They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

**The Bullet Journal Method** Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: \* TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. \* ORDER YOUR PRESENT: find daily calm by prioritising and

minimising your workload and tackling your to-do list in a more mindful and productive way. \* PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. \*\*\* This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. \*\*\*

*Getting Things Done for Teens* David Allen, Mike Williams, Mark Wallace, 2018-07-10 An adaptation of the business classic *Getting Things Done* for teenage readers The most interconnected generation in history is navigating unimaginable amounts of social pressure, both in personal and online interactions. Very little time, focus, or education is being spent

teaching and coaching this generation how to navigate this unprecedented amount of stuff entering their lives each day. How do we help the overloaded and distracted next generation deal with increasing complexity and help them not only survive, but thrive? How do we help them experience stress-free productivity and gain momentum and confidence? How do we help them achieve autonomy, so that they can confidently take on whatever comes their way? Getting Things Done for Teens will train the next generation to overcome these obstacles and flourish by coaching them to use the internationally renowned Getting Things Done methodology. In its two editions, David Allen's classic has been translated into dozens of languages and sold over a million copies, establishing itself as one of the most influential business books of its era, and the ultimate book on personal organization. Getting Things Done for Teens will adapt its lessons by offering a fresh take on the GTD methodology, framing life as a game to play and GTD as the game pieces and strategies to play your most effective game. It presents GTD in a highly visual way and frames the methodology as not only as a system for being productive in school, but as a set of tools for everyday life. Getting Things Done for Teens is the how-to manual for the next generation--a strategic guidebook for creating the conditions for a fruitful and effective future.

In **WRITE IT DOWN, MAKE IT HAPPEN**, Henriette Anne Klauser shows you how to write your own lifescrypt. Simply writing down your goals in life is the first step towards achieving them. Functional Somatic Symptoms in Children and Adolescents Kasia Kozlowska,Stephen Scher,Helene Helgeland,2020-09-30 This open access book sets out the stress-system model for functional somatic symptoms in children and adolescents. The book begins by exploring the initial encounter between the paediatrician, child, and family, moves through the assessment process, including the formulation and the treatment contract, and then describes the various forms of treatment that are designed to settle the child's dysregulated stress system. This approach both provides a new understanding of how such symptoms emerge – typically, through a history of recurrent or chronic stress, either physical or psychological – and points the way to effective assessment, management, and treatment that put the child (and family) back on the road to health and well-being.
