetics of Energy*, William Echard stages an encounter between Young’s challenging and ever-changing work and current theories of musical meaning—an encounter from which both emerge transformed. Echard roots his discussion in an extensive review of writings from the rock press as well as his own engagement as a fan and critical theorist. How is it that Neil Young is both a perpetual outsider and critic of rock culture, and also one of its most central icons? And what are the unique properties that have lent his work such expressive force? Echard delves into concepts of musical persona, space, and energy, and in the process illuminates the complex interplay between experience, musical sound, social actors, genres, styles, and traditions. Readers interested primarily in Neil Young, or rock music in general, will find a new way to think and talk about the subject, and readers interested primarily in musical or cultural theory will find a new way to articulate and apply some of the most exciting current perspectives on meaning, music, and subjectivity. “A fascinating and unique reading of Neil Young’s music.” —Literary Review of Canada “[An] intriguing, elegantly written analysis of Young . . . Exemplifies the fruitful union of musicology and cultural studies.” —Cotten Seiler, Dickinson College

When Maggie presents him with ballroom dance lessons as a birthday gift, Vaughn is reminded of his past with his wife Sheila and their days of performing in ballroom competitions throughout their marriage. *Creepy Susie* Angus Oblong,2004-09-28 Creepy Susie. Mary Had a Little Chainsaw. Milo's Disorder. Rosie's Crazy Mother. The Siamese Quadruplets. Emily Amputee. Your mother never told you these stories. She didn't want to scare you. But Angus Oblong is not your mother. If Edgar Allan Poe and David Lynch wrote a book, it might be as warped, wicked, and perversely funny as this treasury of twisted tales from childhood's Twilight Zone. So don't be alarmed if you find yourself screaming . . . with laughter . . . until the day you die. Which may be very soon . . .

Handbook of the Ryukyuan Languages Patrick Heinrich,Shinsho Miyara,Michinori Shimoji,2015-02-17 The UNESCO atlas on endangered languages recognizes the Ryukyuan languages as constituting languages in their own right. This represents a dramatic shift in the ontology of Japan’s linguistic make-up. Ryukyuan linguistics needs to be established as an independent field of study with its own research agenda and objects. This handbook delineates that the UNESCO classification is now well established and adequate. Linguists working on the Ryukyuan languages are well advised to refute the ontological status of the Ryukyuan languages as dialects. The Ryukyuan languages constitute a branch of the Japonic language family, which consists of five unroofed Abstand (language by distance) languages.The *Handbook of Ryukyuan Languages* provides for the most appropriate and up-to-date answers pertaining to Ryukyuan language structures and use, and the ways in which these languages relate to Ryukyuan society and history. It comprises 33 chapters, written by the leading experts of Ryukyuan languages. Each chapter delineates the boundaries and the research history of the field it addresses, comprises the most important and representative information.

Rikky Rooksby's revised and updated bestseller explores more than 200 classic riffs, from Cream and Led Zeppelin, through Nirvana and Soundgarden, to Metallica, U2, and the White Stripes. The first half of the book analyzes classic rock riffs and reveals the stories behind their creation. Easy-to-read text describes and explains each riff, supported by illustrations and audio examples. The book's second section shows how to construct great riffs and why they work. *The Central Swirl*io Quiche de Flurry,2021-11-26 The antagonist of this series is barely mentioned in this book. His name is Chronotix Zeit Genrai Denbora and carries in distinction, one vertical eye. His murderers thought that it might be a tad rude that this great majister lacks a bigger part, and so convinced me to honor him with some cover time. As art is not my forte, this on the left is the best that I managed to do. Yes, they had killed him, the three of them. The magnate billionaire, the time traveler and the Chief Commisioner of the Interplanetary Alliance. Before they are able to come to terms with what has transpired, they are kidnapped by an alien race known only as the Ziggonians. They board the alien spacecraft and soar through the endless vastness of space in order to face trial for their crimes at the tribunal of the galaxies of souls. Tasked with their defense, the Eye of Chimera using the Mindmeld 3000, digs through and spins awake their everlong memories. Beginning in a world before this one, a yesterworld lightweight and airy, with only a fraction of Earths present day gravity. Where giants and dinosaurs still roam freely throughout the lands. The seven realms vie for dominance in a world where all is decided by way of combat. And anyone knows that any combateer worth their mettle has traveled at least one heavy air to completion at one of the rims of the world. Another spring equinox approaches and with it the chance to win the combat rights to chase the heavy air.

Dirty South Ben Westhoff,2011-05-01 Rap music from New York and Los Angeles once ruled the charts, but nowadays the southern sound thoroughly dominates the radio, Billboard, and MTV. Coastal artists like Wu-Tang Clan, Nas, and Ice-T call southern rap &“garbage,&” but they're probably just jealous, as artists like Lil Wayne and T.I. still move millions of copies, and OutKast has the bestselling rap album of all time. In Dirty South, author Ben Westhoff investigates the southern rap phenomenon, watching rappers &“make it rain&” in a Houston strip club and partying with the 2 Live Crew's Luke Campbell. Westhoff visits the gritty neighborhoods where T.I. and Lil Wayne grew up, kicks it with Big Boi in Atlanta, and speaks with artists like DJ Smurf and Ms. Peachez, dance-craze originators accused of setting back the black race fifty years. Acting both as investigative journalist and irreverent critic, Westhoff probes the celebrated-but-dark history of Houston label Rap-A-Lot Records, details the lethal rivalry between Atlanta MCs Gucci Mane and Young Jeezy, and gets venerable rapper Scarface to open up about his time in a mental institution. Dirty South features exclusive interviews with the genre's most colorful players. Westhoff has written a journalistic tour de force, the definitive account of the most vital musical culture of our time.
