The East India Company at Home, 1757-1857 Margot Finn,Kate Smith,2018-02-15 The East India Company at Home, 1757–1857 explores how empire in Asia shaped British country houses, their interiors and the lives of their residents. It includes chapters from researchers based in a wide range of settings such as archives and libraries, museums, heritage organisations, the community of family historians and universities. It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain. The volume focuses on the propertied families of the East India Company at the height of Company rule. From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in 1857, objects, people and wealth flowed to Britain from Asia. As men in Company service increasingly shifted their activities from trade to military expansion and political administration, a new population of civil servants, army officers, surveyors and surgeons journeyed to India to make their fortunes. These Company men and their families acquired wealth, tastes and identities in India, which travelled home with them to Britain. Their stories, the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them, frame our explorations of imperial culture and its British legacies.

The Birds of America John James Audubon,1842 This edition has 65 new images, making a total of 500. The original configurations were altered so that there is only one species per plate. Paint by Sticker Workman Publishing,2016-04-05 Introducing a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. *Paint by Sticker* includes everything you need to create twelve vibrant, full-color “paintings.”

The images—including sunflowers, a fox, a hummingbird in mid-flight, two boats on the water—are rendered in “low-poly,” a computer graphics style that creates a 3-D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular colored sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it’s an activity that’s utterly absorbing as you watch a “painting” emerge from a flat black-and-white illustration to a dazzling image with color, body, spirit. The pages are perforated for easy removal, making it simple to frame the completed images.

The Copyright/Design Interface Estelle Derclaye, 2018-03-08 Protecting designs is complex and diverse; it involves deciding whether to protect them by design law, copyright law, or by both laws. A single protection may be under- or overprotective but two or more can be overprotective if there are no rules regulating the overlap. Legal systems in Europe and abroad have struggled to find the most adequate solution to this problem. This book traces the history of the design/copyright interface of fifteen countries, selected for their diversity in the way they dealt with the interface. It examines how these countries have coped with the problems engendered by the interface, the rules they applied to it over time and the reasons for legislative changes. This analysis reveals the most appropriate rules to regulate the interface at EU and global level and will appeal to academics, practising lawyers, judges, students and policymakers all over the world.
