Trailblazers Carolyn Collins, Roy Eccleston, 2019-12-11 Australia's first female prime minister. The country's first female judge. The first woman to win the Archibald Prize for portraiture. Australia's first female chief diplomat. The nation's first female winemaker. These women were all trailblazers, but they have something else in common - every one of them was South Australian. And they are just a handful of the 100 remarkable women whose stories are told in this beautiful book, illustrated with hundreds of photographs. Written by historian Carolyn Collins and journalist Roy Eccleston, *Trailblazers* shines a light on the lives of these extraordinary women whose feats inspired their state, nation and, often enough, the world. Now they can inspire a whole new generation.

Modern Administrative Law in Australia Matthew Groves, 2014-02-13 Modern Administrative Law in Australia provides an authoritative overview of administrative law in Australia. It clarifies and enlivens this crucial but complex area of law, with erudite analysis and modern perspectives. The contributors - including highly respected academics from eleven Australian law schools, as well as eminent practitioners including Chief Justice Robert French AC and Justice Stephen Gageler of the High Court of Australia - are at the forefront of current research, debate and decision making, and infuse the book with unique insight. The book examines the structure and themes of administrative law, the theory and practice of judicial review, and the workings of administrative law beyond the courts. Administrative law affects innumerable aspects of political, commercial and private life, and yet is often considered difficult to understand. Modern Administrative Law unravels the intricacies and reveals how they are applied in real cases. It is an essential reference for students and practitioners of administrative law.

The Gum Family Finds Home Tania McCartney, 2018-08-01 'The Gum Family Finds Home' is a delightful Australian story about home and family and a celebration of the stunning Australian landscape and its flora and fauna. Join the Gum family of koalas, who hitch up their caravan and set off in search of the perfect home. Together with the Gum family, children will explore the sheer variety and imposing grandeur of the Australian geological landscape, from Uluru to King's Canyon, from gorges and limestone pillars to precariously placed boulders and sweeping plains. Searching for that perfect home, they learn the heart-warming truth that the best home is the one you create for yourself among family and friends. Parents, friends, carers and teachers will enjoy the age-old premise that 'home is where your heart is' and smile as children try to figure out where the Gums

will decide to live. At the back of the book, travel the country again through photographs of locations from the story and learn fascinating facts about their formation and history.
