Reforming the law of taxi and private hire services Great Britain: Law Commission,2012-05-10 This consultation paper presents the Law Commission's provisional proposals for reform of the legal framework relating to taxis and private hire vehicles. Taxis and private hire vehicles (PHVs) are an important part of local transport. They operate in highly regulated markets where safety and quality control are paramount. Licensing covers key areas such as the quality of services, the fitness of drivers, fare regulation and restrictions on the number of licenses issued. The current law on taxis and PHVs has been criticised for being complex and outdated. These proposals retain the important distinction between taxis - which can ply for hire on the street or a cab rank - and private hire vehicles which can only be pre-booked. But all vehicles would be subject to national minimum safety standards and, for private hire vehicles, these would replace more than 340 sets of local regulations. This will reduce the burden on business because, once appropriately licensed, a private hire firm could work freely across the country, without geographical restrictions. This would contribute to widening consumer choice and to making services cheaper and more competitive. The Commission also makes suggestions covering a wide range of issues, including improving provision for persons with disabilities, quantity restrictions and enforcement. [Law Commission website]

Button on Taxis: Licensing Law and Practice James T H Button,2017-12-15 The fourth edition of Button on Taxis completely updates the text to take account of changes to legislation, case law and Guidance since the publication of the third edition. These include important Senior Court decisions relating to adoption of legislation, local authority decision-making processes, licence fees, Hackney carriage ranks, suitability of drivers and action against licensed vehicles. The legislative changes include extensions to the duration of certain licences and the ability for private hire operators to subcontract across local authority boundaries. In addition, the impact of booking systems such as Uber is considered together with the Law Commission's proposals for reform of Hackney carriage and private hire legislation. This new edition will provide a timely update to what is acknowledged as an essential handbook for the taxi licensing practitioner.

Reclaiming My Hope Dr. Ethel Madison Van Buren, 2023-02-25 I wrote this book, through my own voice, about my life experiences during the Jim Crow era, when the concept of separate but equal permeated the entire Southland of our nation, and the impact it made on my heart, mind, and soul. In this memoir, I give my description of how the ugly truths about segregation and discrimination during the early '50s and late '60s until the present day impacted my life. I describe how the unforgettable day that shamed the nation unfolded before my very eyes, and I include my accounts of unforgettable events leading up to that day and the aftermath. The remainder of the book gives my personal reflections about hope for justice, peace, healing, and reconciliation. My words on the pages within are honest and straightforward. I utilized the wisdom and the knowledge that I learned during my journey through life to convey my true feelings. Being able to tell my story has helped me to move peacefully beyond the painful memories of the darkness of the past into the light of change. I have learned how to fuel my thoughts with positive possibilities because divine order prevails in my mind and my life. And I do believe that God is the source of all prosperity, and I give thanks in advance knowing that my highest good is unfolding now. I have moved beyond the mindset of powerlessness to seeing life through forgiving eyes. Yet the memories of the ugly events of the past, I will never forget. Because on an underlying level, racism still plagues our society.

The Road to Balcombe Street Steve Moysey, 2019-10-09 The Road to Balcombe Street: The IRA Reign of Terror in London is the highly detailed account and analysis of law enforcement negotiation lessons learned from the infamous hostage standoff between the London Metropolitan Police (the Met) and four members of the Provisional Irish Republican Army (IRA) in the winter of 1975. With eye-witness and first-hand testimony, this book examines the events leading up to the clash and their political context as well as how both sides handled the hostage situation and the strategies and tactics used by the police to safely diffuse the volatile situation. Comprehensive and readable, The Road to Balcombe Street: The IRA Reign of Terror in London looks at not only the six days making up the standoff but places the confrontation in unique historical context by giving a detailed summary of IRA activity in London in the years leading up to the siege. In addition, this vital study explores the aftershocks arising from the apprehension of the IRA team as well as the hostage negotiation lessons learned in the conflict. This useful resource also features a thorough bibliography and list of electronic resources. The Road to Balcombe Street: The IRA Reign of Terror in London is a useful resource for practicing law enforcement negotiating teams and professionals; history, sociology, and social psychology students and educators; and general readers as well.

Truly Criminal Martin Edwards, 2015-04-06 Truly Criminal showcases a group of highly regarded writers who all share a special passion for crime, reflected in this superb collection of essays re-examining some of the most notorious cases from British criminal history. Contributors are all members of the Crime Writers' Association (CWA), including leading novelists Peter Lovesey, Andrew Taylor and Catherine Aird (winner of 2015 CWA Diamond Dagger). There is also a bonus essay by the late great Margery Allingham about the controversial William Herbert Wallace case, which has only recently been rediscovered. Among the real-life crimes explored in the book are the cases of Samuel Herbert Dougal, the Moat Farm murderer, George Joseph Smith, the 'brides in the bath' killer and Catherine Foster, who murdered her husband with poisoned dumplings – some of the most infamous killers in British history.
