**The Creek Side Bones** George Jared,2017-03-29 This real-life tragedy began on a stormy night with a knock at the front door. A friend needed help with his car. What happened to Carl, Lisa, Gregory, and Felicia that night is worse than any fictional horror story you've ever read or seen on the big screen. Little girls should never have to live in a barrel ... Award-winning journalist and best-selling author George Jared takes readers on a gripping and chilling journey with his latest true-crime book, The Creek Side Bones ... Reality is more horrifying than fiction. The book details how the Elliott family in Dalton, Ark., lived in constant fear in the summer 1998. How they met their fates is ghastly. Jared covered two murder trials in connection with the case, and provides his own theories as to how and why the Elliott family was murdered. Four other murder cases are also detailed in the book. Sidney Nicole Randall was a beauty pageant queen, about to enter high school when a monster stole her away in the dark. Bridgett Sellers was a mother of three who vanished without a trace while on a walk down Peace Valley Road. Her fate is incomprehensible. Bob Castleman was a respected attorney and Vietnam War vet until the drugs, murder, a live copperhead snake; Native American artifact fraud consumed his life. The book also includes an update on the unsolved Rebekah Gould case. The 22-year-old college student was murdered Sept. 20, 2004, in Melbourne, Arkansas. There are suspects in the case, but to this day, no one has been jailed for her brutal death. Jared has won numerous first place awards for investigative journalism, feature writing, news stories, and others with the coveted Associated Press Managing Editors and the Arkansas Press Association. His first book Witches in West Memphis ... and another false confession detailed his coverage of the internationally famous West Memphis Three case. Three Marion, Ark., teens - Damien Echols, Jason Baldwin, and Jessie Misskelley Jr. - were convicted in the 1993 murders Christopher Byers, Stevie Branch, and Michael Moore. The boys' bodies were found nude and bound in a drainage ditch near their homes one day after they disappeared May 5, 1993. Prosecutors claimed the boys were sacrificed in a Satanic ceremony orchestrated by the convicted. There was only one problem. These three didn't do it. It took nearly 20 years to free them. Jared wrote more stories about the case than any journalist in the world. He was cited in Life After Death, a New York Times best-selling book about the case. He also received credit for in the Academy Award nominated documentary Paradise Lost Three ... Purgatory also about the case. Through the years, the longtime newsman has written thousands of stories on a wide range of topics. Get a copy of The Creek Side Bones today.

Grunt Slang in Vietnam Gordon L. Rottman,2020-02-04 A look at how combat, culture, and military tradition influenced soldiers’ language in Vietnam from the award-winning, USA Today–bestselling author. The slang, or unique vocabulary, of the soldiers and marines serving in Vietnam, was a mishmash of words and phrases whose origins reached back to the Korean War, World War II, and even earlier. Additionally, it was influenced by the United States’ rapidly changing protest culture, ideological and poetical doctrine, ethical and cultural conflicts, racialism, and drug culture. This “slanguage” was rendered even more complex by the Pidgin Vietnamese-English spoken by Americans and Vietnamese alike. But perhaps most importantly, it reflected the soldiers’ actual daily lives, played out in the jungles, swamps, and hills of Vietnam.

**Street Play** Martha Cooper,2006 Martha Cooper's photos take us through the Alphabet City of the late 70s as the area was about to undergo extensive urban renewal -- a process that is still continuing today. At the time, the neighborhood had more than its share of drug dealers and petty criminals, and the landscape seemed ugly and forbidding. But to the children who grew up there, the abandoned

buildings and rubble-strewn lots made perfect playgrounds, providing raw materials and open space for unsupervised play. A crumbling tenement housed a secret clubhouse, rooftops became private aviaries, and a pile of trash might be a source for treasure.
